Seniors pass on wisdom to underclassmen

Take heed underclassmen, your peers have some tips and pointers for making the most of your high school years.

OF THE GROWL STAFF

Sierra Salter

I've heard a lot of people say senior year is the fastest, but I always thought it went slow until April came around.

Some advice I would give to underclassmen is to get all of your harder classes out of the way first so your senior year can be easy, and to get involved. It doesn't have to be a sport, it could be a club, but that is the easy way to befriend people that like the same thing you do.

These four years will probably be the best and worst years of your life so you make the most of it. When you start high school, you should never lose sight of you really are. It's okay to have standards and good morals. But the most important thing is to have fun and be proud to be a Terrier, because this is an amazing school with awesome teachers and great people. These four years get you ready for the real world so what a time to be alive.

Ty Jones

The best advice I think I could give to incoming high school students is to try new things and have fun doing it. Although school work is very important, you should allow yourself to have time for all the fun things the school has to offer.

Coming into THS a freshman, I didn't really participate in much around the school, but leading into my junior year my friends really helped me out and showed me many things you can do that are fun and can even help you in high school. I played my first sport my junior year, which was soccer. I had an amazing time that I will never forget.

The most fun school program to me was football, even though I didn't play. Attending and watching the game was awesome. Friday night lights is what everyone calls it. Everyone goes out and cheers on the Terriers while hanging out with friends. Best friends is what high school was all about for me. I made the greatest friends I could ask for and I know one day we will all be great friends again. My friends really completed my days in high school. I love them all, even though we fought sometimes, we could always make it right again. I hope you all have a great time in high school. Try new things and meet great people.

John Scully

The best advice I could give to an incoming student would be to be involved around the campus or community. Join a team or club, meet new people and be open to their ideas and views. Just because you may not be part of a team of club doesn't mean you shouldn't go to the games or other events. You can go to support your friends and your school. Just take your friends along and enjoy it.

I found the best way to enjoy my time was to get a group of friends together and go to the game. You meet so many new people which you can create a bond with which could follow you through your four years.

They always said high school goes fast, it may not feel like it does at times, but is never know what connection you could make.

Ryan Collyer

My senior year has been the greatest year of high school for me. It's been so much fun getting to finish up high school, have fun at all of the senior events, and prepare for the future. Throughout high school it's always good to find a group whether it's a sport or club to do things with. I chose NJROTC and it's been so much fun supporting the unit throughout these years. I've made so many friends and gotten to go to so many places because of ROTC.

For any incoming freshman, just make sure you try NOT to slack, especially the first couple of years. If you mess up early on, then it's hard to get back up. As long as you work hard and try to have fun, high school is going to be great for you.

When I came in as a freshman I always heard everyone tell you to enjoy high school because those four years will fly by in a blink of an eye. Believe me, it feels like just yesterday I was walking into my homeroom looking and feeling like a lost freshman.

At THS, I never knew how many possibilities were actually offered to the students. I have never had a school push you to get involved in a club, sport, music or academic program. Joining these kinds of things opens your eyes to new possibilities. These can help guide you down the path of what you may want to do after high school. I got involved in the cheer team and being on that team helped me to decide what I want to major in at college. Will the degree change? Maybe, but I know in my heart that I'm walking away from THS knowing where I'm wanting to go and do with my life.

High school can be hard sometimes, but it's about making memories. Once you walk across that stage those memories are going to be the only thing you have left of your high school life. You do not really want to look back in a few years and regret not doing something in high school that would have brought great memories and friends to share with. Stay focused on your academics and GET INVOLVED! Leave YOUR mark at THS, don't let anyone make it for you.

1st ever recognition ceremony held for current seniors accepted to colleges & military by April

■ Students, parents, faculty and administrators come together to congratulate seniors on a job well done.

OF THE GROWL STAFF

“Mrs. Jones, thank you for having the vision (for this event) and supporting that vision. Mrs. Debaun thank you for coordinating every aspect of this fine event. Ms. Gonzalez, thank you for your part in getting the names together and pronouncing them properly. And to all others who I am not aware of...This was truly a highlight for me from this school year!! In my 35 years here at THS, I don't ever recall this sort of academic and military signing acknowledgement and celebration ever taking place. It was a tremendous TERRIER visual to see the senior signees walking in behind their school school or military branches banners. My hat is off to all who made this possible including the ROTC for their rifle drill team program and for the ROTC drone performance as well. And a nod to the custodial crew for coming in early to get the gym floor covered and the 30 tables, 50 chairs and podium out and set up. It was definitely a PROUD TERRIER MOMENT, said Dan Diesel, Assistant Principal.”

“My favorite part of prom were the dance battles, I’m undefeated. The theme was majestic. I bought my prom ensemble from Suit City in Orlando. Prom could have been better with more food and drinks. I also wish there were more music selections, but it was good. I went to prom with my friends that are all seniors for one last dance together, said Trequan Williams, senior.”

“My favorite part of prom was taking pictures before the dance. I liked the theme of prom, but it could have been executed better. I bought my prom outfit at Camille’s. It could have been better, if more people came and better music. They played a lot of Latino music. I went to prom with Caden because he asked me and we’re kinda dating, said Maranda Wyckoff.”

“My favorite part of prom was dancing with my friends. I liked the prom theme, but wished we had more of a variety of music and more activities like games, etc., and food. The music was trash except for the Spanish music which was bumpin’. I went with my best friends because they’re my best friends, said Nate Chambers.”

Spring sports battle for titles, advancing to post-season play

■ *Girls' tennis was the first team to advance, their bid for State fell short at Regionals, with only one player advancing to the State level.*

OF THE GROWL STAFF

STATS FROM COACH:

Girls' Tennis Head Coach Christi Reid

Returning Players:

Annabelle Robichaud & Jillian Eberhart

District Results: 2nd place, beat Satellite by 1 point

District Opponents: Lincoln Park placed 1st, and Satellite

Team's Strengths: Their commitment to practice, good attitudes & showing good sportsmanship

Team's Weaknesses: Mental game. A player can be physically ready, but the mental part can bring out a different result.

Key Newcomers: 3 new players in the top 5, McKaley Deshler (10th), Fiona Daly (9th), and Riley Richardson (9th). Jacqueline Poppell (11th) was our alternate.

Toughest Opponent:

Satellite

Players Advancing Past District:

Annabelle Robichaud won Line 1 singles, will automatically advance to State. We will advance to Regionals as a team. Jillian Eberhart round 1 of Regionals, McKaley Deshler round 1 of Regionals, Fiona Daly round 1 of Regionals, Riley Richardson round 1 of Regionals.

Q & A FROM PLAYERS:

What are the activities that you do to prepare you for this sport? "I do a lot of conditioning, running for endurance, and calisthenics to get and stay in shape," said Robichaud.

Did you improve from last season to this season? "Yes, last season I played as line 2, and this season I played as line 1," said Robichaud.

What goals did you set for yourself this season, and how did that turn out for you? "I set the goals to go the season undefeated, and to just have fun. These turned out great, for I accomplished both of them!"

To become more consistent when I played. It got a little better," said Courtney Fowler. **If you could change anything that happened this season what would it be?**

"I would change the way I lost some of the matches. Sometimes I got very angry and then

just gave up. It was not a good idea and I overcame it," said Riley Richardson.

What is your favorite thing about this sport? "I love that this sport can be a team sport as well as an individual sport," said Robichaud.

Playing against the boys' team on Fridays," said Fowler.

What was your most memorable moment from this season?

"Winning the line one sin-

gles District match, making me District Champ, advancing straight to State," said Robichaud.

My most memorable moment was during the Viera match when I was down 1-5, but I didn't give up and I ended up winning 7-5, 7-5," said Richardson.

STATS FROM COACH:

Track Coach Paul Columna

Returning Players:

26 **Lettermen:** Billie Castillo, Jessica O'Bryan, Mallory Jones, Fiana Vikes, Dakota Bartlett, Dreon Wellington, Donovan Breckenridge, De'Aundre Lewis.

District Results: Very Good, many qualifiers for Regionals **District Opponents:** Everyone in the District

Team's Strengths: Unity & hard work

Team's Weaknesses: Some mental weaknesses during tough training, but my kids have nerves of steel during races

Key Newcomers: George Reeves, brand new to Shot put, but placed many times. Adrienne Gutman, advanced to

State on relay team.

Toughest Opponents: Rocklege and Cocoa had good teams

Players Advancing Past District:

Donovan Breckenridge in 400 & 4 x 400 Relay, Dakota Bartlett 4 x 400 Relay, Dreon Wellington 4 x 400 Relay, De'Aundre Lewis 110 Hurdles, 300 Hurdles, 4 x 400 Relay, Adrienne Gutman 4 x 400 Relay, Jessica O'Bryan 4 x 400 Relay, Billie Castillo 4 x 400

Relay, Mallory Jones 4 x 400

Relay, Fiana Vickers shot put.

Q & A FROM PLAYERS:

What are the activities that you do to prepare you for this sport?

"I practice my technique constantly and stretch whenever I can to keep my muscles from tightening or pulling," said Fiana Vickers.

I do a lot stretching and laughing. Being loose and happy is the best way to improve in this sport," said Dreon Wellington.

"I run cross-country to pre-

pare for track season," said Donovan Breckenridge.

Did you improve from last season to this season?

"Yes, I made a personal record in both of my events. In discus I improved by 4 feet and in the shot put improved by 1 foot," said Vickers.

"Yes, by 3 seconds," said Breckenridge.

What goals did you set for yourself this season, and how did that turn out for you?

"The goal I set was to be fast enough to not drag my team down in the 4 x 800 relay. I achieved my goal," said Adrienne Gutman.

If you could change anything that happened this season what would it be?

"It would be that I never joined. It's too hard to balance two sports," said Gutman.

"Nothing. It was a great season. I saw a lot of talent and a whole lot of potential from a lot of the lower class. That is all I wanted, and they gave me 110%," said Wellington.

"That half the guys' track team quit," said Breckenridge.

What is your favorite

thing about this sport?

"The friends that I've made from hanging out at meets. The people from different schools that I race with," said Billie Castillo.

"It is where no one can bother me," said Breckenridge.

What was your most memorable moment from this season?

"Definitely when I won the shot put in the Cape Coast Conference Championship," said Vickers.

"When I broke the school record in the 3200. I didn't realize that I did at first, but once I did I was nearly crying because I finally get my name up on the gym wall with my sisters," said Castillo.

"When I watched Donovan come in 1st at the Cape Coast

Powder Puff spectacle entertains crowd

How the game went down, starting with.... Juniors won 14-0!

The first scoring event of the game was off of a turnover. The juniors intercepted a pass and returned it for a touchdown. The juniors failed to make the two point conversion on their first touchdown, but they were successful on the second one. There were two interceptions in the game and that made all the difference. The teams were pretty evenly matched. The seniors tried to pass too much, and paid the price.
