Welcome To Reeves Elementary

It is both an honor and a privilege to serve as the principal of Reeves Elementary. My vision is simple and unwavering: always put kids first. I firmly believe that all students can learn, and as educators, it is our responsibility to discover how each child learns best so we can tailor our instruction to meet their unique needs. Through collaboration and shared commitment, we strive to help every child thrive—academically, socially, and emotionally. My greatest hope is that all students will not only love coming to school, but also feel safe, valued, and inspired each day. We aim to create a learning environment that is positive, warm, caring, and fun. This year marks our sixth year as a campus, and our theme—It's Our Story—beautifully captures our mission. Every day at Reeves, we are continuing to write a story built on relationships, growth, resilience, and a shared commitment to our students and community. Our story is shaped by the countless moments that happen with our classrooms, hallways, and community - from the first day a student walks through our doors to the milestones and memories created along the way.
