Sutton Public Schools Community,

Sutton Public Schools takes pride in supporting the needs of the whole child, and to ensure that all children are safe, supported, engaged, and challenged each school day. Research indicates that initiatives focused on improving aspects of students' well-being in schools — such as addressing childhood obesity, preventing bullying, supporting students mental health, and restricting use of exclusionary discipline — have been found to be successful in improving student success and academic excellence. We have assessed our wellness policy as part of the USDA requirements. Below are the results of our assessment.

Step #1-

Step #2-

Our wellness policy was updated to include our review process, triennial assessment information, more detailed information about our dental hygiene program, and open campus.

Our updated wellness policy can be found on our school website

<https://www.suttonpublicschools.org/> under the District dropdown and will be presented to our board of education for approval at the next available board meeting.
