MY FAVORITE MEMORY FROM TGB IS...

- ... Friday night **football games** cheering on our team. – Jacqueline Rodriguez
- ... when the **band** goes around campus and plays in the halls during advisory. - Sherley Hernandez Chay
- ... my **friends** and how they make it seem like it's easier and make school feel more fun. - Victoria Lara
- ... taking a step out of my **comfort-zone** in math by taking an AP Pre-Calculus course. It was the most stressful class I've ever taken but I made so **many new friends** and **refined my skills** in time-management, improved the way I studied and taught me I can do anything with **hard work and resilience**. When I passed that test, I was so **proud of myself**, prouder than I've ever been. That confidence to take that course and pass the AP exam all comes from my wonderful teacher, **Mrs. Bradley**. Thank you, forever and more. - Nicole Escobar
- ...playing **flag football** during PE, it was against the other PE class, and the winner had bragging rights on who's the best class and we **won**. - Alex De Jesus German
- ...is running the track as punishment with my **JROTC teammates**. It was fun to struggle together. - Abril Torres Gorostieta
- ...my **guitar class** because I met many friends there who had similar interests as me, I am very grateful in meeting them. - Sofia Lopez
- ...all the **activities** they offered and **spirit weeks**. - Melissa Rita Condado

WITH WHAT I LEARNED, I PLAN TO...

- ... go to **ASU** to study architecture - Angel Ochoa
- ... make **smart money decisions** by what I learned during my semester in Economics. - Carlos Bojorquez
- ... be more **sure of myself**. I still haven't decided entirely what I want to do, but I do understand I love talking to people and socializing, and I am considering doing **STEM**. - Mario Ordonez Valencia
- ... attend ASU in the fall and get a **bachelor's degree** in early childhood education and Spanish or psychology so I can either teach Spanish or be a therapist. - Dania Duran Hernandez
- ... become a **Choir teacher**. I am **auditioning** to get into NAU's Kitt School of Music. - Tobi Ball
- ... go into **Army Reserves** and work as a combat medic. I also plan to attend NAU to study **biomedical sciences** and later focus on my veterinarian career. - Deimi Del Val Morales
- ... Use what I learned on how to **overcome obstacles** and do my **very best** no matter what I face in life. I plan to go to ASU to study law and become an **immigration lawyer** or medicine to become a **pediatrician**. - Jasmin Jimenez Garcia
- ... continue my education in a **HBCU college**. - Justin Paye
