Stuffing

Stuffing has unclear origins and many variations across different cultures. The first documented version comes from Ancient Rome, found in the Apicius cookbook. It may have been invented to create cheaper meals using less meat or to use up old bread.

Health & Wellness

Feeling Thirsty?

Mrs. Brandy

You may be dehydrated and not know it.

Mild Symptoms:
Thirst, Dry or Sticky Mouth, Headache, Muscle Cramps, Low Blood Pressure, or Constipation.

Severe Symptoms:
Sunken eyes, Tachycardia (fast heart rate), Dizziness, Sleepiness, and Confusion

Complications from dehydration include:
Heat Exhaustion or Heatstroke, Seizures, Kidney Failure, Coma

What is the easiest and fastest way to treat dehydration?
Always carry your water bottle with you. Did you know you can bring your water bottle to school? Don't forget to clean it. To clean the cup properly, you must remove any inner rings from the lid. If you have a water bottle designated for water only, it still needs to be cleaned. https://www.youtube.com/watch?v=cRoo4zqW2VY check out the short video.

Stay healthy, my friends!

It started with an idea...

We, the yearbook staff, have been hard at work continuing some of the traditions of the Chilhowee R-4 school. One of those traditions is putting out a publication that emphasizes positivity, students, and community. Even though we know this is a small way to outreach, we are excited to be your new staff for "The Arrow". "Bringing back a family, community, and school tradition."
