

FREE

BENEFITS:

- ✓ Strengthen your child's knowledge and fill in gaps in their learning
- ✓ Build your child's confidence and engagement in learning
- ✓ Access detailed data about your child's learning progress
- ✓ Study aid/skills and test prep for a VAST amount of curriculum and high stakes testing
- ✓ Activities and lessons provided to help ALL types of learners

Parents- AKA "Coaches":

As their **COACH**, you have access to tools that allow you to support your child's learning journey!

Khan Academy provides resources for "coaches" in order to help track and support your students!

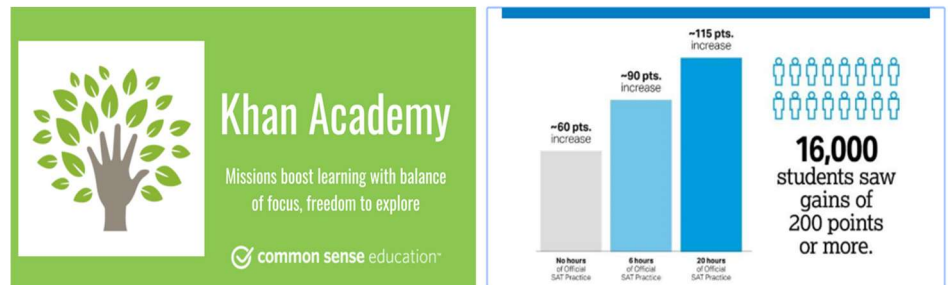

How can I support my student?

- ✓ Check on stats (reports on progress and struggles)
- ✓ Have routine check-ins (praise the accomplishments)
- ✓ Encourage/Support
- ✓ Learn with them
- ✓ Advocate for them- Collaborate with teacher

www.khanacademy.org

Besides being free, Khan Academy has world-class, standards-aligned content for K-14 Math, Science, History, AP[®], SAT[®], and more!

Based on 250,000 students from the class of 2017

Parents (Coaches): You do not have to be a content expert to use this program with your student or to be their coach. Some coaches know the content that their learners are tackling. However, not every coach feels comfortable being the teacher. If you don't know the content, that's okay!

TIP: USE THE DATA!

One parent notes, "The data reports are so helpful. I check to see how many problems my kid tried and if they watched the video. If I don't see the camera symbol, I know they haven't watched the video and I tell them to check it out. If I don't see the question mark symbol, I know they didn't look at any hints, so I nudge them to take a few."
