5136 - **WIRELESS COMMUNICATION DEVICES**

1. For purposes of this policy, "wireless communication device" ("WCD") includes computers, tablets (e.g., iPads and similar devices), electronic readers ("e-readers"; e.g., Kindles and similar devices), cell phones (e.g., mobile/cellular telephones, smartphones (e.g., BlackBerry, iPhone, Android devices, Windows Mobile devices, etc.), smart watches, air buds/ear buds, Bluetooth Audio, wireless headsets, telephone paging devices (e.g., beepers or pagers), and/or other web-enabled devices of any type.
2. The Board is aware that WCDs are used by students and parents/legal guardians to communicate with each other. However, the use of WCDs on school grounds must be appropriately regulated to protect students, staff, and the learning environment. This policy sets forth the District's policy with respect to WCDs.
3. Pursuant to State law, students shall not operate a motor vehicle owned or leased by the District on or off school property, or personal motor vehicle on District property, while manually typing or entering multiple letters, numbers, symbols, or other characters into a WCD or while sending or reading messages on such a device, for the purpose of non-voice interpersonal communication, including, but not limited to, communication methods known as texting, e-mailing, instant messaging, and snap chatting.
4. While students may possess WCDs in school, on school property, during after school activities (e.g., extra-curricular activities), and at school-related functions, they either must be powered completely off or placed into vibrate/silent mode) and stored out of sight during school hours.
5. When authorized and approved by the site principal, students may use WCDs before and after school, during their lunch break, in between classes, during after school activities (e.g., extra-curricular activities), and at school-related functions, as long as they do not create a distraction, disruption, or otherwise interfere with the educational environment. Use of WCDs, except those approved by an administrator, at any other time is prohibited and WCDs must be either powered completely off (or placed into vibrate or silent mode) and stored out of sight.
6. Technology including, but not limited to, WCDs, intended and actually used for instructional purposes (e.g., taking notes, recording classroom lectures, writing papers) will be permitted, as approved by the principal. However, the use of a WCD to engage in non-education-related communications is expressly prohibited. Students may not use WCDs on school property or at a school-sponsored activity to access and/or view Internet websites that are otherwise blocked to students at school. The use of a WCD for non-educational purposes including but not limited to recording staff and/or students without their permission or knowledge, or recording fights and/or

sharing non-academic related content is strictly prohibited.

7. Students may use WCDs while riding to and from school on a school bus or other Board-provided vehicles or on a school bus or Board-provided vehicle during school-sponsored activities, at the discretion of the bus driver, classroom teacher, or sponsor/advisor/coach. Distracting behavior that creates an unsafe environment will not be tolerated.
8. Also, when directed by the administrator or sponsor, WCDs shall be powered completely off during after school activities (not just placed into vibrate or silent mode) and stored out of sight.
9. Under certain circumstances, a student may keep his/her WCD "on" with prior approval from the principal or for health care and/or communication needs that require a WCD, including, but not limited to, heart monitors, diabetes monitors and other WCD assistive technology that are on an Individualized Education Plan (IEP), Section 504 Accommodation Plan, or Health Care Plan.
10. Except as authorized by an administrator, or IEP Team, students are prohibited from using WCDs during the school day, including while off-campus on a field trip, to capture, record or transmit the words or sounds (i.e. audio) and/or images (i.e. pictures/video) of any student, staff member, or other person in the school or while attending a school-related activity, without express prior notice and explicit, written consent for the capture, recording, or transmission of such words or images. Using a WCD to capture, record, and/or transmit audio and/or pictures/video of an individual without proper consent is considered an invasion of privacy and is not permitted. Students who violate this provision and/or use a WCD to violate the privacy rights of another person may have their WCD confiscated and held until the end of the school day and/or until a parent/legal guardian picks it up and may be directed to delete the audio and/or picture/video file while the parent/legal guardian is present. If the violation involves potentially illegal activity the confiscated WCD may be turned over to law enforcement. The prohibitions herein also include using a WCD or any other device to covertly listen-in or make a recording (audio or video) of any meeting or activity in school. This includes placing a WCD or other device with one- or two-way audio and video communication technology (i.e. technology that allows a person to listen to live conversations and sounds taking place in the location where the device is located), within a student's book bag or other property of the student or on the student's person without express written consent from an administrator, IEP Team, or Section 504 Team.
11. "Sexting" is prohibited at any time on school property or at school functions. As set forth in State law, "sexting" is the knowing transmission or distribution to another minor by a computer or similar device any photograph or video of any person that depicts nudity and is harmful to minors. Sexting also includes possessing a photo of any person that was transmitted or distributed by another minor that depicts nudity. Such conduct not only is potentially dangerous for the involved students but can lead to unwanted exposure of the messages and images to others, and could result in criminal violations related to the transmission or possession of child pornography. Such conduct will be subject to discipline and possible confiscation of the WCD.
12. WCDs, including, but not limited to, those with cameras, may not be activated or utilized at any time in any school situation where a reasonable expectation of personal privacy exists. These locations and circumstances include, but are not limited to, classrooms, gymnasiums, locker rooms, shower facilities, rest/bathrooms, and any other areas where students or others may change clothes or be in any stage or degree of disrobing or changing clothes. The Superintendent and the principal are authorized to determine other specific locations and situations where use of a WCD is absolutely prohibited.
13. Students shall have no expectation of confidentiality with respect to their use of WCDs on school premises/property.
14. Students may not use a WCD in any way that might reasonably create in the mind of another person an impression of being threatened, humiliated, harassed, embarrassed, or intimidated. See Policy 5517.01 – Bullying and Harassment. In particular, students are prohibited from using WCDs to: (a) transmit material that is threatening, obscene, disruptive, or sexually explicit or that can be construed as harassment or disparagement of others based upon their race, national origin, sex (including sexual orientation/transgender identity), disability, age, religion, ancestry, or political beliefs; and (b) engage in "sexting" - i.e., sending, receiving, sharing, viewing or possessing pictures, text messages, e-mails, or other materials of a sexual nature in electronic or any other form. As set forth in State law, "sexting" is the knowing transmission or distribution to another minor by a computer or similar device any photograph or video of any person that depicts nudity and is harmful to minors. Sexting also includes possessing a photo of any person that was transmitted or distributed by another minor that depicts nudity and is harmful to minors. Violation of these prohibitions shall result in disciplinary action. Furthermore, such actions will be reported to local law enforcement and child services as required by law.
15. Students are also prohibited from using a WCD to capture, record, and/or transmit test information or any other information in a manner constituting fraud, theft, cheating, or academic dishonesty. Likewise, students are prohibited from using WCDs to receive such information.
16. Possession of a WCD by a student at school during school hours and/or during extra-curricular activities is a privilege that may be forfeited by any student who fails to abide by the terms of this policy, or otherwise abuses this privilege.
