August 18, 2026

Dear Parents/Guardians,

Good evening Madison families! I hope you and your child(ren) had a great summer! As we prepare to embark on the 2026-27 school year, it is my sincere desire, along with our teachers, staff, administration, and Board of Education to continue building on our school-home partnership.

Through this letter it is my hope to partner with our families to strengthen the literacy skills of all of our students from preschool through high school. Research shows that children who read or are read to at home develop a stronger vocabulary, score higher on reading tests, develop an enjoyment of both reading and learning, and are more successful in school.

As we continue to work diligently in our schools to build our students' literacy skills, I encourage you to prioritize reading in your home by setting aside some regular time daily to read to and/or with your young children and by engaging your middle and high school children in a regular reading schedule. As you engage your child(ren) in reading, it is important that they read or are read to both on their current reading level as well as slightly above their level to stretch them and further build their literacy skills.

Thank you for taking the time to read this correspondence and for your ongoing support in promoting and prioritizing literacy with your child(ren)!

In Ram Pride,

Rob Peterson, Superintendent
