

Beanstack for Classroom Libraries

HOW TO BUILD A CLASSROOM LIBRARY

We are very fortunate to be able to use Beanstack to create classroom libraries this school year!

- Create classroom libraries easily
- Have your libraries vetted and approved quickly!
- Monitor student book checkouts from your classroom library
- Monitor student reading time
- Assign reading challenges and award prizes!

How To Create Your Library

[Click here](#) to access a video tutorial that will walk you through the steps to create a classroom library.

Next Steps

After you finish building your classroom library, the Beanstack system automatically shifts the workflow to the Media Specialist! Ms. Allen will begin approving your books and you will be notified when the process is complete.
