Important Update: Gallina Campus Temporary Transition to Remote Learning

Dear Parents and School Community,

The Gallina campus schools have temporarily transitioned to remote learning due to a sewer line failure under the main building. We anticipate remote learning will continue for at least two weeks, and we will provide updates as repairs progress.

The health and safety of our students and staff remain our top priority. The damage requires extensive and immediate repairs that prevent us from safely operating until repairs are complete and the affected areas are thoroughly cleaned.

The district will continue to provide all education-related services through remote learning. Students must log into their learning platforms each school day, where teachers will host live, synchronous instruction sessions throughout the day on the regular class schedule.

Breakfast and lunch services will continue through bus route delivery:

- Meals will be delivered once each school day at regular bus stops.
- Drivers will leave campus at approximately 10:00 a.m. each school-day morning with lunch and the next day's breakfast.
- Delivery times may be affected by road construction on Highway 96; please contact your bus driver or the school office for approximate delivery times or alternate arrangements.

Special Education: Case managers will contact families directly to arrange virtual accommodations.

Technical Support: Please call the school office at 575-638-5491 for password resets and login issues.

The Leopard's Den is not affected by the closure. Athletic practices and events will continue on schedule unless the district provides further notice.

We appreciate your patience, flexibility, and partnership as our facilities team and contractors work to resolve this issue as quickly and safely as possible.

If you have questions or need assistance, please contact me or any member of our administrative team.

Thank you for your continued support, and thank you to our staff for their professionalism, flexibility, and dedication to keeping students connected and learning during this temporary transition.

Sincerely,
Loren R. Cushman, Superintendent
