Quickstart Guide

For Skyward Family Access

Skyward Family Access Overview

The ***Skyward Family Access*** portal houses a variety of information accessible by the various tiles located within the portal. It is divided into multiple parts depending on how many students you have within the district.

[Skyward Family Access Video Overview]:

Need Skyward Support? For additional resources/videos visit the [Skyward Knowledge Hub].

*USD204 provides support for ***Skyward Family Access*** on the web. For the app, USD204 can provide support when it comes to logins and passwords. Additional support for the app is available through Skyward. If you need support from USD204, please contact your school registrar..

Assignments

The ***Assignments*** tile enables you to view different types of assignments such as upcoming assignments, missing assignments, and past assignments.
