

Ramsey is a Title 1 sponsored school. Our Title room is called the Learning Lab. We are here to help all students!

By having this “school-wide” status, all students can benefit from our Title 1 services. Title1 provides lower group sizes for remediation in reading and math, a push in model where a Title 1 teacher teaches whole group foundational skills, paraprofessional support in classrooms to lower teacher to student ratios, additional literacy and math materials, and family events throughout the year.

Throughout the year, please look for ideas, events, strategies, and activities we will share that can reinforce math and reading skills at home.

We look forward to working with students to help them improve their reading skills and guide them toward a life-long love of reading.

Parent Engagement

An essential element of a strong Title program is parent engagement. You are the most important and influential person in your child’s life. Please feel free to contact Carolyn Lee at carolyn.lee@cdaschools.org with any questions or concerns. We are eager to provide you with every opportunity to help your child succeed.

Title 1 Staff

Our Title teacher, Carolyn Lee, oversees the Title 1 program. Our staff consists of: Teri Thomas, LynnAnn Boettcher, Pat Harrison, Kris Johnson, Cheryl Valley, and Debbie Orton. We have an exceptional team of dedicated ladies who provide the educational tools and nurturing environment necessary for success!

What is Title 1?

Title 1 is a federally funded program providing reading enrichment for students performing near or below grade level. Our goal is to help your child become a successful reader by providing lessons reinforcing reading and math strategies.

Title 1 services include:

 **Inclusion** - Students receive assistance within the regular classroom.

 **Pull-out** - Students receive small group instruction in the Title 1 classroom.

 **One-on-one Assistance** - Students work on an individual basis with a Title 1 staff member.

Your role is so important as we help your child become a proficient reader. Please attend conferences, assist at home to develop good reading habits, and support your child spending time with books nightly.

We ask that you contact your child's teacher with any concerns you may have about your child's progress.

Title 1 Goal

The Ramsey Title 1 program strives to support all students as they become proficient readers and mathematicians.

This goal is achieved through the collaboration of the classroom teachers, parents, and Title 1 staff to provide interventions and materials necessary for educational success.

How Are Students Selected for Title 1?

-  Teacher referral
-  Classroom performance
-  Performance on the State IRI or I-Ready test
-  Performance on reading/math screener

Students are brought up to our MTSS team and if the team agrees, an intervention plan is put in place. The intervention is monitored bi-weekly to make sure progress is occurring. Parents are included in the I-Plan process.

Home / School Compact

We each have a different role to play in your child's success:

As the Parent/Caregiver:

1. Respond to and actively communicate with school staff.
2. Make sure your child comes to school regularly and ready to learn.
3. Take an active role in your child's education by reinforcing at home the skills and knowledge your child has learned in school.

As the Student:

1. Spend class time paying attention and doing their work.
2. Be responsible for their behavior.
4. Let teachers, school counselors, and family know when they need help.

As the Staff:

1. Work with parents to develop and implement a plan for parent involvement.
2. Promote and encourage parent involvement activities.
3. Effectively and actively communicate throughout the year about what students are learning in school.
