Welcome To Baker Elementary

As the Principal of Baker Elementary, I am honored to collaborate with the families and staff in our community. Our primary objective is to provide responsive teaching and support high levels of growth for all students and staff at Baker. We are committed to preparing students to become contributing members of society who demonstrate a growth mindset, think critically, and apply their learning beyond the classroom. Our goal is to empower them to make a meaningful difference as problem-solvers and lifelong learners.

Our Mission

Our vision for Baker Elementary is to create an environment where every student participates in an engaging learning experience that allows our students to be prepared and contribute to our community. We aim to ensure students are developing skills to become lifelong learners and truly think about the world around them. They will take their experiences at Baker and apply them to new experiences outside our walls.
