

Reserving the Media Center for Events

- I welcome members of our community to reserve the Media Center to host meetings, parties, and other events
- When scheduling an event, please reach out to me with at least one week's notice so I may plan accordingly. Feel free to reach out in whatever way is most convenient to you.
- Please understand that, while the Media Center is absolutely a shared space, I often have classes and Media Center activities scheduled throughout the week.
