

CJHHS

CAREER & TECHNICAL EDUCATION

AUG 2026

WELCOME TO OUR

First Monthly Newsletter!

In this newsletter:

Meet the teacher, FFA info,
A/V student skills, & more
Keep Reading!

Welcome to the very first edition of the Coupland CTE Newsletter! The opening of Coupland Junior High & High School brings an amazing lineup of Career and Technical Education programs, designed to give students real-world, hands-on skills before they graduate.

This year, students are exploring careers and building skills across several CTE subjects:
Audio/Video Production, Entrepreneurship, Networking, Manufacturing, Business, Agriculture, and Education.

From producing video projects and pitching original business ideas to writing code, operating shop equipment, and exploring the fundamentals of the ag industry, our CTE students are gaining the practical experience that sets them up for future careers, certifications, and college.

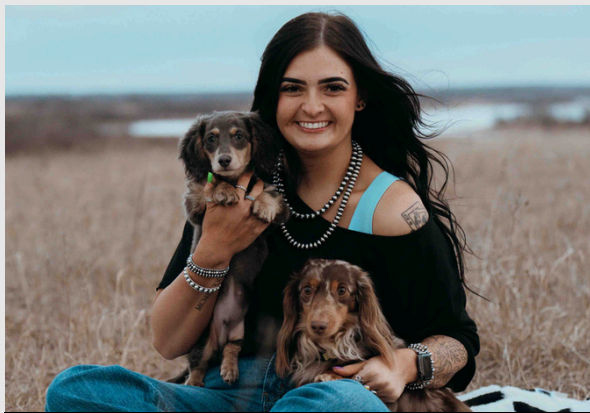

Each month, you can look forward to a peek into our classrooms, a chance to learn more about CJHHS's CTE events and projects, and photos of the great work our students do every day!

Meet Mr. Green

YEP, HE'S KISSING A GOAT.

Mr. Green teaches A/V, Networking, and Entrepreneurship. When he's not in the computer lab dishing out knowledge he's in the kitchen making goat cheese with milk from his goat herd!

Meet Ms. Sundberg

FFUN. FFEARLESS. FFA!

Ms. Sundberg is new to the Coupland area. Welcome, Ms. Sundberg! She teaches Ag, Manufacturing, and Business. She's very excited to get our FFA program up and running!

CTE Teaching Staff

A mixture of familiar and new faces, CJHHS CTE teachers are excited to share their expertise with students! Take a minute to get to know the multi-talented teachers in our CTE program.

Meet Coach Rinderknecht

TEACHING TEACHING

Coach Rinderknecht teaches Principles of Education and Training. In addition to being a CTE teacher, he is our head coach! A true leader on and off the field.

Lights, Camera, Action!

WE CALL THE SHOTS!

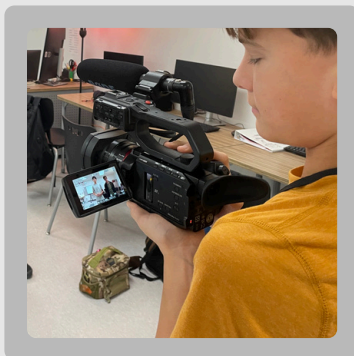

Ever wondered how movies, television, commercials, or music videos get made?

Well, Coupland middle and high schoolers are busy finding out in Mr. Green's Principles of Arts, Audio/Video Production, and Communications class.

This month they were introduced to our state-of-the-art A/V equipment during hands-on lessons about the parts of the camera.

By the end of the unit, every single student had **mastered** camera assembly and disassembly. We had a test grade average of 98 for ALL A/V STUDENTS. That's *incredible*!

CREATIVE THINGS COMING SOON FROM THIS TALENTED GROUP OF STUDENTS!

FFA Updates Coming Soon!

FFA CHARTER, OFFICER ELECTIONS,
VOLUNTEERING, AND MORE

Ms. Sundberg is hard at work establishing a Coupland ISD FFA Charter! Be on the lookout for more information coming soon, including how to become a FFA leader and details about competitions and events.

What Is FFA?

“The letters “FFA” stand for Future Farmers of America. These letters are a part of our history and our heritage that will never change. But FFA is not just for students who want to be production farmers; FFA also welcomes members who aspire to careers as teachers, doctors, scientists, business owners and more...FFA continues to help the next generation rise up to meet those challenges by helping its members to develop their own unique talents and explore their interests in a broad range of agricultural career pathways... We are still the Future Farmers of America. But, we are the Future Biologists, Future Chemists, Future Veterinarians, Future Engineers and Future Entrepreneurs of America, too.” - ffa.org
