BE IT ORDAINED, BY THE BOROUGH COUNCIL OF THE BOROUGH OF CLOSTER, IN THE COUNTY OF BERGEN, NEW JERSEY (not less than two-thirds of all members thereof affirmatively concurring) AS FOLLOWS:

SECTION 1:

The improvements described in Section 3 of this bond ordinance (the “Improvements”) are hereby authorized to be undertaken by the Borough of Closter, New Jersey (the “Borough”) as general improvements. For the said Improvement there is hereby appropriated the amount of \$625,000, such sum includes the sum of \$31,250 as the down payment (the “Down Payment”) required by the Local Bond Law of the State of New Jersey, constituting Chapter 2 of Title 40A of the New Jersey Statutes, as amended and supplemented (the “Local Bond Law”). The Down Payment is now available by virtue of provision in one or more previously adopted budgets for down payment or for capital improvement purposes.

SECTION 2:

In order to finance the cost of the Improvements not covered by application of the Down Payment, negotiable bonds of the Borough are hereby authorized to be issued in the principal amount of \$593,750 pursuant to the provisions of the Local Bond Law (the “Bonds”). In anticipation of the issuance of the Bonds and to temporarily finance said improvements or purposes, negotiable bond anticipation notes of the Borough are hereby authorized to be issued in the principal amount not exceeding \$593,750 pursuant to the provisions of the Local Bond Law (the “Bond Anticipation Notes” or “Notes”).

SECTION 3:

(a) The Improvements authorized and the purpose for the financing of which said obligations are to be issued is for various road improvements, including but not limited to Demarest Avenue (Schraalenburg Road to Knickerbocker Road), Halsey Lane (entire length), and Birch Street (drainage), including curbing, milling, paving, drainage, sewer and other miscellaneous improvements, and including all work including all work and materials necessary therefor and incidental thereto, and as shown on and in accordance with the plans and specifications on file with the Borough Clerk.

(b) The estimated maximum amount of Bonds or Notes to be issued for the purpose of financing a portion of the cost of the Improvements is \$593,750.

(c) The estimated cost of the Improvements is \$625,000 which amount represents the initial appropriation made by the Borough.

SECTION 4:

All Bond Anticipation Notes issued hereunder shall mature at such times as may be determined by the chief financial officer of the Borough (the "Chief Financial Officer"); provided that no Note shall mature later than one year from its date. The Notes shall bear interest at such rate or rates and be in such form as may be determined by the Chief Financial Officer. The Chief Financial Officer shall determine all matters in connection with Notes issued pursuant to this ordinance, and the signature of the Chief Financial Officer upon the Notes shall be conclusive evidence as to all such determinations. All Notes issued hereunder may be renewed from time to time subject to the provisions of Section 8(a) of the Local Bond Law. The Chief Financial Officer is hereby authorized to sell part or all of the Notes from time to time at public or private sale and to deliver them to the purchasers thereof upon receipt of payment of the purchase price plus accrued interest from their dates to the date of delivery thereof. The Chief Financial Officer is directed to report in writing to the Borough Council of the Borough at the meeting next succeeding the date when any sale or delivery of the Notes pursuant to this ordinance is made. Such report must include the amount, the description, the interest rate and the maturity schedule of the Notes sold, the price obtained and the name of the purchaser.

(d) An aggregate amount not exceeding \$1,000 for items of expense listed in and permitted under Section 20 of the Local Bond Law is included in the estimated cost of the Improvements, as indicated herein.

SECTION 7:

Any funds received from time to time as contributions in aid of financing the purposes described in Section 3 of this Ordinance (including \$190,050 expected to be received from the New Jersey Department of Transportation for Demarest Avenue) shall be used for financing said Improvements by application thereof either to direct payment of the cost of said Improvements or to the payment or reduction of the authorization of the obligations of the Borough authorized therefor by this Bond Ordinance. RE: Bergen County Utilities Authority 2025 Wastewater Service Charges

Dear Chief Financial Officer:

Kindly accept this letter as notice of the Bergen County Utilities Authority 2025 Wastewater Service Charges. Based on the actual prior usage readings for your municipality, your 2025 Wastewater Sewer Service Charge is shown in Section III of the enclosed Flow and User Charge Report. Enclosed please find the first quarter invoice.

Where applicable and pursuant to Local Finance Notice 2011-36 the Flow and User Charge Report will include the increase in the debt service charge that may be excluded from your annual levy cap calculation.

Additionally, where applicable, enclosed please find the supplemental billing information for the Tier II Large Industrial users in your municipality. These industrial sewer service charges may be billed directly by your municipality to the industrial user in addition to their regular tax bills. It is the municipality's responsibility to bill and collect from these industrial users their charges as a source of municipal revenue to offset the 2025 Sewer Service Charge. Note that as in the past, the BCUA will not send a separate bill to the industrial users.

According to the service agreement, if all or any part of any payment from a municipality shall remain unpaid for thirty days following its due date, the municipality shall be charged with and pay to the Authority interest in the amount unpaid from its due date until paid at the rate of eight percent (8%) per annum.

Thank you for your prompt attention and cooperation.

Very truly yours,

Chris Balducci

Re: Replacement of the Ruckman Park Walking Path
Borough of Closter
Bergen County, New Jersey
Our File No. PR-24-12999 (CL-1527)

Dear Mayor Glidden and Members of the Council:

This letter shall serve as Boswell's proposal for the preparation of construction plans, specifications, engineering estimates, and providing construction inspection services for replacement of the Ruckman Park Walking Path.

As the Council may be aware, the Borough was awarded an NJDEP Grant in the amount of \$87,000 for the Ruckman Field Walking Path and expects to receive approximately \$100,000 in Bergen County Open Space funds for the project. The Balance of the project funding will come from the Borough's Open Space funds. The preliminary construction cost estimate for the project improvements is estimated to be approximately \$400,000.

Scope of Work

The scope of work for Boswell's design and construction inspection services for replacement of the Ruckman Park Walking Path will consist of the removal of the existing Hot Mix Asphalt (HWA) walking path and the installation of a new HMA walking path in the same location and width as the existing path. Access conduits (PVC) will be placed at an interval to be agreed upon with the Borough to accommodate future improvements requiring the installation of either water/electric lines so as not to trench across and patch the HMA path. This project will be combined with the Borough's 2025 Municipal Aid Grant and Borough Paving Project in order to achieve the economies of scale, higher quantities – lower unit price bids.

Scope of Services

1. Conduct a site inspection and limited survey of the walking path to prepare base mapping and contract quantities for the replacement of the HMA walking path.
2. Prepare Contract Documents inclusive of the Construction Plans, Specifications, and Engineer's Estimates in accordance with NJDOT and the Borough of Closter requirements.
3. Combine the Replacement of the Ruckman Park Walking Path with the Borough's 2025 Municipal Aid Grant and Borough Paving Project for bidding purposes, while tracking the work and quantities separately by funding source.
4. Prepare Soil Erosion and Sediment Control Plans for submission to the Bergen County Soil Conservation District (BCSCD) for plan Certification.
5. Address any Borough comments, prepare final Contract bid documents, and advertise the project for bids the Borough's 2025 Municipal Aid Grant and Borough Paving Project.
6. Coordinate and attend a preconstruction meeting with appropriate Borough officials, and other parties affected by the construction activities.
7. Provide part-time inspection services during the construction phase.
8. Review contractor invoices to the Borough of Closter.
9. Make a final inspection of the project improvements.
10. Prepare a final change order and payment vouchers to the Borough of Closter.

Fee Proposal

Boswell will perform the services outlined in the proposal for an estimated fee not to exceed \$10,000.00 for the design of the design of the Replacement of the Ruckman Park Walking Path and \$25,000.00 for the construction inspection phase of the project. The fee breakdown is only an estimate and will be adjusted to reflect the actual effort for each phase. The total fee, however, will not exceed \$35,000.00.

Items Not Included in the Engineering Fee

The following items are not anticipated to be required and are therefore excluded:

1. BCSCD Certification Fees
2. NJDEP Permits
3. Right-of-Way and/or Easement Plans or Descriptions
4. Structural Calculations and Plans (Retaining Walls, etc.)
5. Development of Separate Bids Documents (to be combined with 2025 Paving Program)

Additional work above and beyond what is outlined in the proposal will only be performed as authorized by the Borough of Closter.

Thank you for the opportunity to submit this proposal. We look forward to providing the Borough of Closter with our engineering services and to the successful completion of this project. If you should have any questions or require additional information, please do not hesitate to contact me.

Very truly yours,

Nick DeNicola, P.E.

**BOROUGH OF CLOSTER
RESOLUTION #2025-082
FEBRUARY 26, 2025**

**SUPPORT LEGISLATION TO RESTORE FUNDS FROM THE STATE
FOR MUNICIPAL 2025 BUDGET**

WHEREAS, the current New Jersey FY 2025 budget eliminated a \$150 million municipal aid and property tax relief program funded with income tax revenue that was based on a reasonable formula; and

WHEREAS, the municipal aid and property tax relief program eliminated by the Governor, known as the "Municipal Relief Fund" had been fairly allocated to municipal governments based on a formula intended to restore past State reductions in "Energy Tax Receipts Funds" rightfully belonging to municipalities; and

WHEREAS, the elimination of formula-based funding is particularly offensive insofar as the money was redirected outside of any formula based on favoritism for things that had little to do with critical services or property tax relief; and

WHEREAS, the NJ Constitution expressly requires municipal funding to be allocated by the State on reasonable formulas and disallows individual appropriation based on favoritism; and

WHEREAS, the elimination of aid will begin impacting almost all municipalities and property taxpayers in municipal budgets being adopted this Spring; and

WHEREAS, the cut to a fair formula property tax relief program will hit municipalities and property taxpayers hard after years of high inflation; and

WHEREAS, State's budget has increased 60% in 7 years -- even as fair municipal aid has been cut; and

WHEREAS, the restoration of this critical aid - which accounts for less than 1/3 of 1% of the State budget - could more than be accommodated by ending special appropriations outside of formulas, reforming State programs, and ending excesses;

NOW, THEREFORE, BE IT RESOLVED:

1. The Governing Body of the Borough of Closter calls upon the Governor to propose restoring the funds in his proposed budget address or otherwise support legislation restoring the funds as called for by Senator Holly Schepisi and allowing municipalities to anticipate the money in their CY 2025 budgets being adopted this Spring.
2. A copy of this resolution shall be forwarded by the clerk to the Governor of the State of New Jersey.

Dear James B. Winters,

Congratulations! We are pleased to inform you that that you have been selected for the Community Energy Plan Grant in the award amount of \$10,000.

The Community Energy Plan Grant gives municipalities the opportunity to develop local Community Energy Plans that align with the goals and strategies in New Jersey's Energy Master Plan. The Board officially approved program year three grant awards at the August 14, 2024 meeting.

Municipalities selected for the grant are required to submit the completed Community Energy Plan to the BPU at the end of the 12-month grant term, as well as a copy of a municipal resolution adopting the Plan, a final expenditure report, and a final project report. Municipalities that are awarded the \$25,000 grant are also required to submit expenditure reports on a quarterly basis. Instructions on completing the grant agreement are being prepared by the BPU's Office of Clean Energy Equity and will be sent to the Grantee via email. Grantees will have thirty (30) days to complete grant agreements and return them to the BPU. Once this is done, a notice to proceed will be sent to the Grantees and 75% of grant funds will be disbursed. The remaining 25% will be disbursed on a reimbursement basis.

All awardees are required to have at least one consultation with our Community Energy Planning (CEP) technical assistance partner, Sustainable Jersey. At this meeting, the CEP team will receive a package of energy data for the community that will be helpful in completing the CEP. There will also be review of all the Sustainable Jersey CEP resources available. Visit [this scheduling page](#) to set up the meeting.
