Sophomores destroyed the competition twice during the Terrier Growl tug-o-war contest. Upper classmen complained that some of the sophomore team was smart enough to wear cleats to secure the win.

The bonfire was held during the evening hours on Wednesday of Spirit week. It was well attended as the weather was nice and breezy. Towards the end of the bonfire it had to be put out because embers were blowing on top of the crowds. Cheerleaders performed at the edge of the safety circle.

# An amazing 7 teams earned post-season play for fall sports

Five fall sports sent athletes to their State competitions. Girls' cross-country and boys' bowling were the only ones sending the whole team. Girls' and boys' swim, and girls' bowling sent individuals. Boys' golf and cross-country both advanced their entire team to the Regional meets.

## What are the activities that you did to prepare for this sport?

"I trained over the summer and went to the gym," said Frank Villa, junior.

"We train with some of our teammates year-round to prepare for high school season," said Anna Jo Gullikson, sophomore.

"To prepare for swimming, I participated in a year-round competition swim team," said Jessica Edelmann, junior.

"For cross country we start practices during the summer. Practice is at 6:30 and on average we run six miles a day. Then during the school year, we have practice at 6:15 and we do track workouts and long runs which are 7-9 miles," said Robbie O'Bryan, sophomore.

Junior Billie Castillo runs in a meet at the Chain of Lakes park in Titusville. Castillo had an amazing season, she broke the school record set by her older sister, not once, but twice.

"Run every day during the season," said Kaesen Foltyn, junior.

"The activities I did in order to be prepared for cross country are running all day, every day. Since the very first day of summer, I had to be at Jackson Middle School at 6:30 and run anywhere from 4 miles to 7 miles. Once school started, we met at the cross-country trailer at 6:15 and ran 5-8 miles every morning or at track workout," said Paige Jaszczak, freshman.

"The team ran lots of workouts, from running short track workouts to going on 10 mile runs," said Billie Castillo, junior.

"Bowl everyday during the summer and do my best at try-outs," said Destiny Robbins,

Swimmers line the pool deck to cheer on each other during their swim meet. Many swimmers put on funny hats as a swim team tradition to show their team spirit.

sophomore.

"Lots of practice," said Kyle Nazarian, senior.

"To practice any time I have, and work out anything in an area I'm weak in such as spare shooting," said Richard Butler, junior.

"Stretch, practice, and work out," said Aaron Yuke, senior.

"Basketball/weight training in the summer," said Alex Messer, sophomore.

## Did you improve from last season to this season? How much?

"Yes, I did. Overall, I dropped 2 seconds in my 50 and 100 free and picked up fly as one of my strokes," said Villa.

"Yes. I'm not sure exactly how much I have improved, but I dropped a lot of time," said Gullikson.

"I did improve from last season to this season. I improved multiple of my personal records, including the 500 freestyle, that I dropped 13 seconds in, and the 50 freestyle that I dropped 1

second in," said Edelmann.

"Yes, I was able to improve. This year I dropped my best time from 18:02 to 17:30," said O'Bryan.

"No. Instead of training over the summer, I made the mistake of playing Fortnite," said Foltyn.

"This is my first year doing cross-country. My best time is 18:50 for the 5k (3.1 miles)," said Jaszczak.

"Yes. I improved by 46 seconds from my personal best sophomore year," said Castillo.

"Yes, my average went up 23 pins," said Robbins.

"Yes. I raised my average from 205 to 215," said Kyle Nazarian.

"I improved so much because of my mental game and spare

shooting," said Richard Butler.

"I improved by maybe 5%," said Aaron Yuke.

"Yes, I went from a 49 average to a 42 average," said Alex Messer.

## What goals did you set

for yourself this season and how did that turn out for you?

"My goal was to make it to state and I didn't make it this year. But I will next year," said Villa.

"The goals I set were to make it to state and drop time on my 100 breast stroke. I ended up accomplishing both of these goals," said Gullikson.

"The goals I set for the season were to improve my personal records and to qualify to the state competition. These goals turned out to be successful for me," said Edelmann.

"At the beginning of the season I set the goal of beating 17:45 and I was able to do this," said O'Bryan.

"I wanted to break 18. It turned out bad because I didn't train hard enough," said Foltyn.

"Some goals I set are to improve almost every race and to get in the 19s. I improved almost every race and I went way past the 19s into the 18s," said Jaszczak.

"I made a goal to break the

school record set by my older sister and I reached it. I managed to break it twice," said Castillo.

"My goal was to be able to go to state, but sadly I did not do as good as I would have hoped," said Robbins.

"I didn't set any goals and I placed 7th in the state for individuals, and the team placed

7th in the State," said Nazarian.

"One of my biggest goals was to go to state and we successfully did so," said Butler.

"Win individual matches and shoot under 40. Most of the time my goals were achieved," said Yuke.

"One of my goals this year was to break 30 and in my last couple matches I broke 30," said Messer.

## If you could change anything that happened

PHOTO COURTESY OF DSP

Flying through the air, swimmers get in their warm-up laps before the meet begins. Swim meets usually began at 4 p.m. right after school. Both the boys' and the girls' teams had winning season records.

## this season what would it be?

"To perform better at districts," said Villa.

"There is nothing I would change about this season, we did very well," said Gullikson.

"If I could change something that happened this season, I would try to maintain a more positive outlook and be more confident in my abilities," said Edelmann.

"I would have not torn my tibial fibial ligament. For the last 3 races I ran 2 personal best, but this was done with a torn ligament in my foot," said O'Bryan.

"I wouldn't have played Fortnite," said Foltyn.

"I would have wanted to wear long sleeves and leggings as I ran at state, not have been so nervous, not have been so anxious, and trusted coach Rob," said Jaszczak.

"I would want to get more people on the team as early as possible in order to get everyone in shape for a better season," said Castillo.

Sophomore Malachi Jones focuses on catching the opposing runner ahead of him. The boys' cross-country team suffered at least three injuries this season, sidelining three different runners.

"How focused we were the whole season," said Robbins.

"I would reconsider my shot placement for the first ball of the 10th frame of the game I lost at State, so I could get 6th place and get an award," said Nazarian.

"If I could change anything this year, I would change nothing. This year has been the best one yet!" said Butler.

"Be more prepared for my matches," said Yuke.

"Nothing," said Messer.

## What is your favorite thing about this sport?

"The competition and support from the team," said Villa.

"I like the team aspect of this sport because everyone is always very supportive of each other," said Gullikson.

"My favorite thing about swimming is how our team is like one big family. Everyone gets along and we're all supportive of each other. Even though the boys and girls teams are technically two separate teams, it feels as though we are one team. It is the best feeling to be around so much love and support," said Edelmann.

"My favorite part of this sport is the spaghetti dinner and getting together with the team after the race," said O'Bryan.

"Running," said Foltyn.

"My favorite thing is all the people . . . and food. I've made so many new friends and a new coach that can help me improve every race and every season,"

said Jaszczak. "I like the friends I am able to make from other schools when I compete with them," said Castillo. "Having fun and being competitive," said Robbins. "Richard Butler," said Nazarian.

Sophomore Destiny Robbins slings one for a strike at the teams home location, River Lanes in Titusville.

"A lot of life lessons, such as being patient," said Butler. "I get to enjoy the outdoors!" said Yuke. "The friends and teammates that come along with the sport," said Messer.

### What was your most memorable moment from this season?

"Winning the district championship. We were all not doing our best, but we believed in each other and in the end, we pulled through and won the championship," said Villa. "My most memorable moment from this season was going to state," said Gullikson. "My most memorable moment from this season was when both the boys and girls team were announced as district champions. I remember being so excited when the results were announced that we threw our stiff down in shock. It was an even better achievement because neither of our teams were expected to win," said Edelmann.

"My most memorable moment this year was breaking 18:00 at Viera where I also place 17th," said O'Bryan.

"Watching college kids run then running a race right after," said Foltyn.

"Before every race, we would all pray, chant, and link our pinkies together. The guys and coach would also give us each high fives," said Jaszczak.

"When I broke the school record, I cried and couldn't speak so my team thought I was hurt, and when they figured out I was happy, they celebrated with me," said Castillo.

"Having my coaches be my parents," said Robbins.

"Richard Butler being Richard" said Nazarian.

"Going to State for the second year in a roll," said Butler.

"Finding out we qualified for Regionals," said Yuke.

"When the team was allowed to go to Regionals," said Messer.

National Honor Society sponsored by Rose Mihal held their annual Pie-in-Face contest in November to raise money to donate to a family in need for Thanksgiving dinner. Mrs. Moxley at THS works with our students in transition to identify a needy family here at THS. Assistant Principal Todd Rassman swept the event by earning \$55.82 of the total \$75 raised. Ms. Burgess came in second earning \$7.15, Mr. Schwindt came in 3rd earning \$3.63, and Mr. Hamed came in 4th earning \$3.13. Other participants earned less than \$1 each, but every penny counts. The other participants were Marsha Hannan, Bill Curtis, Eileen Serridge, Jason Berley, Bobbie Guthrie, Joe Ferguson, Jackie Berley, Alaina Bradley, and Mike Triandafils. The student picked to throw the pie was from the Best Buddies club, senior Christian Bradley-Watkins.

## Best Buddies hosts holiday get together

The purpose of the even was to gather as friends to celebrate Thanksgiving. The even took place on Friday Nov. 16 during third block, and the Best Buddies club hosted it. Parents of students, teachers and administrators joined in and fun was had by all.
