2027 CHEMICAL BID PROPOSAL

City of Kalama
195 North First Street
PO Box 1007
Kalama, WA 98625

The undersigned has examined the site(s), local conditions, Proposal, Specifications, and all applicable laws and ordinances covering the Work contemplated. In accordance with the terms, provisions, and requirements of the foregoing, all of their respective terms and conditions are incorporated herein by this reference, and the following unit and lump sum prices are tendered as an offer to furnish the materials as required by the Specifications.

Bids are due by 10am on Friday, November 20, 2026. It is understood herein that after the date and hour set for the opening of bids, no Bidder may withdraw its Proposal, unless the award of the Contract is delayed for a period exceeding sixty (60) consecutive calendar days.

The undersigned freely states that it is familiar with the provisions of the competitive bidding statutes of the State of Washington, and specifically the provisions of RCW Chapter 9.18, and certifies that with respect to this Proposal, there has been no collusion or understanding with any other person, persons, or corporation, to prevent or eliminate full and unrestricted competition among Bidders on this Project.

The undersigned agrees that the City of Kalama reserves the right to reject any or all bids and to waive any minor informalities.

The undersigned hereby agrees that the City of Kalama reserves the right to award the contract to the lowest responsible, responsive bidder whose Proposal is in the best interest of the City of Kalama. Bidders may bid on any or all listed chemicals. Contracts for each chemical shall be awarded separately.

The contract period shall be for twelve (12) months, commencing on January 1, 2027 and ending December 31, 2027. The undersigned agrees to hold the prices listed below for the duration of the 12-month period and keep a minimum 20 super sac's of Diatomaceous Earth in their warehouse for shipment to the City of Kalama. The City of Kalama will buy any leftover super sac's of Diatomaceous Earth at the end of the contract. Failure to maintain the diatomaceous stock will be a breach of contract.
