OnRamps

Dual Enrollment:

OnRamps is an innovative dual-enrollment program coordinated by The University of Texas at Austin. OnRamps works through a dual-enrollment model. Using a hybrid delivery approach, students meet rigorous university level college readiness standards and have the opportunity to earn UT Austin credit from a UT faculty member and high school credit from their local teacher. Students receive separate grades – one for college credit and one for high school credit. All OnRamps courses can be applied to the Texas Common Core and are guaranteed to transfer to any public institution in Texas. Students will not be charged tuition.

In order to take Dual Enrollment courses, a student must:

- Register for no more than two courses per term
- Complete coursework
- At conclusion of first semester, students achieving a college grade of “D” or higher will enroll in the University of Texas at Austin. Students who receive a college grade of “F” will need to provide Texas Success Initiative Assessment (TSIA) eligibility to continue with the college work of the course. Students who receive a college grade of “F” and have not passed the TSIA will remain in the course for the college course experience, but will only receive the high school credit.
- At the conclusion of the Spring semester, students who enrolled in the course will make a decision to either accept or decline the college credit. The university advisor will help them make this decision based upon future college plans.

High School Course			OnRamps at the University of Texas at Austin		
YISD Course Code	High School Course Name	High School Credits	Texas Common Course Numbering System Number	College Course Name	College Credit Hours
S1215	OnRamps Chemistry I	1	CH 301/104M Lab (CHEM 1311/1111)	Principles of Chemistry I Introduction to Chemical Practices I	4
S1740	OnRamps Physics I	1	PHY 302K/102M Lab (PHYS 1301/1101 Lab)	General Physics Technical Course: Mechanics, Heat, and Sound.	4
