HELLO

JUNE!

Oak Openings
Burr Oak Community Schools
June 2026

Greetings Burr Oak Families and Community,

My first full school year with the district has officially concluded! It has been an incredible learning experience and a wonderful opportunity to get to know our students, families, and community members. To fully immerse myself in the spirit of Burr Oak, I recently purchased a home here in the district. I am deeply invested in this community, and I look forward to working alongside you to continually elevate our students' educational experience.

I am certain your summer has gotten off to an exciting start. As we head into the break, I want to share several important summer updates and outline some exciting changes planned for the 2026–2027 school year.

Summer Operations & Programming

- **District Summer Office Hours:** Beginning June 1st, our district offices will operate from **7:30 AM to 5:30 PM, Monday through Thursday** (closed on Fridays).
- **Summer School Sessions:** Our Summer School Program runs from **June 8th through July 17th**. Sessions take place **Monday through Thursday, from 8:00 AM to 12:00 PM (noon)**.

Campus Structure & Facility Changes

We are restructuring our campus layout to better serve our students' developmental and academic needs:

- **Elementary Realignment:** 5th grade will return to the elementary wing to maintain strong foundational learning and will no longer be part of the Middle School Population.
- **Middle School Transition:** Our Middle School will now consist of grades 6–8 and will be housed in the original building adjacent to the main campus. This dedicated space will give our middle schoolers an opportunity to build a distinct school identity and foster greater peer leadership.
- **Living Skills Upgrades:** The Living Skills class will be moving into the main building in the former shop area, providing a more centralized and accessible space for hands-on learning.

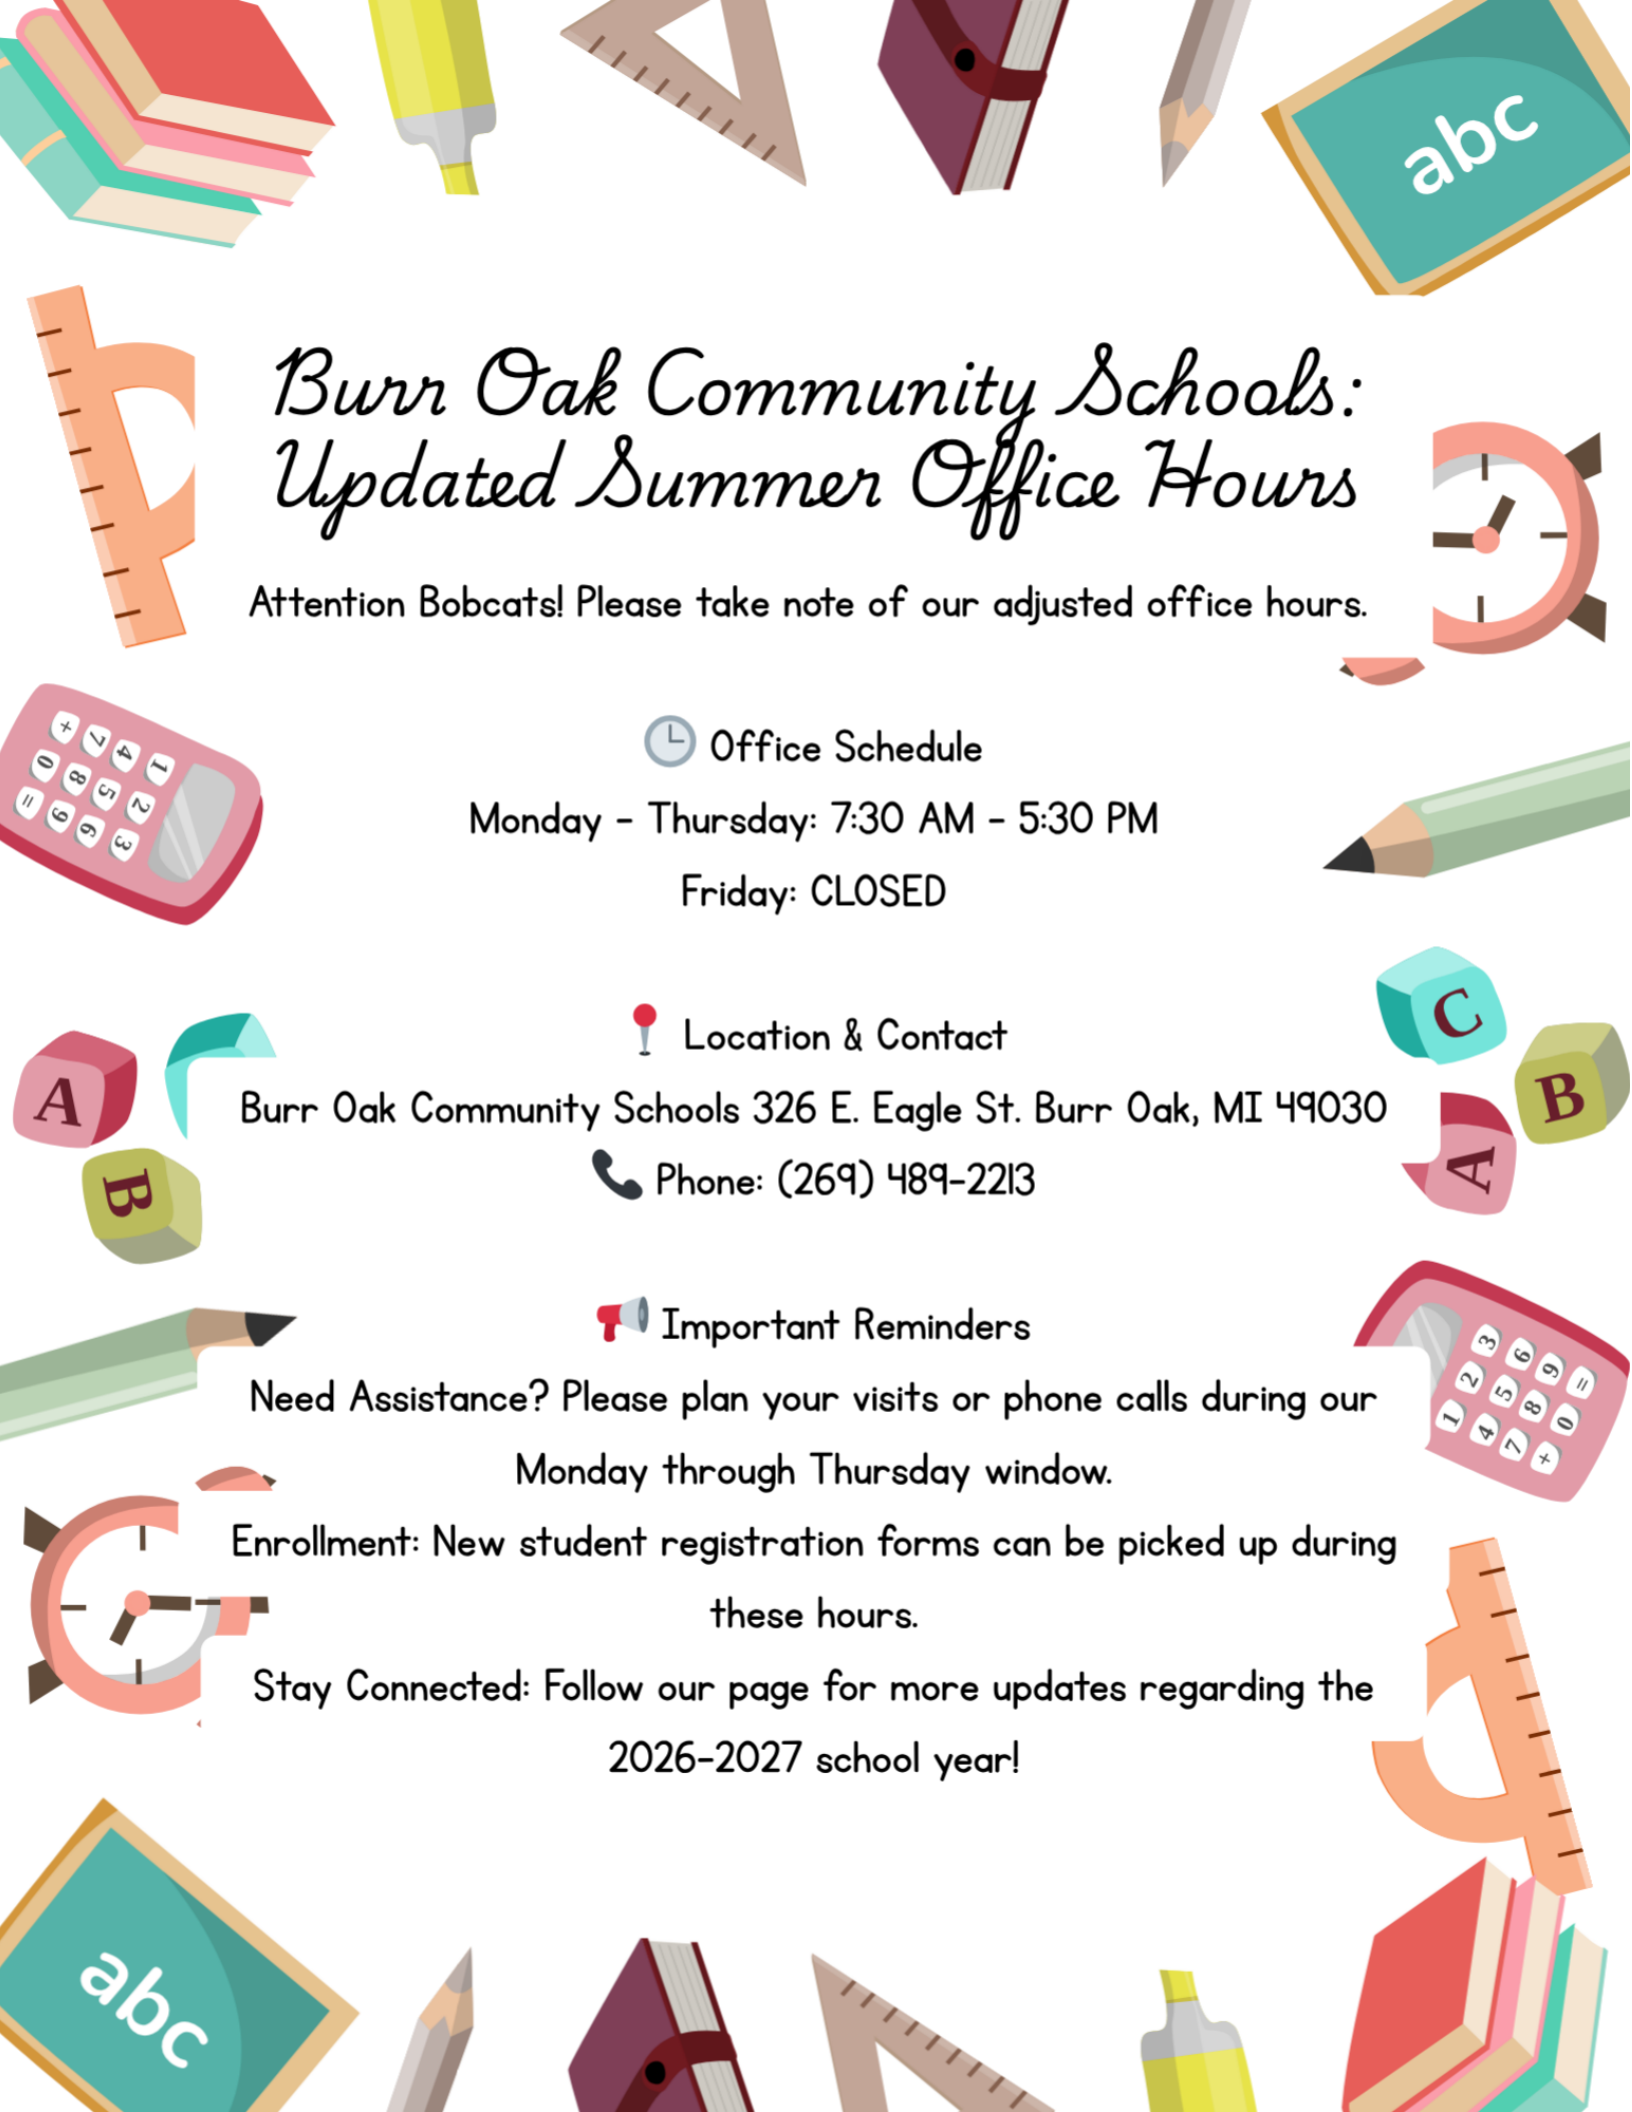

Focus on Hands-On Learning & New Cell Phone Policies

Our administration and faculty are dedicated to making the upcoming school year more exciting, dynamic, and engaging. Our primary goal is to emphasize student-focused engagement and interactive, hands-on activities while intentionally decreasing the use of electronic devices in the classroom.

To support this environment, please note an important update to state legislation. **Effective July 1, 2026, new state law mandates that students are not permitted to use cellular devices during academic time.** I will be working closely with our School Board to establish a policy that fully complies with this state law while maintaining practical flexibility for our families.

Thank you for welcoming me so warmly during my first year. Have a safe, refreshing summer, and as always—Go Bobcats!

Dr. Kelvin Butts
