ABOUT PEER SUPPORT SPACE

Peer Support Space is a peer-led, support space for those navigating life struggles, mental illness and/or substance misuse challenges, neurodivergence, disability, grief, trauma, or other obstacles to mental wellness.

Our mission is to build, and be a local hub for, diverse peer-led recovery communities.

WHO WE SERVE:

We focus on filling needed resource gaps catching individuals (18+) that continually fall through the cracks of our mental health system. This is done while focusing on Black, Latinx, immigrant, LGBTQ+, persons with disabilities, and other communities that show statistically higher rates of mental health challenges and/or lack of access to affordable and accessible mental wellness options that practice cultural humility.

Peer Support Space, Inc hosts the following free, non-clinical, voluntary, peer-led support groups.

Digital groups are hosted in (EST) through Zoom and can be joined using listed links or by calling 929-205-6099.

Please contact Dandelion@peersupportspace.org for more information.

PARENT STRESS LINE 24/7

Confidential and Anonymous

1-800-632-8188

The Parent Stress Line is a toll-free, confidential helpline for parents who need to discuss issues related to their children. Trained volunteer counselors answer the Parental Stress Line and offer support, empathy, encouragement, information, referrals, and crisis intervention.

Parents or guardians with problems relating to their children do not hesitate to call us. We offer support to anyone seeking it no matter how big or small. We offer a translation service.

VIRTUAL PARENT SUPPORT GROUPS

<https://www.parentshelpingparents.org/virtual-support-groups>

A Parent Support Group is a place where you can come to talk about your experiences and gain feedback without being judged or criticized. The group can help you to develop positive parenting solutions in a respectful environment. If you yearn for help and support to improve relationships with your children, a Parent Support Group might be the place for you.

Our groups are for parents looking for support. We provide a safe space for parents, therefore we do not allow observers in our groups.

Eckerd Connects Family Support Services Success Story

SECOND CHANCE CHAMPIONS

Eckerd Connects Program:
Family Support Services

Sponsored By:
State of Florida, Department of
Children and Families, and Central
Florida Cares Health System, Inc.

Second Chance Champion:
Chelsea Johnson

Most would agree that raising five children as a single mother is not for the faint of heart. When you combine that with losing everything you own in a house fire, as well as raising a child with cerebral palsy, well now, we are talking really tough times.

Meet Chelsea Johnson. On the night of March 14, 2019, around 10 p.m., her daughter heard a noise downstairs and went down to check on it. She found the first floor completely engulfed in smoke and fire. As everyone scrambled to get out of the house and then call 911, they watched their home, along with all their belongings, burn to the ground.

After a friend recommended Eckerd Connects, she reached out to them and connected with Brianna and then Claudia as her Eckerd Connects case manager. Through Eckerd Connects' Family Support Services, Chelsea received rental assistance, furniture, a welcome basket and even more help with getting into her new home. Even though she had completed the program in October of 2019, Claudia still checks in on Chelsea from time to time to provide community resources as needed.

Even though times have still been challenging, Chelsea is still moving forward and making great strides. Today, Chelsea, along with four of her daughters, are enrolled in school full-time. She is living proof that you can overcome anything with determination and a little help from friends and community. She is a true testament of strength and courage. Way to go Chelsea!!

Services Offered In Brevard County

Family Support Services

Eckerd Connects' Family Support Services provides case management and financial assistance through rapid re-housing to children, families, and individuals who have an identified history of substance use and are currently experiencing homelessness or are at imminent risk of homelessness in Brevard County. Our rapid-rehousing program helps with move-in assistance, rental assistance and case management.

Supervised Family Visitation

Eckerd Connects' Supervised Family Visitation program provides short-term therapeutic and standard supervised visitation services to families that are court-ordered through dependency and family court. Parenting classes and additional private-pay supervised visitation services are also available.

School-Based Prevention Programs

Our School-Based Prevention Counseling and School-Based Prevention Hi-Five programs have Prevention Specialists at schools providing classroom, group, and individual services with the goal of increasing protective factors against substance use. These Prevention programs utilize evidence-based curricula to focus on strength-building and substance use prevention. Lessons are taught weekly, and sessions are designed for grades 3-6 and 6-12.

Raising Hope Program

The Room of Hope has clothing, hygiene kits, infant needs, school supplies and other essentials which are provided to families in transition as well as children who were recently placed in the foster care system.

No person shall, on the basis of race, color, religion, national origin, sex, age or disability be excluded from participation in, be denied the benefits of or be subjected to unlawful discrimination under any program or activity receiving or benefiting from federal financial assistance administered by Eckerd Connects. Foreign language and sign-language interpreters will be made available at no charge to the client. Eckerd Connects is a 501(c)(3) not-for-profit, equal opportunity employer. Eckerd Connects has provided the above resources as a convenience to the public. However, Eckerd Connects is not legally affiliated with the above agencies and organizations, nor involved with how they administer resources and services. You may contact the individual organization listed above for details on how they assist.
