Parent Notification of Timeline for Blended VPK or High School VPK

Dear Parents,

Due to an overwhelming interest in the Brevard Public Schools Blended or High School Voluntary Prekindergarten (VPK) program, it may be necessary to conduct a lottery to determine enrollment for 2020-21. If there are more registrations submitted than space available at the close of VPK registration on June 18, the lottery procedures will be implemented according to the following timeline:

Now until June 18, 2020 VPK Registration

Parents complete VPK application, district registration documents and provide the school with the following items.

VPK Certificate of Eligibility	Birth Certificate
Immunization Records	Current Physical Examination
Two Forms of Residency Verification	

The required items must be submitted to the school by 4:00 p.m. Only complete application packets will be given a number for the lottery drawing. No faxed applications will be accepted. Early submissions have no advantage over other applications since final selection is determined by lottery. Lottery numbers will be assigned after June 18 and will not be provided to the parents until after the lottery drawing.

June 18 – July 3, 2020 Lottery Process

The school will conduct the VPK lottery. The lottery will be videotaped. It is open to the public, and public viewing and seating will be available. Parents are NOT required to attend the lottery process. Please contact the school if you would like the date. The public may only observe and will not be permitted in the immediate lottery area. Names of students will not be announced during the lottery; only numbers will be called.

July 6, 2020 Parent Notification

On or before July 6, the school will notify parents if the lottery was needed and the lottery results. In the event a child was placed on the wait list, the parent will be asked to come back to the school to pick up their child's registration packet including the VPK Certificate of Eligibility.

For children not placed in a class, parents have the following options:

- The child's name remains on the wait list for the VPK program at the school. Names for the wait list will be in the order of the lottery drawing.
- Register their child at another Brevard Public School VPK program where there may be a vacancy and the child is eligible to enroll.
- Enroll their child at a private provider that offers VPK. Parents can find more information at www.elcbrevard.org or by calling 321-637-1800.
- Wait and enroll their child in the Brevard Public School 2021 Summer VPK Program.

Thank you for your interest in the Voluntary Prekindergarten Program offered in Brevard Public Schools. Please contact the school office if you have questions regarding the VPK registration process.

Attendance Policy Acknowledgement

Dear Parents,

Welcome to the Voluntary Prekindergarten Program. We know this will be an exciting and rewarding experience for you and your child. Since Brevard's program is part of the Florida Voluntary Prekindergarten (VPK) Program, this acknowledgement contains some important information regarding attendance and fees. The full text of all state policies regarding the Voluntary Prekindergarten Program may be found online at <http://www.floridaearlylearning.com/vpk.aspx>

Arriving on time and attending the VPK program every day is very important to both the success of your child and the program. Each day is planned to provide valuable learning experiences for your four-year-old. Please review the attendance policies for this program and sign the form indicating that you received this information and agree to abide by the policies.

Attendance:

- It is expected that your child will be on time and attend the VPK Program every day.
- In the event your child must be absent, please notify the school immediately AND submit written documentation for all absences upon their return to school. Written documentation can be a parent or doctor's note or legal document.
- The teacher will keep a daily log of attendance for each student. At the end of the month, you will be asked to review the attendance record, attest to the accuracy and state your desire to have your child remain in the program by signing and returning the Parental Choice form to the school. If you do not sign and return the form within a reasonable time, your child may be withdrawn from the program.
- Withdrawal procedures may begin for any child who has frequent absences and tardies.
- If your child is withdrawn from the program, a new certificate of eligibility must be obtained from the Early Learning Coalition (ELC) parent portal to re-enroll. A child may only re-enroll in a VPK Program one time.

Fees:

- The school may request your child bring certain items (supplies, snacks, tissues, etc.) but you are not required to furnish these items.
- You are not required to pay any fees for the VPK Program.

I have read the attendance policy for the VPK Program, and I agree to abide by these rules.
