Notes:

1. Algebra IA and IB may count as only one credit for College Admissions and for FAS/FMS eligibility.
2. Informal Geometry is not considered to be at the Algebra I level or above. Since this course has not been identified as a college preparatory course by the State University System, it may not be used to meet the mathematics requirement for the FAS and FMS awards. However, this course may be used to meet the mathematics requirement for the Gold Seal Vocational Scholars Award and for the Gold Seal Cape Scholars Award.
3. All students whose transcripts are submitted electronically to the FDOE for an official early evaluation (based on academic progress in the middle of the last year of high school and test scores for tests taken by January 31) will receive an eligibility or ineligibility determination, with the award status notification posted to their online account. Students cannot lose an award based on early evaluation unless they fail to earn a standard Florida high school diploma.
