SCHOOL-PARENT-STUDENT COMPACT FORM

Families this past week you should have either received a paper survey or a link from your child's teacher. We are looking for input for our school wide School-Parent-Student Compact form. The purpose of this compact is to form an agreement that parents, students, and teachers develop together. It explains how parents and teachers will work in partnership to make sure all students get the individual support they need to reach and exceed grade level standards. We update this document yearly but it requires all of us to take part in creating the new document for each school year. Please complete and return your child's survey or complete the survey below.
