The SAC Meeting was held during the school Staff Meeting.

Mobile Device Policy

Mrs. Melendez presented the Mobile Device Policy which has been active since the beginning of school. She reminded all staff members of the policy and indicated that students are not to have their phones during lunch or during transitions. She also reminded teachers to uphold the policy and that students are to have their phones turned off and stored out of sight.

Any students who are found using their phone out of compliance will have the phones confiscated. The confiscation must be done by school leadership only and returned at the end of the day. School leadership will also call the parents to inform them of the confiscation.

Book Vetting

Mrs. Huston, Media Specialist, presented to the SAC and school staff the House Bill 1557 procedures regarding book vetting. She stated that all books that are not currently listed in Destiny are required to be vetted and must be age appropriate. If a teacher has a book in their classroom, they are required to check for it in Destiny and see if the book is age appropriate. If the book is not in Destiny, a vetting form must be submitted.

Mrs. Huston also shared that the SAC Committee will be used to verify the vetting process to make sure that all stakeholders have a part in what the school has. Books are being vetted by the Media Specialist then approval by the SAC Committee is needed. The SAC Committee will receive a list of books and the list will also be posted. Feedback may be given by the SAC committee.

Parent volunteers have been willing to go through books and enter them into a Google Doc. All books that have been vetted will be stamped as such.

Mrs. Huston advised the staff to err on the side of caution and to make good judgements. She also stressed the importance that every single book that enters the building be vetted by the above process.
