

All students going into 12th grade will need at least one vaccine before the first day of school Aug. 24, 2026, school year. Details are below.

_____

**Before** a student begins their senior year, Missouri law requires all incoming 12th grade students to have the Meningococcal vaccine, unless they are exempted. In addition, Meningococcal B is recommended.

The following is information about the vaccines:

-- **Meningococcal** –protects children from Meningococcal groups A, C, W, Y.

-- **Meningococcal B**—(recommended) protects children from Meningococcal group B. Students who will be living in close contact are at higher risk for becoming infected with Meningitis B.

_____

**Turn in immunization records**

WHS students/guardians may provide updated immunization records by dropping off a copy of updated immunization records at WHS or email them to:

Amy Forte at aforte@waynesville.k12.mo.us

Kim McCain at kmccain@waynesville.k12.mo.us
