

Principal Message 12/17/21

Stevenson Families,

Our Winter Solstice: The Enchanted Holiday Bookshop truly was an “enchanted” show! The students never disappoint and always bring their best. Our first annual Evening with the Arts: A Symphony of Sight and Sound also proved to be an exceptional demonstration of the talent, hard work and dedication our students have with both music and art. It just amazes me what our teachers can lead our students to accomplish in such short amounts of time.

Please know that all Autumn Lights Blue Ray/DVD's have been sent home with the students and Digital Downloads have been emailed out. At this time only digital downloads for Autumn Lights are still available for purchase. <https://rlstevenson-volunteer-fundraising-group-2.square.site/product/autumn-lights-digital-download/91?cs=true&cst=custom> If you would like to purchase the recording for the Winter Solstice performance, pre-orders are now available online at: <https://tinyurl.com/WinterSolsticeMedia>

The Science Fair boards have been sent home today with those students who have already paid. We can still collect for students that have not yet purchased them and they will be sent home next week. It is very important that your child has their board so they can complete their science fair project by the due date in January. All 4th through 6th grade students must complete a Science Fair project.

Remember next Monday and Tuesday are early release days. There is no school from December 22nd through January 5th. Students and teachers will return on January 6th. Upon our return, we will have our annual Donuts with Deputies on Friday, January 7th from 8:00 am to 8:50 am. Join us for this community building experience with the Brevard County Sheriff's Office first responders.

As always, I wish you a wonderful weekend! See you Monday in the car loop.

Sincerely,
Mrs. Fleegeer
