

Summer Math & Reading Activities

For Incoming Grade 1 Students at BBES

Every time you complete an activity in a box, write the title or solution in that box and mark it with an X.

Complete at least 20 activities over the summer to get ready for 1st grade! Happy Summer!

Get a set of flash cards. Test your addition and subtraction facts to 10.	Read a book about someone who is different from you.	Go to the grocery store. In your shopping cart, practice counting what you see. How many pieces of fruit? How many cans?	Read a book about Science.	Grab a handful of objects. (pennies, beads, marbles..) Guess how many there are. Count your objects. Were you close to your estimate?
Read a book about a real person.	Look at your toys. Try to sort them into 3 groups. How many toys are in each group?	Read a book that teaches you how to do something.	Play the card game Go Fish. What math did you practice?	Read a book of poems.
Practice counting starting at a number other than one.	Read a book that teaches you about a place.	Keep track of the weather for 7 days. How many sunny days were there? Cloudy or rainy days?	Read a book that makes you laugh!	How many jumping jacks can you do in one minute?
Read a book about friendship.	Toss ten pennies. How many heads? How many tails? Try again! Did you get the same result?	Read a book that has won an award.	Make a picture using 2 circles, 3 triangles and 4 rectangles. Explain what it is and how you made it to someone.	Read a book about Summer!
Practice your math facts!	Read a book that teaches you about an animal.	Describe two different ways to make 10 cents.	Read a book about an event in history.	Roll two dice and add the two numbers together. How many times did you have to roll to get a 12? Try again.
