

Campus Facility Reservation

The spreadsheet linked below includes a week-by-week calendar of the school year. Each weekly tab contains a sheet that breaks out each space on campus that is available to be reserved for events, meetings, testing, and class use.

These spaces are available on a first come, first served basis and you **MUST** reserve the space for your event to take precedence. For some spaces, if they are available on the spreadsheet, you may reserve them yourself by typing in your name or event.

A few spaces on campus involve specific instructions for reserving them for use. Please follow the guidance outlined in the sheet.
