HEAD SHED

The Life Skills Program started off the new school year by renaming the program R.I.S.E. which stands for Respect, Inclusion, Strength and Empowerment.

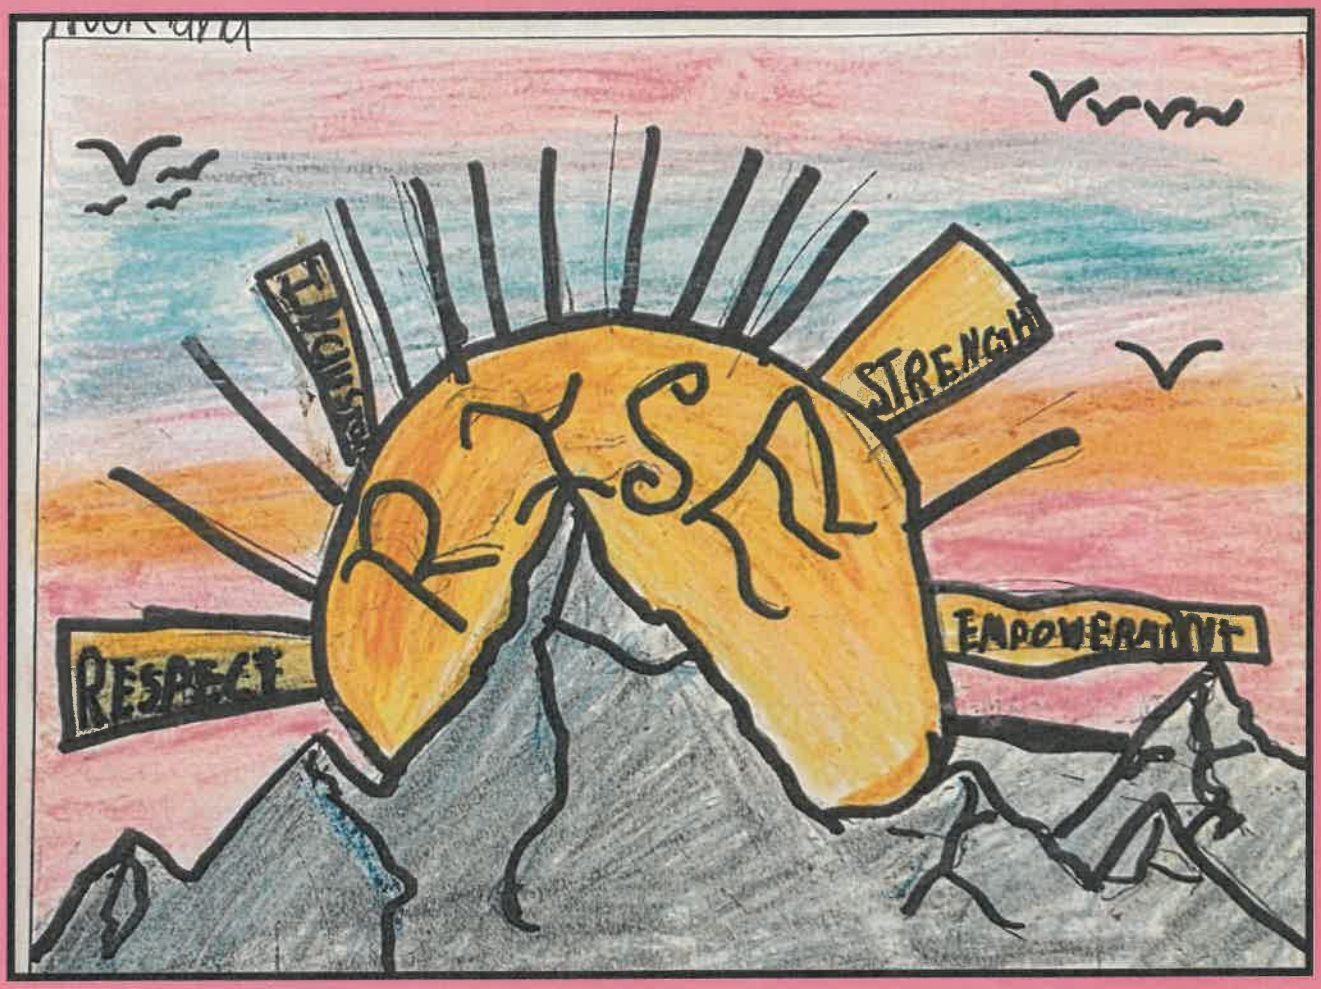

To help introduce R.I.S.E they held a logo contest and here are the winners!

BIOGLOW™

The theme for this year's Lego League Competition is BIOGLOW.

Ten Middle School students will represent our district at the competition in Casper on December 1st, 2026 at the Ford Wyoming Center.

Students will build and program a LEGO Education SPIKE Prime robot, tackle the season's BIOGLOW challenge, develop an Innovation Project and prepare together for competition.

GREYBULL FFA COMPOST FUNDRAISER

In Partnership with

Dirt Works Wyoming

Get your garden and soil ready for spring!

We are selling high-quality compost for

$15 per bag

ORDER 4 OR MORE BAGS &
GET FREE DELIVERY!

Delivery available in Greybull and surrounding areas!

Fall is a great time to build your soil for spring!

Give your garden, lawn, and plants the nutrients they need while supporting the Greybull FFA!

- ✓ Better Soil
- ✓ Healthier Plants
- ✓ Stronger Yards
- ✓ A Greener Tomorrow

$15 PER BAG | **4+ BAGS = FREE LOCAL DELIVERY** | **Support Greybull FFA**

when you have an audience!

COLLEGE FAIR

Seniors attend college fair at NWC!

Thirteen senior students attended the college fair in Powell.

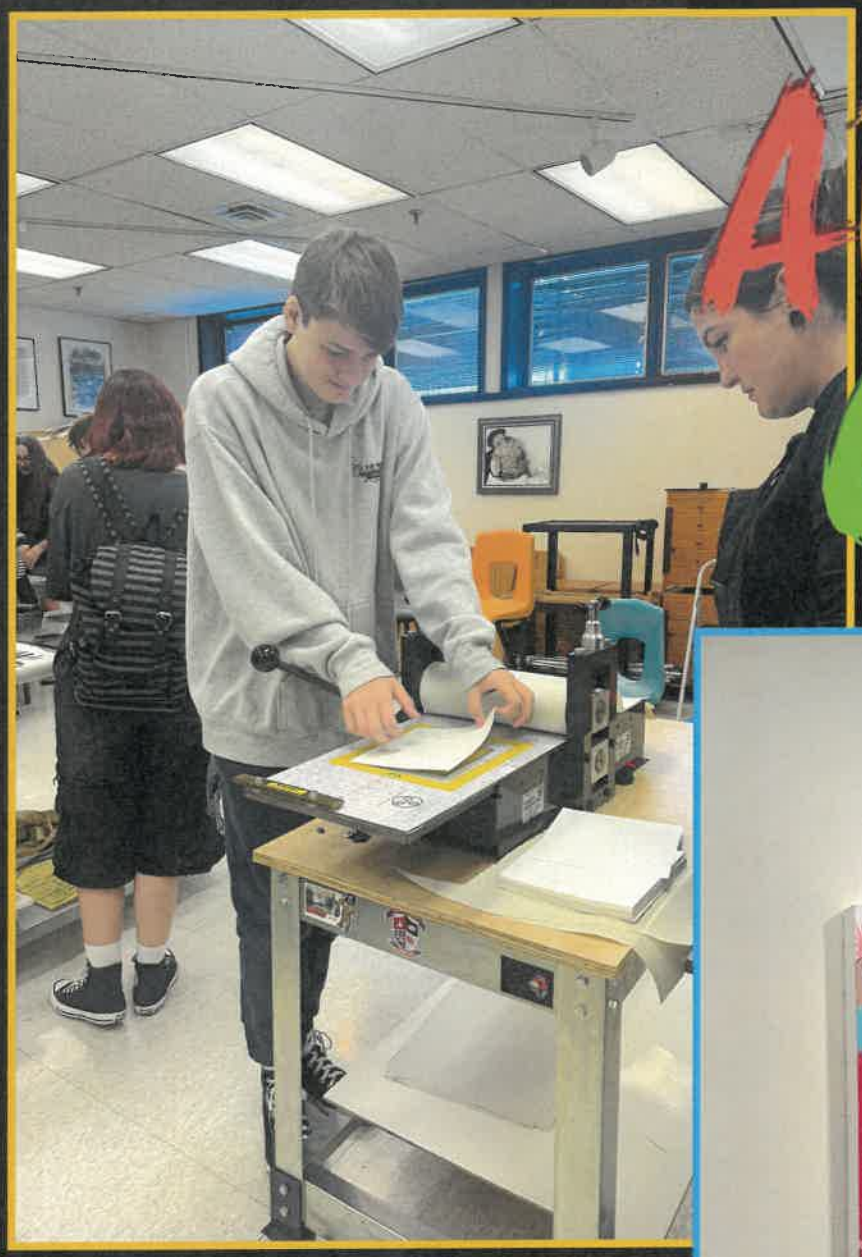

The students had the opportunity to visit with 30 college representatives and military recruiters.

ART CLUB

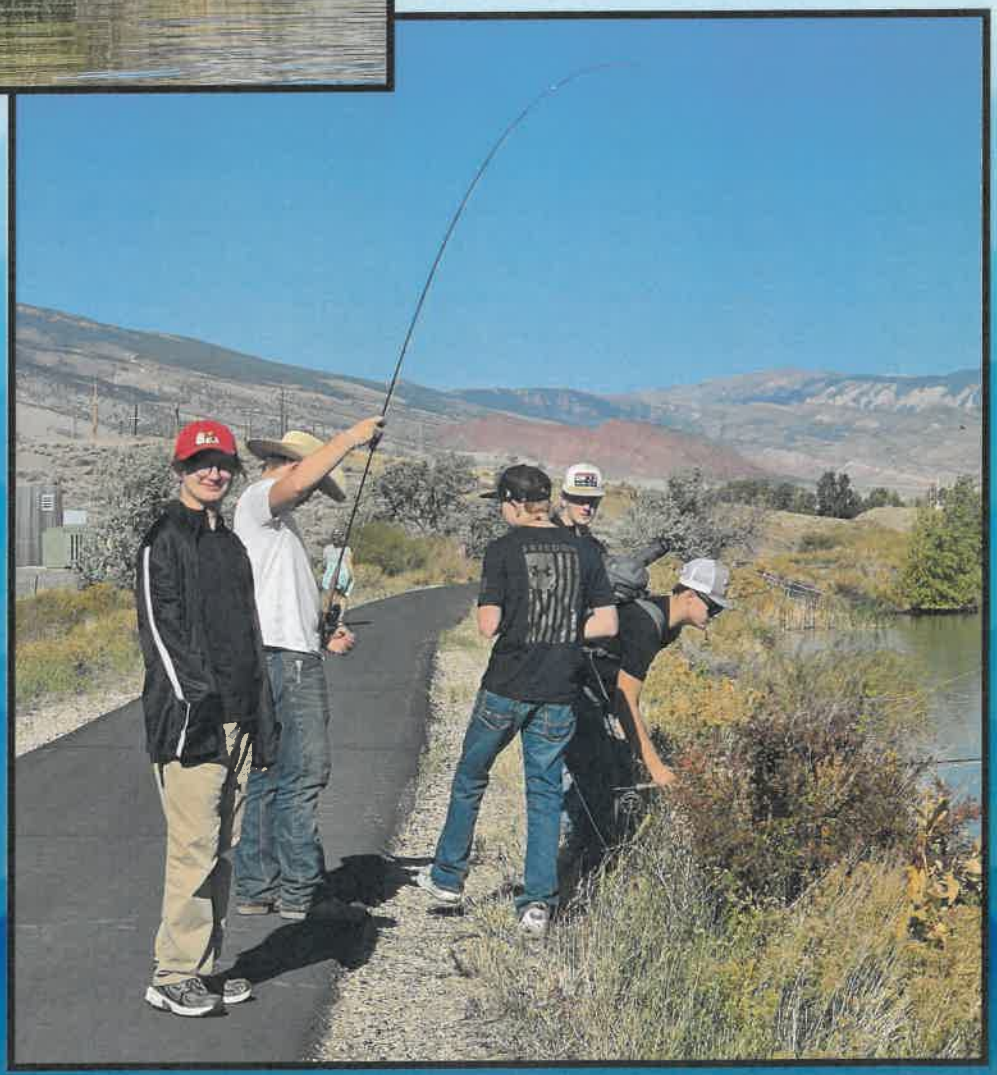

A small group of Art Club members attended the Northwest College Art Immersion Day on Tuesday, September 22 where the college offered instruction on printmaking, ceramics, graphic design, and photography.

Outdoor Ed Trip

Beck Lake in Cody

Liam Wisehart and Sam Campos attended a week-long marching camp at Cody High School in August which concluded with a Saturday performance for parents and the community.

They performed at the homecoming game on September 25th in Cody and then traveled to Laramie to perform at the UW Trooper Marching Invitational on October 3rd and the Buffalo Marching Invitational on October 6th. State Marching Competition will be October 17th in Casper.

VETERANS DAY

CELEBRATION

11TH NOVEMBER

HONORING ALL WHO SERVED

CEREMONY STARTS AT 9:00 AM

Buff Gymnasium

Veterans are invited to stay after the program for light refreshments provided by our GHS Culinary Program

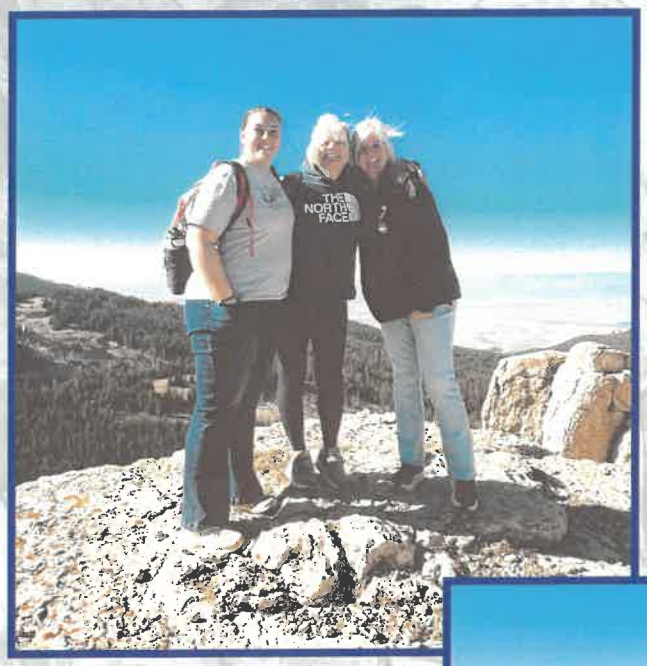

WYO PARKS
MEDICINE LODGE
Archaeological Site

High School students recently traveled to the Medicine Wheel on the Big Horns. Various classes used this trip to satisfy the following educational goals:

ELA: Junior English is working on an extensive research project on Native American tribes. They looked at the symbolic representations of the Wheel and many of the placards speak to the Native ideologies of the Wheel and its significance.

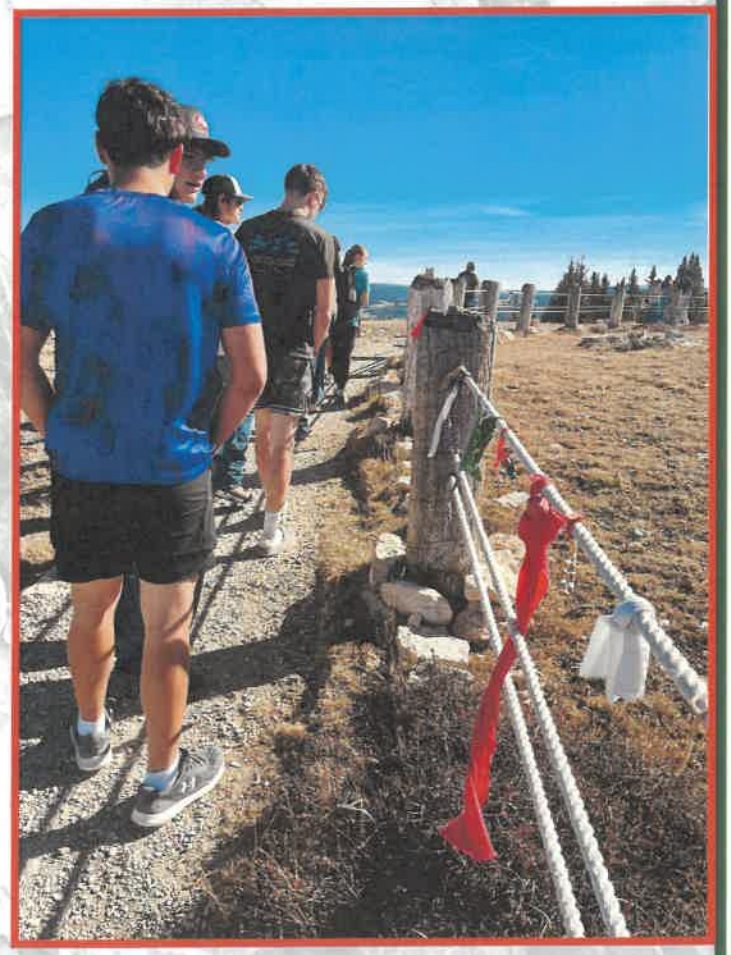

Wildlife Science: Students are starting a project on Wyoming Wildlife. Over the next couple of months they will be creating a wildlife guide to the Bighorns and surrounding areas, which will include descriptions of habitats, historical references, and local wildlife. With each animal described, they will also include historical relevance including Indigenous Folklore.

US History: Students took this trip to Medicine Wheel because it's a sacred site that Wyoming tribes have used for centuries and still use today. It's was a good chance for students to see history outside the classroom before they get into Indigenous History more directly during the Imperialism unit.

Supt. Scoop

Parent-Teacher Conferences:

Parent-Teacher Conferences are coming up, Thursday, October 15 from 4:00pm-7:00pm and Friday, October 16- 8am to 12:00pm. We look forward to welcoming families into our schools! This is a great opportunity to visit with teachers, celebrate your child's progress, ask questions, and discuss how we can work together to support continued success.
Our students do their best when families and schools work as a team. Thank you for making time for these important conversations and for being a valued part of Buff Nation!

Greybull Schools Survey!

We will soon conduct our annual surveys for parents, students, and staff. Your feedback helps us recognize what is working well and identify opportunities to improve across Greybull Schools.

An independent company based in Colorado administers the surveys, and the district receives the results. We encourage everyone to participate and share thoughtful, honest feedback. Our goal is to create schools where students want to learn, staff want to work, and families feel welcome.

School Board will head to Casper for Annual Conference:

Our School Board will travel to Casper for the Wyoming School Boards Association's annual conference November 18-20. This opportunity brings board members together from across the state to learn, exchange ideas, and strengthen their leadership on behalf of students, staff, and families.

This year's program includes sessions on effective board leadership, school culture, student learning, school safety, and district operations.

What do you call a bison that's good at telling lies?

A BLUFFALO!

Otherwise known as Mr. Eardley!
