

Dear Eastwood Military Family,

As the Principal of Eastwood High School, it is my distinct honor to welcome you to our community. We are deeply committed to supporting our military families and youth, as we are intensely aware of the unique challenges and transitions your students may encounter. Our mission is to ensure that while you serve our country, we serve your family with the highest level of care and academic support.

We have curated a variety of helpful resources on the **Eastwood High School website** to assist with your transition. Furthermore, we value your perspective; please reach out with any feedback that could help us better support our military-connected students.

For direct assistance, please contact our **Campus Military Liaison, Mrs. Mary Trousdale**, at **(915) 434-4714**. In addition to her role as our librarian, she is dedicated to ensuring your family has everything you need to succeed at Eastwood. Thank you for your service and for choosing us as your school.

Respectfully,

Mr. Robert Robledo

Principal, Eastwood High School
(915) 434-4001
