Madison County School System is a highly-rated, public school system located just northeast of Athens, Georgia. The district uses its flexibility as a charter system to employ research-based innovative practices and strategies across all grade levels; one-to-one technology for students; flexible models for delivery of instruction based on student needs; and local and regional partnerships with the Madison County Chamber of Commerce, small businesses, large industry, and higher education institutions to equip all students with the resources and tools to be successful. With our culture of innovation and high expectations, we inspire students, staff, and stakeholders to achieve and succeed.

The Madison County School System serves approximately 5,200 students in five community elementary schools, Madison County Middle School, Madison County High School, the Broad River College and Career Academy, and the Madison County Early Learning Center.

What is best for students drives all decisions, and the System is proud of and commends the hard work of its administrators, teachers, and support staff. They are committed to making our schools a point of pride in the community. We encourage you to take time to visit each district school to see how we are bringing excellence to students and Madison County.

a message from the SUPERINTENDENT

As we near the midpoint of the school year, it is the perfect time to reflect on past achievements, identify areas for improvement, and align our goals for the rest of the year. We began last year with a renewed focus on learning. We launched a new literacy initiative and rolled out new math standards. Our schools implemented practices to ensure a safe and welcoming environment and create a successful learning program prioritizing student engagement. We have positioned ourselves to fulfill our vision of being recognized as a top-tier school system. While we have made progress in many areas, we are never satisfied with the status quo—we will always strive to be better in all that we do.

The Class of 2024 accomplished a great deal with a four-year graduation rate of 95.2%, continuing the trend of graduation rates above 90% for several years now. Students from all areas excelled in academics and competitions throughout the year. This class of students showed perseverance, resilience, and fortitude to be successful in all that they do. Their future is bright and we expect great things from them.

Our focus on learning provides students opportunities and experiences in a variety of arenas, from academics to the arts to athletics to Career and Technical fields and many other activities. Our teachers and leaders have and will continue to work diligently to ensure our mission to **Graduate Independent, Productive Citizens** remains at the forefront of all that we do.

This year, we started with a motto to "Love, Learn, & Lead with Ambition, Belief, & Character". We believe that a positive culture starts in a loving environment, and learning occurs more readily in a loving environment. Therefore, we want to lead the way in creating a loving environment that teaches students to have ambition to do great things, to believe they can accomplish their aspirations, and to do things the right way with the character that will make us all proud. Madison County, we welcome you and want to serve with you as partners to continue to build our community on these solid principles.

Joseph Goodroe

A premier, innovative charter school system committed to providing a strong foundation of excellence, offering opportunities to grow 21st century ready graduates in a safe and supportive environment.

To achieve our vision and mission, the Madison County Charter School System is committed to these guiding principles:

WE value each student as an individual.

WE foster and cultivate trust among all stakeholders through our actions.

WE nurture positive relationships with and between students.

WE foster a culture of innovation and high expectations that inspires students, staff, and stakeholders to succeed.

WE recruit and employ the best creative staff to provide effective and engaging instruction in order to promote student success.

WE commit to be efficient and effective with resources through ethical behavior, compliance with the law, transparency, and sound fiscal management.

What is best for students drives all decisions.

COLBERT ELEMENTARY

www.madison.k12.ga.us/schools/colbertelementary
255 Colbert School Road, Colbert, GA 30628
(706) 788-2341

At Colbert, we pride ourselves on providing a positive learning environment where students and families feel connected, valued, and supported. Our goal is to set our Cougars on the path to success by providing outstanding instruction that fosters a genuine love of learning. If our Cougars struggle, we are committed to providing the academic, social and emotional support they need to reach their potential. We will also promote the foundational traits of being respectful, responsible, and ready so that our Cougars will not only graduate, but will become independent and productive citizens. Every day is a great day to be a Cougar!

points of pride

Colbert Elementary added raised-bed gardens, a greenhouse, and a chicken coop to promote interest in science and agriculture.

Colbert Elementary's 4th grade mathematics scored in the top 10% of the state on Georgia Milestones EOG assessment, and their median student growth percentile was recognized as scoring in the highest growth level.

Colbert teachers were recognized with system and state awards:

Jenny Heath was recognized as a Georgia STEM scholar.

Ashley Mullins was recognized as MC Teacher of the Year for 2023-2024.

Allison Whitehead received the Jim Perkins Award.

Colbert Elementary's team finished in the Top 10 in the Regional Science Olympiad.

COMER ELEMENTARY

www.madison.k12.ga.us/schools/comerelementary
565 Gholston Street, Comer, GA 30629
(706) 783-2797

Comer Elementary School, home of the Comets, was founded in 1973 with funds from the Gholston Trust. Our mission statement, "Caring, Educating, and Supporting Students Toward Success in Life," expresses our desire to create a caring community of learners who achieve high standards in the classroom and in life. Our aim is to serve the whole child, an integral component of which is building strong relationships with both students and their families. Our mascot, Comet the Tiger, embodies the rich history of education in the Comer community, representing the tiger mascot of the former Comer High School and our current Comet mascot. Our School Governance Team, the Gholston Trust Committee, and our School Leadership Team are committed to enriching our students' education with a focus on the fine arts and STEM connections through agriculture in our community. Our students benefit from enrichment opportunities such as full-time fine arts teachers and BEYOND after-school clubs. As it has been said over the years, Comer Elementary is "One Great School", and we confidently and proudly proclaim that Comets always "Soar Above".

Stephanie Dickens
Principal

Nathan Herndon
Assistant Principal

points of pride

Comer Elementary was one of two Georgia schools to be recognized as a 2022 National ESSA Distinguished School.

Comer Elementary consistently outperforms the state and the district in overall content mastery and progress as determined by the Georgia Department of Education's CCRPI score.

Following over a decade of recognition as an Operational PBIS School, Comer Elementary was awarded the status of Distinguished PBIS School in 2023.

Since 2017, Comer Elementary has been deemed a No Place for Hate School.

Comer Elementary has consistently received a School Climate rating of 5 Stars from the Georgia Department of Education.

Comer Elementary benefits from the Gholston Trust, which funds additional support and enrichment programs for Comer Elementary students.

MADISON COUNTY MIDDLE SCHOOL

www.madison.k12.ga.us/schools/hullsanfordelementary
3215 Highway 172, Comer, GA 30629
(706) 783-2400

The current Madison County Middle School opened in the Fall of 2008. The school sits on five acres of land. We are unique in the sense that we are set up on a house system. We are the proud home of the MC Mustangs. We currently have approximately 1,200 students in grades 6th - 8th. Our goal is to help each child realize their maximum potential and develop their mental, physical, and spiritual being. To achieve this it takes a concerted effort of the student, the parent, the school district and the community.

EARLY LEARNING CENTER

www.madison.k12.ga.us/schools/early-learning-center
800 Madison St. / PO Box 37, Danielsville, GA 30633
(706) 795-5611

Madison County Early Learning Center is home to the district's lottery-funded pre-k classes in addition to two preschool special needs classes. We are proud to serve as the gateway for children beginning their educational journey in the Madison County Charter School System. Our goal is to provide a warm, loving environment in which children can play, learn, and grow together. Our staff is dedicated to making sure children are safe, engaged in learning, and excited about coming to school each day. We have a shared desire to make this first school experience a positive one for your child and family!

Bright Beginnings

The Early Learning Center's Bright Beginnings program offers several opportunities and resources for children from birth to age 4 and their parents. Play to Learn provides parents the opportunity to engage in a weekly play session with their child that focuses on building the early language, literacy, and social skills needed to prepare young children for preschool and kindergarten. Parenting workshops are also offered in the evenings and focus on equipping parents of young children to understand early brain development, to spark joy and curiosity in young children, and build skills for school readiness.

BROAD RIVER ACADEMY

www.madison.k12.ga.us/broad-river-academy
600 Madison Street, Danielsville, GA 30633
(706) 795-2173

At the Broad River College and Career Academy, we stress that all students are career-bound and all students will need some sort of training beyond high school to be able to compete in the job market. This training could include on-the-job training, military training, a certification, an associate degree, a bachelor's degree, or beyond. It is our goal to assist our students as much as possible as they choose a career pathway and map out the best route to achieve their career objective.

Through partnerships with the Madison County Chamber of Commerce and other community partners, the Broad River CCA has increasingly provided students with access to career exploration and development of interests and skills through work-based learning opportunities, the MADICO MADE Youth Leadership Program, the MADICO MADE Career Signing Day, the MADICO MADE Job Shadowing Day, the MADICO FLEX Entrepreneurship Program, and Trades Days.

MADICO MADE

Strategic Plan Progress

Executed | In Progress | On Hold

GOAL 1: Improve Student Achievement

Objective 1	To ensure content mastery	
Initiative i.	Establish the Early Learning Center	✓
Initiative ii.	Implement a Balanced Literacy Framework systemwide	✓
Initiative iii.	Integrate technology to enhance teaching and learning	✓
Initiative iv.	Strengthen transitions between fifth and sixth grades and eighth and ninth grades	...
Objective 2	To ensure student growth	
Initiative i.	Sustain data teams as the vehicle to implement quality research-based instruction in classrooms throughout the district, and as the vehicle for embedded professional learning for teachers	✓
Objective 3	To ensure college and career readiness	
Initiative i.	Expand learning opportunities and student engagement	✓
Objective 4	To ensure opportunities for an improved graduation rate	
Initiative i.	Provide alternative paths to graduation and postsecondary education	...

Celebrations and Achievements

Established our award winning JROTC team in 2021

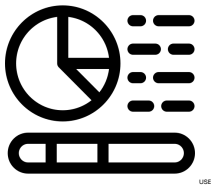

95.2%

Preparing students for lifelong success is a priority in Madison County. The district has earned historically high graduation rates for six consecutive years. We are proud of our students, parents, and staff for their commitment to academic excellence.

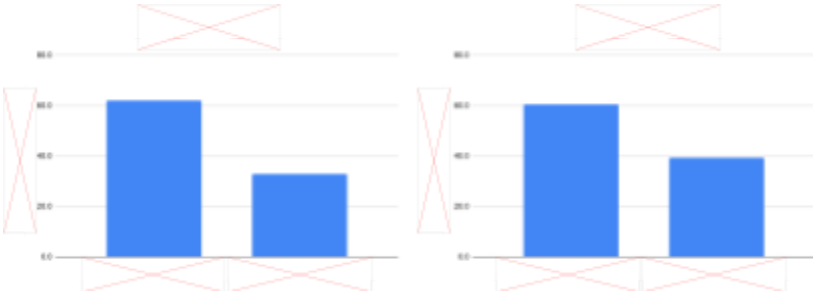

GRADUATION RATE

- ✔ Refined Work with Collaborative Data Teams to Guide Instruction
- ✔ Served Students in Small Groups Based on Data Using Need vs Label
- ✔ Utilized NWEA MAP Growth Assessments in Reading and Math

USE OF DATA

The Madison County Early Learning Center

Kindergarten Readiness

The ELC is home to approximately 160 Pre-K students and our Preschool Special Education program. Consolidating all district preschool classrooms in one location allows for a unique learning environment that is specifically designed for young learners and allows for collaboration among Pre-K teachers and staff.

A year spent in our ELC benefits students in several ways. Not only are they introduced to early reading and numeracy skills, but they are also able to learn routines and build social skills that prepare them for kindergarten and beyond. Our ELC students consistently score above national averages in reading and math skills when compared to their peers.

MADISON COUNTY CONNECTED

- ✔ Provide Chromebooks for All Students
- ✔ Deploy Learning Management System, CANVAS
- ✔ Ensure educators have Tools & Knowledge Necessary for Success

GOAL 2: Recruitment, Support and Retention of Excellent Personnel

Objective 1 To recruit and retain highly qualified faculty and staff

Initiative i. Promote MCCSS as an attractive place of employment

Celebrations and Achievements

The Madison County School System takes pride in our excellent faculty and staff. They are essential in our mission of graduating independent, productive citizens. We continue to recruit and retain highly qualified faculty and staff through

- Team Participation in Annual Job Fairs at UGA, GCSU, UNG, and Emmanuel College
- Yearly Job Fair with Representatives from Each School, Transportation, and School Nutrition
- Proactive Hiring Process, Including Letters of Intent for Current Staff and Early Posting of Vacancies
- Competitive Salary Schedule and Robust Benefits Package

We support our newest staff through an Induction and Mentoring Program that provides

- A 2-day orientation session for certified staff each summer, that includes information on benefits, training on essential technology, and self-selected breakout sessions based on needs.
- A school-based mentor assigned to each new staff member to serve as a resource for information and support.
- A school-based mentor coordinator at each school who coordinates routine check-ins with new staff and their mentors, and organizes "just in time" training and information throughout the school year.
- A yearly feedback loop with new staff to seek input on ways to improve support for new staff in the future.

GOAL 3: Efficient Operations and Use of Resources

Objective 1	To ensure student safety	
Initiative i.	Refine school safety plans based on the most current state and national recommendations	✓
Objective 2	To ensure adequate funding and business services	
Initiative i.	Ensure financial transparency	✓
Initiative ii.	Maintain relationships with state legislators, Charter System Foundation, and budget personnel to promote education initiatives and advocate for adequate funding	✓
Initiative iii.	Prepare for growth in student population	...
Objective 3	Expand and maintain facilities	
Initiative i.	Upgrade/build bus shop	✓
Initiative ii.	Build agriculture center and fine arts center	...
Initiative iii.	Promote well-maintained facilities	✓
Objective 4	Maintain access to hardware and infrastructure to support technology integration	
Initiative i.	Provide student access to technology devices	✓
Initiative ii.	Strengthen data privacy procedures and practices	✓

Celebrations and Achievements

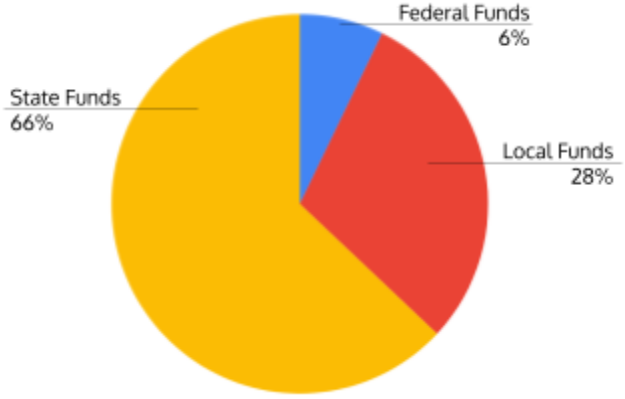

The Madison County School System consistently works to maintain and improve the facilities in which our staff and students work and learn. Facilities improvements have included

- A new bus shop in 2023.
- Ongoing retrofit of all buses for air conditioning.
- Addition of propane buses to our bus fleet in 2024.
- Groundbreaking and beginning construction of an agricultural facility in 2024.

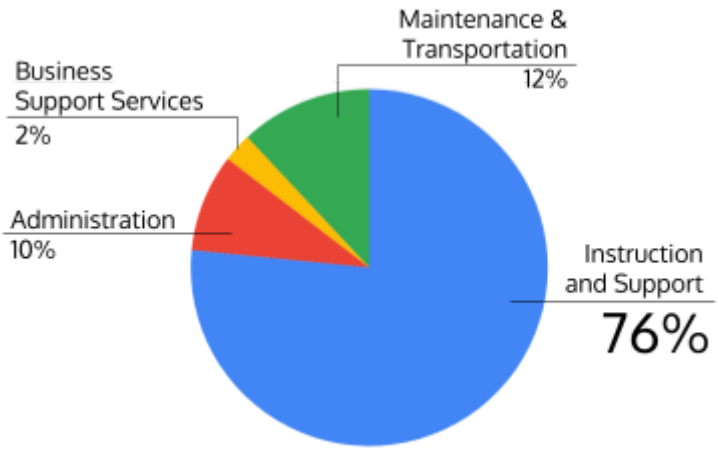

Student and staff safety are a top priority for the Madison County School System. We work to ensure safety by

- Partnering with the Madison County Sheriff's Office to place SROs in every school.
- Requiring ID badges for all employees.
- Secure school entrances, with controlled entry for visitors.
- Annually updating safety and crisis plans with input from emergency management personnel, GEMA, and stakeholders.
- Routine safety drills, including fire, severe weather, lockdown, and medical emergency drills.
- Implementation of Centegix emergency alert system in the 2024-25 school year.

2024-2025 Revenue Sources

2024-2025 Expenditures

GOAL 4: Effective Communication, Climate, and Relationships with Stakeholders

Objective 1	Improve climate and culture	
Initiative i.	Implement wraparound services to support students and families	✓
Initiative ii.	Improve public relations through effective communication	✓
Initiative iii.	Foster stakeholder involvement	✓

Celebrations and Achievements

facebook

Madison County School System partners with Advantage Behavioral Health, Pathways Transitional Programs, Project Family, and Social Empowerment to better serve our students and families in the area of mental health.

MENTAL HEALTH

UNIVERSITY OF GEORGIA

We have a partnership with the University of Georgia's College of Education to place graduate students in our schools to help meet the growing needs of our students. These students are master's level interns from their School Counseling and Social Work programs and doctoral level students from the School Psychology program.

STAR Student: *Gibson Krolikowski* STAR Teacher: *Nathan Herndon*

To be named a STAR student, a high school senior must have the highest score on any single test date of the SAT taken through November of their senior year and be in the top 10 percent or top 10 students of their class based on grade point average. The STAR teacher is selected by the declared high school STAR student for having made the most significant contribution to their academic development.
