Math Summer Assignments

Dear Students and Families,

To help students maintain and strengthen their mathematical skills over the summer, all high school math students are required to complete the Summer Math Assignments linked below.. This assignment is mandatory and will count as a grade at the beginning of the school year. The Summer Math Assignment will be available on the district and school website. Full credit will only be awarded when all work is clearly shown. Answers without supporting work will receive no credit.

Important Guidelines:

- Show all work for every problem and label each question clearly.
- Complete the work on separate sheets of paper and clearly label each question number and answer.
- Please bring the work with you in September or upload it with your assignment.
- Complete the assignment by September 15th, 2026.

Thank you for your commitment to learning!
Have a safe and enjoyable summer!

Sincerely,
Franklin High School Mathematics Department

If you are taking one of the following courses..

- Geometry/ Geometry Honors
- Algebra 1
- Algebra 2/ Algebra 2 Honors
- Pre Calculus/ Pre Calculus Honors
- Statistics
- Honors Calculus
- AP Calculus AB
- AP Calculus BC

Please use [this link](#)
to complete the
assignment in Delta
Math that is aligned
to the course you will
be taking in
September.

If you are taking
AP Stats
Please use this
