$85

This snapshot represents the approximate scope of Milford Schools' performance and impact during the 2025-2026 school year. Behind every number is a team of dedicated professionals working hard each day to serve our students, families, and community through thoughtful, efficient day-to-day operations.

We take great pride in who we serve and remain committed to transparency in how we operate and invest resources. Strong schools build strong communities, and we are grateful to serve a community that believes in the power of public education. These numbers reflect not only the scale of our work, but also the significant investment made in each student's success.
