ACE Adult Enrichment Classes

Learn, Laugh, and Lean In

Fall is a season of fresh opportunities, making it the perfect time to learn, laugh, and lean in to new experiences. Whether it's learning a language you've always wanted to speak, discovering a creative talent you never knew you had, or finally taking that cooking, history, fitness, or photography class you've been considering, there's something for everyone at ACE. Lifelong learning isn't about becoming an expert. It's about staying engaged, embracing curiosity, and finding joy in the process.

One of the greatest joys of ACE is the sense of community that develops in every classroom. Students come together to learn, exchange ideas, and enjoy one another's company, often leaving with new friendships as valuable as the knowledge they gain. That welcoming environment is reflected in our ongoing success. Over the past year, we've experienced increased enrollments, higher student retention, and fewer class cancellations. These achievements are clear signs that more people are discovering the value of lifelong learning through ACE. As a result of this growth, we're delighted to welcome 12 new instructors this fall, bringing fresh perspectives and exciting new topics. Together, they'll help us offer more than 100 new classes that inspire discovery and support lifelong learning.

Lean in this fall and revisit a favorite hobby or step outside your comfort zone to try the class you've been thinking about. While you're planning your fall learning adventures, be sure to visit our website. We're putting the finishing touches on a refreshed design with a cleaner look and more streamlined navigation, making it much easier to browse classes, register, and find the information you need. Invite a friend to join you in a new adventure and discover something unexpected together.

Whether you're returning to ACE or joining us for the first time, thank you for making lifelong learning part of your journey. We look forward to seeing you in class.

FREE PATRON CLASS by Mary Jane Ayers **The Great American Songbook** **Thursday, September 24, 2026, from 1:30pm-3pm** **At Suncoast Technical College, Sarasota**

Journey through the timeless songs that have remained standards for nearly a century. The lyrics dare us to believe in love again: some lyrics are clever and sophisticated, others please us with easy-to-like rhyming words, or verses that are intricate and convoluted. The melodies soar, supported by complex harmonies that make us smile. You know the creators: Irving Berlin, the Gershwin brothers, Cole Porter, Hoagy Carmichael, Johnny Mercer, Rodgers and Hart, or how about Rodgers and Hammerstein or Lerner and Loewe? These songs first appeared on Broadway or the big screen of a Hollywood movie musical, or in a New York nightclub, and they moved to the radio to sustain many generations through the Great Depression, World War II and beyond. Join us to rediscover this amazing American musical legacy.

Dr. Mary Jane Ayers is an accomplished educator, musician, conductor, stage director, composer, and writer. Before moving to Sarasota in 2015, she served as Chair of Vocal Music at the Duke Ellington School of the Arts in Washington, D.C., where she founded and directed the Duke Ellington Opera Workshop. An award-winning vocal soloist, conductor, and producer, Dr. Ayers has directed numerous opera, theater, and choral productions. In recognition of her outstanding contributions to music education, she received the Yale University Distinguished Music Educator Award in 2009.

Join Mary Jane Ayers and the ACE staff for refreshments and reception directly following the class.
