Brevard Public Schools

REAXIUM School Bus

Dear Parents, Guardians, & Families:

We understand the importance of staying connected with your children both before and during their school bus ride.

We will continue to send bus notifications via email, just as we have in the past. However, please note that our email notification system is getting a new look to enhance your experience.

To ensure you continue receiving these important notifications, please add do-not-reply@reaxium.com to your list of safe senders.

You can also receive bus notifications via the **MyReaXiumApp**. By downloading the app, you will be able to:

- Track the bus location
- Monitor your students' status
- Receive bus notifications
- Ensure the right bus & stop

How To Get Started?

Google Play

App Store

1. **Download the MyReaXiumApp**

The MyReaXiumApp is available in the Android Google Play Store and in the iOS App Store.

2. **Check your Email Inbox**

The app is only accessible by authorized parents and guardians. After your child is registered as a BPS bus rider, you will receive an invitation code via email. *(If you have not received an email, you can still get on board and request a code after downloading the app.)*

3. **Register**

Once you have received your unique, secure invitation code by email, copy it and paste it in the downloaded MyReaXiumApp.

4. **You are on board!**

After creating your password, you are good to go! Get familiar with the app by checking out these short videos or guides to make sure you can stay connected to your child's transportation information and notifications.

Safety

Peace of mind

Track the Bus Location

Track the location of your child's school bus in real-time so you always know when the bus is right around the corner!

Receive Bus Notifications

If, your child's school bus experiences an incident or delay, the application will notify you.

Monitor Your Students

When your child boards or exits a bus by scanning their badge, you can see the bus information, pickup/dropoff location, and time when the event occurred.

Ensure The Right Bus & Stop

If your child gets on the wrong bus or gets off at the wrong stop by mistake, irregular events like this will be flagged and the bus/location where they occurred can be consulted. ReaXium helps drivers redirect your child to where they need to be.
