

HINGHAM SCHOOL COMMITTEE
August 31, 2026 at 6:15 PM
Central Meeting Room, 2nd Floor, Town Hall
210 Central Street, Hingham, MA 02043
or Remote via Zoom
Dial-in number: 1-929-205-6099
Meeting ID: 885 6951 6344
Passcode: CWq1Yv
Website: <https://zoom.us/join>

MEETING AGENDA

1. Call to Order
2. Adjourn to Executive Session to return to Open Session pursuant to M.G.L. c. 30A, s. 21(a) for the purposes of:
 - 2.1 To discuss strategy with respect to collective bargaining or litigation and act as appropriate if an open meeting may have a detrimental effect on the bargaining or litigating position of the public body.
3. Return to open session at 6:30
4. Approval of minutes
 - 4.1 Minutes of the School Committee meeting held on August 17, 2026
 - 4.2 Minutes of the School Committee meeting held on August 19, 2026
5. Superintendent's Report
6. Communications
 - 6.1 Communications Received by the Superintendent
 - 6.2 Student Communications
 - 6.3 Other Communications
7. Unfinished Business
 - 7.1 To discuss School Committee meeting dates and act as appropriate
 - 7.2 To discuss the Transportation Handbook and act as appropriate
8. New Business
 - 8.1 To discuss an MOA with Unit C and act as appropriate
 - 8.2 To discuss the FY 28 budget calendar
 - 8.3 To receive a hiring update
 - 8.4 To discuss custodial & maintenance substitute rates and act as appropriate
 - 8.5 To discuss the award of Hingham Public Schools house doctor contract and act as appropriate
 - 8.6 To discuss proposed out-of-state field trips for HHS Crew and Boys/Girls Cross Country and act as appropriate

- 8.7 To approve grants and donations and act as appropriate
- 8.8 To approve surplus and act as appropriate

9. Questions and Comments

The Hingham School Committee encourages community engagement and welcomes questions and comments as agenda items are discussed at the meeting. In addition, we have set aside up to fifteen minutes at the beginning of this meeting for comments or questions that fall under the purview of the School Committee and are not already on tonight's agenda. If any guests wish to speak, please raise your hand, state your name and address, and address your comments to the Chairperson. Comments will be limited to 3 minutes per speaker and must relate to topics within the scope of responsibility of the School Committee. As established by the Massachusetts General Laws, the responsibilities of the School Committee are to (1) select and to evaluate the Superintendent, (2) review and approve budgets for public education in the district, and (3) establish educational goals and policies for the schools in the district. Speakers are encouraged to present their remarks in a respectful manner and to consider the privacy interests of others. The public comment period is not a time for debate or response to comments by the School Committee. The School Committee is not adopting or endorsing any of the comments made during the public comment period. In addition to this public comment period, the School Committee practice provides time for questions and comments from the public on new business items on the agenda.

10. Subcommittee and Project Reports/Warrants Signed

11. Other items as may not reasonably be known 48 hours in advance of the meeting

12. Adjourn to Executive Session not to return to Open Session pursuant to M.G.L. c. 30A, s. 21(a)(3) for the purposes of:

12.1 To hear a grievance from HEA Unit B as an open meeting may have a detrimental effect on the bargaining position of the public body and the chair so declares

12.2 To discuss strategy with respect to collective bargaining or litigation and act as appropriate if an open meeting may have a detrimental effect on the bargaining or litigating position of the public body and the chair so declares

12.3 To approve minutes of the School Committee Executive Session held on August 17, 2026

Next School Committee Meetings:

Monday, September 14, 2026 at 6:30 PM at Town Hall

This meeting is being held remotely/or in person as an alternate means of public access pursuant to Chapter 2 of the Acts of 2025 and all other applicable laws temporarily amending certain provisions of the Open Meeting Law. You are hereby advised that this meeting and all communications during this meeting may be recorded by the Town of Hingham in accordance with the Open Meeting Law. If any participant wishes to record this meeting, please notify the chair at the start of the meeting in accordance with M.G.L. c. 30A, § 20(f) so that the chair may inform all other participants of said recording.

HINGHAM SCHOOL COMMITTEE

August 17, 2026

MEETING MINUTES

Called to Order at 6:30 PM

School Committee Chair Jen Benham called the meeting to order at 6:30 PM and began by reading the following statement:

This meeting is being held remotely/or in person as an alternate means of public access pursuant to Chapter 2 of the Acts of 2025 and all other applicable laws temporarily amending certain provisions of the Open Meeting Law. You are hereby advised that this meeting and all communications during this meeting may be recorded by the Town of Hingham in accordance with the Open Meeting Law. If any participant wishes to record this meeting, please notify the chair at the start of the meeting in accordance with M.G.L. c. 30A, § 20(f) so that the chair may inform all other participants of said recording.

School Committee members present: Chair Jen Benham, Secretary Kerry Ni, Matt Cosman, John Mooney, and Nina Villanova

School Committee members participating remotely: none

School Committee members absent: Alyson Anderson, Tim Dempsey

Central Office Members present: Superintendent Kathryn Roberts, Assistant Superintendent Erica Pollard (present remotely), Executive Director of Business and Support Services Aisha Oppong; also present: Executive Assistant Sherry Robertson

Visitors present: 2025 School Building Committee Chair Angela Thedinga

Harbormedia was also present and recording the meeting.

Remote visitors: There were approximately 5 remote attendees on Zoom

Approval of Minutes

On a motion by Kerry Ni and seconded by Matt Cosman

- It was **voted** to approve the minutes of the School Committee meeting held on July 13, 2026

Superintendent's Report

Superintendent Kathryn Roberts gave a report that included the following topics: Preparation for the Launch of the 2026-2027 School Year; Central Office Summer Interns; HHS Jazz Concert at the Hingham Center for Active Living.

Communications

Committee Member John Mooney noted that he received some emails from parents regarding bus schedules and teacher assignments. Chair Jen Benham shared parent communications regarding handbooks and technology policies. Committee member Nina Villanova shared that the Cable TV Advisory Committee reached out seeking a Hingham Public Schools representative.

Unfinished Business

The Committee conducted a second read of proposed Policy Updates that had been discussed at the previous meeting.

On a motion by Kerry Ni and seconded by Matt Cosman

- It was **voted** to approve the updated Policy EEAEA – Bus Driver Examination and Training

On a motion by Kerry Ni and seconded by Matt Cosman

- It was **voted** to approve the updated Policy ECAB – Access to Buildings and Grounds

New Business

Update from 2025 School Building Committee

Angela Thedinga, Chair of the 2025 School Building Committee gave a presentation that included information regarding the MSBA application process and timeline, the findings, scope, and budget for the Plymouth River Elementary and South Elementary roof projects, and an update on the Hingham High School roof and HVAC project. The Committee asked questions about the repair and replacement options, costs, and next steps to prepare for a Special Town Meeting in October.

Regarding the South Elementary project, Matt Cosman inquired whether costs required to meet ADA standards had been factored in when an estimate was presented at the 2025 Town Meeting and received an affirmative answer. Additionally, Mr. Cosman encouraged the School Building Committee to look for potential areas of cost savings to bring down the costs of the roof projects if it was possible without compromising the integrity of the roofs. Chair Jen Benham shared that the School Building Committee has examined the potential materials to be used in the projects and will recommend the ones that will give the roofs the most longevity.

Regarding the Plymouth River School project, Mr. Cosman inquired whether the MSBA would provide clarity on what aspects of the project would be covered by the grant in time for Town Meeting. Ms.

Thedinga described the feedback process from the MSBA. Committee member Kerry Ni inquired whether the Building Committee had discussed the idea of a complete redesign of the Plymouth River roof to eliminate the “trough” that collects snow. Ms. Thedinga said that she would bring it to the Building Committee.

Finally, Ms. Thedinga gave an update on the Hingham High School roof and HVAC project and shared that the Building Committee had voted to recommend a ground source heat pump system. Committee member John Mooney noted that Foster Elementary is already using ground source heat pumps so that HPS maintenance staff has expertise in the operation and maintenance of these systems. Mr. Mooney noted that he believes the Committee’s goal should be to have ground source heat pump systems at each school. Chair Benham noted concerns about potential learning disruptions caused by drilling for the heat pumps.

School Handbook Updates

Assistant Superintendent Erica Pollard was present remotely and reviewed proposed updates to the High School, Middle School, and Elementary School Handbooks. Chair Jen Benham offered proposed updates to MIAA rules and links and the Committee’s updated wellness policy. Committee member Kerry Ni asked questions about when the new proposed language regarding image and voice alteration could apply outside of school, and also suggested that a reference to the Committee’s Acceptable Use policy be included with that language. Committee member Matt Cosman asked a clarifying question about proposed language about the HHS Principal’s authority to change a student’s schedule. Chair Jen Benham inquired about how changes to the absence and other handbook language would be communicated to students.

On a motion by Kerry Ni and seconded by Matt Cosman

- It was **voted** to approve the updates to the High School, Middle School, and Elementary School Handbooks as presented

Transportation Handbook

Executive Director of Business and Support Services Aisha Oppong explained the changes to the Transportation Handbook. No vote was taken and at this time.

2026-2027 School Committee meeting calendar

The Committee discussed the proposed meeting calendar for regular meetings, as well as planning the annual Saturday workshop. Dates were discussed and some changes were made to the draft calendar.

On a motion by Kerry Ni and seconded by Matt Cosman

- It was **voted** to approve the proposed School Committee calendar as amended

Update on FY27 Federal Grants

Assistant Superintendent Erica Pollard was present remotely and shared the status of federal grants that have been awarded to HPS. An ESSER Grant for Title I of \$83,950 will be used for a High School Math Interventionist to work with students not meeting graduation requirements. Additionally, Hingham will receive \$41,830 in Title II funding which will be used to further strategic initiatives related to professional development. Finally, the district will receive \$10,000 in Title IV funding, which will be used to fund professional development focused on the effective use of technology to support student learning, and on instructing culturally and linguistically diverse students.

Grants and Donations

Superintendent Kathryn Roberts described the HHS PTO Grants being offered: \$750 for a stipend for the Harbormen Helping Hingham initiative; a peer tutoring stipend amount of \$4,500; and a stipend of \$1,500 to fund a coordinator to track student service hours.

On a motion by Kerry Ni and seconded by Matt Cosman

- It was **voted** to accept the Hingham High School PTO grants of \$750, \$4,500, and \$1,500 as presented

Declaration of Surplus

The Committee received a memo from Facilities Director Matt Meehan in which he recommends to declare as surplus the following: 32 cafeteria tables that are deficient at HHS for which repairs not feasible, and a 17 CRT TV / Cathode Ray Tube TVs and mounting hardware which is unusable and no longer suitable for the learning environment.

On a motion by Kerry Ni and seconded by Matt Cosman

- It was **voted** to declare as surplus the items listed and to authorize the Director of Business and Support Services to dispose of them at the least cost to Hingham

Questions and Comments

There were no questions or comments at this time.

Subcommittee Reports/Warrants Signed

- Nina Villanova gave an update on a recent Policy Subcommittee meeting, as well as an update regarding the 2017 School Building Committee meeting regarding final projects at Foster School.
- Kerry Ni gave a Salary and Negotiations Subcommittee update, and also reported that she recently attended a meeting of the Massachusetts Association of School Committees about legislative updates.

- Jen Benham reported that the Sustainable Budget Task Force has been meeting throughout the summer and has an upcoming meeting. She also reported the finalized date for a Special Town Meeting, which will be October 29th.

Other items as may not reasonable be known 48 hours in advance of the meeting

None

On a motion by Kerry Ni and seconded by Matt Cosman

- It was **voted** at 8:16 PM to adjourn to Executive Session not to return to Open Session pursuant to M.G.L. c. 30A, s. 21(a)(3) for the purposes of:

To discuss strategy with respect to collective bargaining or litigation and act as appropriate if an open meeting may have a detrimental effect on the bargaining or litigating position of the public body.

To approve minutes of the School Committee Executive Session held on July 13, 2026

Executive Session: Pursuant to M.G.L. c. 30A, Section 21(a)(7) – To comply with, or act under the authority of, any general or special law; specifically, the Massachusetts Open Meeting Law, G.L. c. 30A, §§ 22(f) and (g), for the purpose of reviewing, approving, and determining the release status of historical executive session minutes dating from December 31, 1975, to March 31, 2024, in response to a formal request under G.L. c. 30A, § 22(g).

Roll call vote:

Jen Benham – aye
Matt Cosman – aye
John Mooney – aye
Kerry Ni – aye
Nina Villanova - aye

Respectfully Submitted By: Kerry Ni

TRANSPORTATION

BUS AND VAN DRIVER HANDBOOK

Hingham Public Schools — 220 Central Street, Hingham, MA 02043
(781) 741-1500 • Transportation Office: (781) 741-1510

Non-Discrimination Statement

Hingham Public Schools does not exclude from participation, deny the benefits of HPS from or otherwise discriminate against, identities such as race (race to include traits historically associated with race, including, but not limited to, hair texture, hair type, hair length and protective hairstyles), color, sex, sexual orientation, gender identity, sex stereotypes, sex characteristics, religion, disability, age, genetic information, active military/veteran status, marital status, familial status, pregnancy, or pregnancy-related condition, homelessness, foster care status, ancestry, ethnic background, national origin, socio-economic status, language acquisition status, or any other category protected by state or federal law in the administration of its educational and employment policies, or in its programs and activities.

If you need this booklet translated, please contact the Transportation Office

Portuguese / Português: Se você necessitar este livreto traduzido, entre em contato com o escritório principal da escola da sua criança.

Spanish / Español: Si usted necesita este libreto traducido, entre en contacto con la oficina principal de la escuela de su niño.

French / Français: Si vous avez besoin de ce livret traduit, entrez en contact avec le bureau principal de l'école de votre enfant.

German / Deutsch: Wenn Sie diese übersetzte Broschüre benötigen, treten Sie bitte mit dem Hauptbüro der Schule Ihres Kindes in Verbindung.

Equity Statement

Hingham Public Schools believes that equity is rooted in a reflective practice that permeates all facets of our organization. We actively seek to promote inclusion and the celebration of what makes our community members unique, while continuing to maintain their dignity, civil rights, and safety. We are committed to seeking mutual understanding among all stakeholders and to expanding the representation of all voices in order to build a more diverse and equitable school community.

Disclaimer

The laws, policies, and rules in this handbook are intended to ensure the safe, orderly, and educationally sound operation of Hingham Public Schools transportation services. In addition to these written provisions, there may be times when, to further ensure safe, orderly, and educationally sound operations, the administration may enforce a standard of conduct not specifically written in this handbook. The passage of any new law supersedes the rules contained herein.

Foreword

This handbook serves as a source of policy information, rules of the road and the job for bus/van drivers and monitors. It serves as a supplement to the information outlined in the job description, employment agreement, and the Hingham Public Schools (HPS) Personnel Policies Handbook. This guide applies to all HPS employees who transport or support the transport of students.

A handbook cannot address every possible circumstance and event that might conceivably occur. A driver or monitor's professionalism, people skills, knowledge of policies, driving skills, and emergency expertise will enable him or her to make appropriate decisions. All decisions made by HPS transportation employees must be made with a focus on the safe and efficient transport of the students in their care.

This handbook is intended to increase drivers' and monitors' knowledge and enhance their performance. If a driver or monitor is ever uncertain as to a course of action or procedure, he/she should contact the Transportation Director or his/her designee.

This handbook does not represent a contract between HPS and the employee and does not create any contractual rights. HPS has the right to change the policies in this handbook at any time, for any reason, and will notify drivers of such changes. Nothing in this handbook is intended to infringe on employees' rights under M.G.L. c. 150E. If there is any conflict between the policies contained herein and any applicable collective bargaining agreement, the collective bargaining agreement will control.

All current and new employees will receive a copy of this handbook and must sign a Confirmation of Receipt.
EACH DRIVER AND MONITOR IS RESPONSIBLE FOR KNOWING THE CONTENTS OF THIS MANUAL.

Section V: School Year	25
Section VI: Emergency Contact Information	26

Welcome

The purpose of this transportation manual is to ensure that all staff provide high quality, safe, and efficient transportation for the students of Hingham Public Schools and the private schools it serves.

Transportation is an extension of the classroom. The HPS driver and monitor's responsibilities are as important as any other person in the School System. The driver and monitor are responsible for the safety and well-being of students while transporting them to and from school. The daily ride of any child, especially one who may have a physical disability, is an important part of his/her educational day.

The most essential quality required from all HPS drivers and monitors is a caring and positive attitude. Drivers and monitors should realize that their involvement will be a part of the student's successful educational process. Their caring approach, their knowledge of the vehicle, their knowledge of student safety, and their awareness that they are professional drivers, are the most crucial factors in making a student feel at ease on the vehicle.

The population of students with special needs that a driver or monitor may encounter is diverse. Students may have disabilities affecting any aspect of their physical functioning, learning ability, judgmental and decision-making skills, visual and hearing acuity, and emotional or behavioral capacities. Transportation employees must be willing and capable of serving all students.

Section I: General

7D Vehicles and Authorized Drivers

- 7D vehicles are generally vehicles that do not exceed eight (8) student passenger seating capacity and are used to transport pupils to and from school (according to M.G.L. Chapter 90, Section 7).
- A Massachusetts School Transport Driver's License, known as a 7D license, is required for all eight (8) or fewer student passenger vehicles (7D vehicles).
- A Massachusetts School Bus Operator's Certificate is valid to drive a 7D vehicle.
- A 7D Operator License and School Bus License must be renewed every year. Employees who have reached their seventieth birthday must renew their license every six months.
- Drivers must hold a Commercial Driver's License (CDL) with an (S) & (P) endorsement that allows the driver to drive a school bus with children on board. The license must be renewed every five (5) years.
- Drivers must also hold a School Bus Driver Certificate from the Massachusetts Registry of Motor Vehicles (RMV). This license is renewed annually and must be accompanied by a copy of their physical.
- Drivers must have an U.S. Department of Transportation (DOT) physical. This is on an annual basis and must be within 90 days of the RMV application.
- Pass a Criminal Offender Records Inquiry (C.O.R.I.) every year.
- Pass a Massachusetts State Ethics on-line training every two (2) years.
- Pass a state and federal fingerprinting check. This occurs before the initial hiring of the individual.
- Pass random drug and alcohol tests per the U.S. Department of Transportation requirements throughout their employment.

Absences

If a driver is going to be absent due to sickness, he/she should call the Transportation Director immediately, preferably the work day before. The driver must make these calls him/herself, barring unforeseen circumstances. To report an absence, all drivers and monitors must call the Transportation Director at least two (2) hours before scheduled to work.

The Transportation Director can be reached by cell phone. If the driver cannot reach the Transportation Director, he/she can leave a message on the transportation answering machine 781-741-1510. Failure to make these calls could result in a loss of pay for that day and disciplinary action.

Except in cases of emergency, requests for personal leave must be made to the Director of Transportation at least two (2) weeks in advance of the day for which leave is being requested, and all requests must be made through the District's designated electronic portal. A driver requesting three (3) consecutive personal days and/or unpaid days off must make that request to the Director of Transportation at least thirty (30) days in advance.

Excessive absences may result in disciplinary action up to and including termination.

Confidentiality

Confidential and personal information regarding students that HPS transports is not to be discussed with any other person. Information a teacher or professional staff member passes on to a driver should not be repeated or divulged to a parent, guardian, babysitter, or student. This information may have been provided to inform the

driver of pertinent information that would affect transportation. Drivers may not ask a parent or guardian about a child's disability; a parent may volunteer information, but drivers may not ask.

Drivers and monitors may be informed of any medical conditions of the students they transport. The route sheets will contain personal, confidential, and emergency information for all students regularly transported in the vehicle.

Fitness for Duty

To fulfill Hingham Public Schools' responsibility to provide reliable and safe service to the individuals it serves, as well as a safe work environment, employees must be physically and mentally fit to perform their duties safely and efficiently.

In the event HPS has a reasonable belief that an employee is unable to safely continue to perform his/her regularly assigned duties for physical or mental reasons, it may first require the employee to undergo a preliminary Fitness for Duty assessment and dexterity test. If the Transportation Director determines that the employee is unfit to perform his/her job duties safely, HPS may require the employee to undergo an appropriate medical examination at a medical professional of HPS's choosing; the employee will be placed on administrative leave until the situation is resolved. All such medical examinations required by HPS and performed under its direction shall be paid for by HPS, and the employee has an obligation to cooperate in such scheduling.

The previous paragraph does not apply to employees unfit for duty due to alcohol and/or drug intoxication. Employees are expected to report for work and remain at work in condition to perform assigned duties free from the effects of alcoholic beverages or drugs (prescription or other), subject to disciplinary action up to and including termination. In accordance with School Committee Policy [GBEC](#) and state and federal law, the unlawful use, possession, sale, or transfer of drugs or narcotics in any manner at work will result in immediate disciplinary action up to and including termination. Possession of alcoholic beverages in the workplace and/or the consumption of alcoholic beverages during work time, will result in immediate disciplinary action up to and including termination.

It is an employee's responsibility to notify his/her supervisor when he/she has been informed that a physician's treatment or prescribed medication has a side effect which will impair the ability to perform normal duties. Such an employee must produce a doctor's note declaring him/her fit for driving and engaging in the activities required by his/her job before he/she can continue working.

Probationary Period

Each new driver is considered a probationary employee and has no seniority status until he/she has completed a probationary period of ninety (90) calendar days of continuous employment, during which time he/she may be discharged with or without cause and without recourse under the collective bargaining agreement. Days lost from work because of sickness or accident during the probationary period are not considered in computing the ninety (90) consecutive calendar days and do not break the consecutive period.

Employee Complaints and Grievances

Drivers who have complaints or dissatisfactions regarding their employment may first present the matter informally to their immediate supervisor in an effort to resolve it. If a complaint is not resolved informally and it qualifies as a grievance under the collective bargaining agreement between the Hingham School Committee and the Hingham Public School Bus and Van Drivers' Association, the driver may pursue the formal, multi-step grievance procedure set out in that agreement, within the time limits specified there.

Discipline for At-Fault Vehicle Accidents

If a driver is determined to be responsible by a police officer, or is reasonably determined to be more than 50% responsible by a supervisor, for an accident involving an HPS vehicle (an “offense”), the following progressive discipline applies, consistent with the collective bargaining agreement: for a first offense, the driver receives a verbal warning; for a second offense within one year of the first, the driver receives a written warning and may be required to complete additional safety training; for a third offense within two years of the first, the driver is dismissed from his/her duties, with the approval of the Superintendent. A driver who would be dismissed under this provision may request review by the District's Business Manager, who may modify or dispense with the discipline based on factors such as the driver's prior driving history and the nature of the offenses.

If a bus driver or van driver is not determined to be responsible by a police officer and is not reasonably determined to be responsible by a supervisor for an accident involving a District vehicle for a continuous period of active employment of two full school years, does not have any citations for moving violations, and does not have any discipline on file, the driver shall receive a year end bonus of \$400.00.

Forms

Drivers are responsible for submitting the following forms on time:

- Pre-trip Vehicle Inspection Report - completed through Zonar — completed daily before the AM, mid-day, and PM routes and Field Trips, and updated in Zonar at all times.
- Vehicle Conduct Reports ([Bus Conduct Letter](#)) — submitted the day of the misconduct. If it involves physical contact, notify the Transportation Director as soon as the misconduct occurs.
- Incident Reports ([BUS INCIDENT REPORT](#)) — submitted the day of the incident. Required anytime there is exposure, physical contact, or injury to the driver or a passenger, including vehicle accidents (even if only to report “no injuries”).

Hours of Operation

- Regular Work Day: The regular daily hours for bus drivers are based on the time value assigned to each route at the beginning of the school year. If a driver's actual worked hours exceed the assigned time value by more than seven (7) minutes on a given day, the driver is compensated for an additional ¼ hour of pay.
- Regular Workweek: Monday through Friday, in accordance with the collective bargaining agreement between the Hingham School Committee and the Hingham Public School Bus and Van Drivers' Association
- Overtime: A driver required to work in excess of eight (8) hours in one work day, or in excess of forty (40) hours in one work week, shall be paid at one and one-half (1½) times his/her regular straight-time hourly rate. All overtime must receive the supervisor's prior authorization.

A part-time hourly driver who reports to work without having been notified that school has been cancelled due to a severe weather condition will be paid two (2) hours' pay at the driver's regular straight-time hourly rate.

Athletic, extracurricular, or other school-related runs occurring after the end of the school day, or on weekends, carry contractual minimum-hour guarantees based on roundtrip mileage; a trip that begins after 6:00 p.m. or before 6:00 a.m. carries a minimum of four hours of pay. See the current collective bargaining agreement for full details.

Each employee must report his or her starting and ending times for each full or partial shift or trip using the time-recording system designated by the District (currently MUNIS).

Retirees from the public sector are limited by law to no more than 960 hours of paid time per calendar year, on pain of having to pay back some of their retirement income. Any such employee is responsible for notifying the Transportation Director of his/her total hours worked in any calendar year at the earlier of September 1, or when he/she has worked 850 hours, and HPS will cooperate in ensuring adherence to the 960-hour rule.

Court Appearances: An employee who is required by HPS to appear in court for the purposes of testifying on behalf of HPS shall be paid for all hours of such appearance.

Holidays: After completion of the ninety (90) day probationary period, drivers are entitled to holiday pay for Labor Day, Columbus Day, Veterans Day, Thanksgiving, the Day After Thanksgiving, Christmas, New Year's, Martin Luther King Jr. Day, Presidents' Day, Patriots' Day, Memorial Day, Juneteenth Independence Day (when school is in session before and after the holiday), and July 4th (subject to the eligibility requirements in the collective bargaining agreement).

Summer Employment Expectations

All drivers and monitors are expected to schedule their vacations during scheduled school vacations. Drivers and monitors who have committed to summer routes are required to work the entire summer once their route is in session.

Sign In & Out

All drivers/monitors must sign in/out with accurate times at the beginning and end of each shift and in accordance with the Contract.

Any changes, conflicts, or alterations to a sign in/out time must be submitted at the end of the day of each occurrence. This includes fueling, authorized vehicle cleaning, authorized mechanical service, authorized absence, etc.

- The time for each route will be pre-determined. If it varies, the driver must provide an explanation. Any exceptions or additions to his/her time must be pre-approved by the Transportation Director. There is no paid time between a.m. and p.m. shifts unless for planned/pre-approved work to be completed.
- If a driver or monitor reports to work and their route is cancelled for the AM, they will be assigned another route; if nothing is available, they will be paid a two-hour minimum for the AM route only.

All monitor times will be calculated on time to and from the school. Monitors work only when their students require a monitor; if the monitored student is absent, the monitor could be reassigned to another student.

License Renewal Procedure

Drivers no longer receive notification from the Registry of Motor Vehicles for license renewal. It is the driver's responsibility to get a physical and to get a renewal application processed at least two to three months prior to expiration to allow sufficient time for the process to be completed by the expiration date.

A physical is valid if scheduled within 90 days prior to the school vehicle certificate expiration date. As a reminder, all drivers 70 years of age and older must have a physical twice a year, 6-7 months apart. Please see the Transportation Director for a [physical form](#) (also located on the RMV website).

It is the driver's responsibility to ensure that the following are submitted to the Transportation Director:

- a copy of his/her current physical and medical certification (if appropriate);
- a current copy of his/her Massachusetts driver's license;

- a current copy of his/her 7D/School Bus certificate/ commercial license card;

In order to be reimbursed for his/her 7D or School Bus certificate/ commercial license card re-licensing fee, the driver must bring in proof of payment and his/her new certificate, and submit a Request for Reimbursement Form with copies attached to the Transportation Director.

When the driver receives a new Massachusetts driver's license, a copy must be submitted to the Transportation Director. HPS does not refund state driver license renewal fees.

Every driver must carry his/her license, medical examiner's card (only applicable to School Bus certificate holders), and 7D/School Bus certificate whenever he/she is driving for HPS. If a driver's license is invalid at any time, he/she must immediately notify the Transportation Director and will be ineligible to drive an HPS vehicle. Anyone driving without a valid driver's license is subject to suspension without pay.

Personal Use of Hingham Public Schools Vehicles

The school vehicle provided to drivers is for the exclusive transportation of Hingham Public Schools students and NOT for personal use. All vehicles must remain at the Depot when not in official use. Unauthorized personal use of vehicles is not permitted. Doing so will result in disciplinary action, up to and including termination.

The Transportation Director may approve a stop for a driver that does not deviate from his/her path of travel to where his/her vehicle is garaged. The approved stop cannot be submitted on a driver's time sheet as part of his/her route time. There are NO unscheduled stops, personal or otherwise, allowed when students are in/on the vehicle.

Only students assigned by the Transportation Director may be transported in HPS vehicles. Drivers cannot make unauthorized transportation arrangements. No individuals other than assigned students shall be transported on an HPS vehicle without authorization from the Transportation Director.

Suggestions for Working Effectively with Parents and Classroom Personnel

HPS employees are expected to maintain a professional attitude at all times. When drivers are "on the job" they are representing the Town of Hingham. This should also be reflected in the driver's operation of the school vehicle. Remember, all motorists will be observing the driver's actions on the road. Obey all traffic rules.

- The driver is in charge of the vehicle. The monitor (if any) will observe and help the student(s) and assist the driver, and will advise the driver of any pertinent information concerning the student(s).
- Drivers must be consistent with their time of pick-up and drop-off.
- Van Drivers are to wait no more than two (2) minutes beyond the pick-up time for a student at home. Call the Transportation Director if the child is a "no show."
- If the vehicle gets "waved-on" by the parent, call and advise the Transportation Director.
- Because of the nature of this work, routes may be rearranged to provide the safest and most cost-efficient transportation. Drivers must be flexible and ready for changes to their routes.
- DO NOT agree to drop off a child at a location other than what is specified on the route sheet. The parent/guardian must request all route change requests through the school district or the Transportation Director, who will advise the driver of any changes.

Section II: Substance Abuse Policy

This section applies to all transportation employees of the Hingham Public Schools, whether or not they are also subject to the requirements of the Omnibus Transportation Employee Testing Act of 1991.

HPS has a strong commitment to its students and employees to provide a safe workplace and to establish programs promoting high standards of employee health. Consistent with the spirit and intent of this commitment, HPS has established this policy regarding drug and alcohol use or abuse. Our goal is to establish and maintain a work environment that is free from the effects of alcohol and drug use.

While HPS has no intention of intruding into the private lives of its employees, HPS does expect employees to report for work in condition to perform their duties. HPS recognizes that employee off-the-job as well as on-the-job involvement with drugs and alcohol can have an impact on the workplace and on HPS's ability to accomplish the goal of an alcohol- and drug-free environment. All employees of HPS are employees at will and thus may be terminated for any reason at any time. "Drugs" under this policy includes marijuana.

1. THE USE, SALE, OR POSSESSION OF ALCOHOL, NARCOTICS, DRUGS, OR CONTROLLED SUBSTANCES WHILE ON THE JOB, ON OR OFF HPS PROPERTY, OR ON THE PROPERTY OF A SCHOOL, IS AN OFFENSE WARRANTING IMMEDIATE TERMINATION FROM EMPLOYMENT.
2. Employees who are under the influence of alcohol, narcotics, drugs, or controlled substances, either on the job or when reporting for work, or who possess or consume alcohol or drugs during work hours, have the potential for interfering with their own, as well as their co-workers', safe and efficient provision of student transportation. Consistent with existing Hingham Public Schools practices, such conditions may be cause for termination of employment. Employees convicted of a drug/alcohol offense may be terminated from their driving responsibilities.
3. Off-the-job drug use, alcohol use, or use of other substances or activity which could adversely affect an employee's job performance or which could jeopardize the safety of other employees, students, the public, HPS property, or equipment, may be cause for termination of employment.
4. Employees are expected to follow any directions of their health care provider concerning prescription medications, and must immediately notify their supervisor if any prescription drug is likely to have an impact on job performance.
5. Any employee, while on the property of Hingham Public Schools or in a school zone, or during that employee's work shift (including all breaks and meal periods), who consumes or uses, or is found to have in his or her personal possession, locker, desk, or other repository, alcohol or drugs, will be suspended immediately pending further investigation. If use or possession is substantiated, the employee will be discharged.
6. If an employee chooses to notify Hingham Public Schools or request assistance from HPS regarding an alcohol or drug problem, that notice or request will not jeopardize his or her continued employment, but does not exempt an employee from the other sections of this policy. However, the employee must access the Employee Assistance Program or another certified substance abuse program and provide written documentation of successful completion of the program. Additionally, the employee must stop any and all involvement with the substance being abused and maintain adequate job performance.

Types of Tests That Will Be Administered

- Post-Accident — Drivers shall be tested after accidents when there has been a citation for a moving violation, an at-fault accident, a fatality (even if the driver is not cited), bodily injury requiring treatment

away from the scene, a disabled or towed vehicle, or when the Transportation Director deems it appropriate. Testing for alcohol use shall generally be conducted within two (2) hours. Employees are obligated to cooperate in such testing or they will be deemed to have refused the test (see below); it is the employee's responsibility to make him/herself available for testing, and the employee will generally be accompanied to/from the testing site by an HPS administrator/supervisor/employee. Department of Transportation regulations permit employers to use blood, breath, or urine test results obtained by federal, state, or local officers having independent authority to perform such tests in order to satisfy testing requirements.

- **Reasonable Suspicion** — Employees (not limited to drivers) may be tested when an HPS administrator or supervisor observes behavior, speech, appearance, or odor that leads to a reasonable suspicion that the employee has violated the drug and alcohol policy.
- **Random** — All drivers shall be tested for the use of alcohol and controlled substances on a random, unannounced basis just before, during, or after performance of safety-sensitive functions. Each year, the number of random alcohol tests conducted by HPS will equal at least 10% of covered employees, and random drug tests will equal at least 50% of safety-sensitive positions.

Conducting Tests

All tests will be conducted through a facility certified by the U.S. Department of Health and Human Services (DHHS) and in compliance with regulations promulgated by the U.S. Department of Transportation (DOT). Any refusal to participate in any of the alcohol and/or drug tests authorized in this policy will be treated as indicative of a positive result. Evidence that an employee has tampered with a sample shall be treated as a refusal to participate in testing for purposes of imposing discipline.

- **Alcohol** — An employee is tested for alcohol consumption using an evidential breath-testing (EBT) device. DOT regulations require two tests — a screening and a confirmation test. A result below .02 alcohol concentration is considered negative; a result above .02 triggers a confirmation test. Refusal to sign the breath alcohol testing form, perform the test, or otherwise fail to cooperate shall be deemed a refusal to test. Blood alcohol testing may be used in reasonable suspicion and post-accident testing when an employee cannot provide adequate breath or an EBT device is not available.
- **Drug** — Drug testing is conducted by analyzing a driver's urine specimen through a DHHS-certified facility. Specimen collection and chain-of-custody procedures ensure the specimen's security, proper identification, and integrity. DOT rules require a split specimen procedure: each specimen is subdivided into “primary” and “split” bottles, both sent to the laboratory. Only the primary specimen is initially opened and used for the urinalysis. If the primary specimen confirms an illegal controlled substance, the driver has 72 hours to request the split specimen be sent to another DHHS-certified laboratory. Testing is a two-stage process (screening, then confirmation for any positive result). Over-the-counter medications are not reported as positive results. All drug tests are reviewed and interpreted by a Medical Review Officer (MRO) before being reported to the employer. If the laboratory reports a positive result, the MRO will contact the driver to determine whether there is an alternative medical explanation; if the MRO determines the drug use is legitimate, the test will be reported to HPS as a negative result.

Section III: Responsibilities of the School Vehicle Driver and Monitor

For staff in the Transportation Department, Hingham Public Schools will provide eight (8) hours of in-service through the course of the school year. If a driver fails to obtain these 8 hours by his/her license expiration date, he/she will be unqualified to drive and ineligible for pay.

7D Vehicle Signs

All 7D vehicles must display the required signage identifying the vehicle as a school transportation vehicle, in accordance with Massachusetts law and regulations. Drivers must report any missing, damaged, or non-compliant signage to the Transportation Director immediately.

Air Bags

Students under the age of twelve (12) and under 49 inches may not ride in the front passenger position in vehicles equipped with air bags.

Car Seats

PreK students and any students who are required per their IEP must be seated in a federally approved harness or car seat.

Car seats are to be placed where tethered hooks are positioned. When a car seat is used in an outside seat position, a locking clip must be used on the shoulder seat belt to lock the belt. Some vehicles may be equipped with an extra seat belt in the outside position for a car seat.

Car seats are not allowed to be moved from HPS vehicles without prior approval from the Transportation Director.

Cell Phones and Other Electronic Communication Devices

Only business-related communications shall be made over the radio. In addition to the requirements of state and federal law as amended from time to time, unauthorized use of personal cell phones and/or electronic devices (making/receiving calls, texting, email, web browsing, gaming, etc.) during work time is prohibited. This includes hands-free devices and any future technology of a similar nature.

An exception applies in the case of an emergency pursuant to G.L. c. 90, §12A(b), or if the radio is not functioning properly — but only if the driver uses the cell phone or other device to contact the dispatcher while parked in a safe location to report the emergency or malfunction and receive direction from management.

Employees should give family members Hingham Public Schools' main telephone number for emergency calls. The office will immediately relay information to the employee or, if unreachable, to the employee's supervisor or another available person able to reach the employee. If using the radio, the dispatcher will notify the appropriate bus/van to pull over and call the office immediately.

Employees who use cell phones contrary to the above will be disciplined pursuant to the HPS progressive discipline policy.

- Two-way radios, as required by the FCC, are for business use ONLY. No conversational vehicle-to-vehicle use is allowed. Radio abuse will not be tolerated. Anyone using the airwaves for non-business purposes and/or in a non-professional manner will be subject to disciplinary action.
- Drivers are required to perform a radio check before their a.m. and p.m. routes by calling the transportation office. DO NOT give personal or cell phone numbers to parents or students; parents should be advised to call the Transportation Director for assistance.

Dress Code

Proper attire that would be acceptable in a classroom is appropriate while driving students. For safety, shoes must be worn and secured to the heel (no high heels, strapless shoes, or flip-flops). Violations of the dress code may result in drivers or monitors being sent home to change and disciplinary action.

Field Trips

Transportation Department drivers will receive a [Field Trip form](#) which must be completed with accurate information. All forms must be turned in to the Transportation Director at the end of the route the day of, or the next school day.

Fuel

Vehicles must have sufficient fuel/charge for at least one day's operation at the end of every day. The vehicle should have a minimum of one half (1/2) tank of gas or 50% charge, so a substitute driver will not need to fuel it in the morning. Fueling/ Charging should be done after the AM or PM route has been completed. The vehicle should never be re-fueled or re-charged while students are on the vehicle.

Keys

Each driver will be given a key for his/her assigned vehicle and is responsible for it. ALL keys must be turned in during school vacations, at the close of the school year, and at the close of the summer session. If a driver is going to be out of work for any length of time, keys must be returned to the office.

State law prohibits leaving keys in a vehicle unattended. Periodic inspection for keys in vehicles will occur by HPS and the police. Drivers must close their windows and doors, and lock doors before leaving their vehicles. Any disregard for these policies may result in disciplinary action.

Medical Emergency

All HPS Transportation Department drivers and monitors are required to be trained in Epi-pen use and seizures. Mandatory training is provided by HPS during the school year.

In case of a medical emergency, remain calm. IMMEDIATELY CALL 911, and then contact the Transportation Director.

Communication is vital in an emergency. Keep the Transportation Director advised of all actions being taken; the Supervisor will notify all necessary persons. Administer emergency resuscitation (CPR) or first aid if necessary. After completing the route, the driver should fill out an Incident Report and submit it to the Transportation Director the same day.

Periodic Inspections

At the end of the school year, end of the summer, and prior to school vacations, drivers must have their vehicles inspected for cleanliness and safe condition before keys can be turned in.

Once in February/March and October/November, every vehicle must be inspected by a garage approved by the Commonwealth of Massachusetts for 7D stickers, and once a year for a Mass Inspection sticker. The Transportation Director will notify the driver when to bring in his/her vehicle for 7D inspection. It is the driver's responsibility to support the necessary steps to ensure the vehicle passes 7D and state inspection. If at any time the driver is aware of any reason the vehicle would not pass 7D standards, he/she must report it on the Pre-Trip Inspection sheet and to the Transportation Director.

Physical Contact/Threats

- If there is any physical contact (e.g., hitting or scratching another person), a safety issue, or unusual behavior requiring assistance, call the Transportation Director immediately.
- If the student or driver was subject to any physical contact, the driver must fill out an Incident Report, in addition to a conduct report, that day.
- If a driver or monitor becomes aware of a student threatening bodily harm to self or others, stop in a safe area and contact the Transportation Director immediately — do not wait to file the conduct report. A conduct report must still be filed that day.
- Never refuse transportation to a student assigned to the route except at the direction of the Transportation Director or a school administrator at the student's assigned school or district.

Placards

Drivers must not remove, obscure, or alter any placards, decals, or identifying signage required to be displayed on an HPS vehicle. Any questions regarding required placards should be directed to the Transportation Director.

Pre-trip Inspections

The transportation service HPS provides for our pupils depends on our attention to safety, promptness, and preventive maintenance of our school transport vehicles. The driver is responsible for a planned, systematic inspection of the vehicle before each trip.

Drivers are to perform a daily safety pre-trip inspection before the start of their AM, Midday, PM routes, and Field Trips, completed with each item correctly checked off for the HPS vehicle. If the driver knows something is wrong that makes the vehicle unsafe to operate, he/she should contact the Transportation Director immediately. Do not fail to check the vehicle. Failure to properly conduct daily pre-trip inspections may be grounds for suspension/termination.

Drivers are always responsible for maintaining the cleanliness and safe condition of their vehicle and must always complete a daily pre-trip inspection report of all problems or defects as they occur. Vehicles should always be “inspection ready.”

Daily inspection includes, but is not limited to, fuel check, inspection of tires, lights, brakes, first aid kits, registration and current inspection stickers, emergency equipment, doors & windows, and vehicle condition. Floors, seats, driver area, and all interior windows must be free of personal items and exceptionally clean.

Any problems with an HPS vehicle must be reported in Zonar or to the Transportation Director. The Transportation Director will not be responsible for anything that is not reported. Submit any and all problems as they occur. When repairs have been made, Zonar will be updated and the driver notified. Should a driver be pulled over by the Registry of Motor Vehicles, the officer will check for violations and whether the driver was responsible for not reporting them.

If a driver is assigned another vehicle during the same workday, he/she must complete a new pre-trip inspection, even if a previous driver has already completed one for that vehicle.

The Daily Vehicle Pre-trip Inspection must be updated in Zonar at all times and used to report all defects to the Transportation Director. If a Massachusetts RMV Inspector or State Trooper stops an HPS vehicle and the pre-trip inspection reports are not correctly completed, the driver is liable for all summons and fines.

If a driver has questions about how to perform a pre-trip inspection or complete a Zonar inspection, he/she must ask the Transportation Director for appropriate training.

Student Checks through Zonar must be completed after all runs and field trips. After returning to the Depot at the end of the day and checking the bus/van for students, the driver must make sure the vehicle is clean and fueled for the next run.

Van drivers must have a sign “ Vehicle in Service Students on Board” facing out during their route. At the end of each run you must check the van for sleeping children or personal belongings, turn the sign “Out of Service Clear and Empty facing outwards.

Preservation of Equipment

Students who vandalize, damage, disable, or render inoperable any transportation equipment (including surveillance cameras) shall be subject to appropriate disciplinary action and referral to appropriate law enforcement authorities.

Railroad Crossings

It is Hingham Public Schools policy that all bus drivers must stop at all live RR crossings:

- Put hazard lights on.
- Turn off the master switch so the red stop lights will not come on.
- Turn off the radio and all fans.
- Stop 15 to 50 feet before the tracks.
- Open both windows and door to observe the track in both directions.
- When the tracks are clear to the left and right, no oncoming vehicle will cross at the same time, and there is no traffic in the vehicle's lane the length of the vehicle beyond the tracks, proceed across.
- Shut off the hazard lights after crossing and resuming speed.
- Never shift gears when stopped at the tracks; leave the vehicle in the drive position.

Reimbursement for Expenses

If the driver incurs a legitimate on-the-road expense (e.g., tire repair, parking lot fee, toll, emergency fuel), he/she must submit a receipt and reimbursement form to the Transportation Director for expense approval and reimbursement.

Safe Loading and Unloading

School lights must be used when loading and unloading students/passengers at all times. Drivers will provide a safe loading area for their students. Always park to the extreme curbside right when loading and unloading pupils, so no vehicle (motorcycle, bicycle) can come up on the right. Never use the vehicle as a road block to keep traffic from passing on the left, as the driver would be considered a contributing cause of any ensuing accident. All students must enter and exit the right side of the vehicle.

Drivers of students with special needs must try at all times to load and unload in the student's driveway. The driver and monitor are to assist students who may require help entering or leaving the vehicle.

Never leave students in the vehicle alone. A driver may have to leave the driver's seat to assist a student in or out of the vehicle (if another student is in the vehicle at the same time, the driver must not leave the driver's seat at all), but must first remove the key from the ignition and set the parking brake.

Always turn off the engine, set the parking brake, and remove both the ignition and door keys whenever leaving the vehicle. (There are a few exceptions — e.g., vehicles that must have the key left in the ignition on accessories for the red stop lights and wheelchair lift to operate.)

The Massachusetts Commercial Motor Vehicle Anti-Idling Rule requires school vehicles to be shut off after idling for five minutes, including while waiting for pick-up at a school. If a student is aboard, the vehicle may remain idling.

- If the child does not come out immediately from home, wait one minute before gently beeping the horn.
- When the van driver has been at the pick-up location for 2 minutes past the scheduled pick-up time, call the Transportation Director IMMEDIATELY to state that the vehicle is leaving without the child.
- Before moving the vehicle, ensure seatbelts are buckled properly.
- Never drop off a child anywhere but where the route sheet indicates, unless the Transportation Director informs the driver differently.
- Do not drop a child off at a friend's house — even if it is another stop on the route — without authorization from the Transportation Director.
- If a parent asks a driver to drop off the child somewhere else or change transportation in any way, tell them to call their school district or the Transportation Director.
- Only accept changes from the Transportation Director. Do not accept notes from students alone; notes must be signed by a parent or Principal.
- Drivers must wait to be sure kindergarten students are met at their homes by an authorized adult before releasing the student from the vehicle.
- If a student has permission to enter home alone, make sure the student enters the house and wait a couple of seconds to be sure everything is safe inside.
- If there is no adult home or at the stop when a driver drops off a child, keep the child on the vehicle and radio the Transportation Director immediately so the Transportation Office can inform the school and begin contacting parents. Unless instructed otherwise, finish the route and then return the child to the school. Do not release a student to anyone else (e.g., a neighbor) without authorization.
- Never drop a student at the police station without authorization from the Transportation Director.

Seat Belts

Drivers are required to wear seat belt restraints when operating HPS vehicles. Monitors are required to wear seatbelt restraints while the vehicle is in motion.

The Commonwealth of Massachusetts requires all occupants of 7D vehicles to use restraining devices (seat belts, lap and shoulder straps). Children in wheelchairs must be secured by a shoulder/lap seat restraint in addition to the wheelchair being secured to the vehicle by a four (4) point system.

It is the van driver's and monitor's responsibility to see that student passengers are safely buckled into their seats. Do not rely on the teacher, paraprofessional, or parent/guardian to complete this task — if someone else places a student into the vehicle, the driver or monitor must ensure the restraining devices are properly secured.

Smoking/Eating

Students may not eat, smoke or vape in HPS vehicles. Food is a potential choking hazard, and allergies to food or smoke may cause a life-threatening reaction.

Drivers and monitors may not smoke at any time while conducting HPS transportation, including in or around HPS vehicles, on school grounds, in any HPS parking lot, or within 20' of any workplace building in Massachusetts.

There are no unscheduled stops allowed when students are on the vehicle. With students on board, drivers may not stop for food or smoking, for themselves or students. Enabling or knowingly allowing students to smoke is grounds for disciplinary action, including suspension without pay and/or termination.

Standard Precautions and Infection Control

The Labor Department's Occupational Safety and Health Administration (OSHA) has set standards and guidelines pertaining to infection control in the workplace. The measures below should be followed for infection control and standard precautions in HPS vehicles.

Proper hand washing (Purel or similar product should be in vehicles at all times) is crucial to preventing the spread of infection. Hands should be washed:

- Before physical contact with students,
- After contact is completed,
- After contact with any equipment used by students,
- Immediately before touching anything else if hands or skin become soiled with blood or body fluids,
- Whether gloves are worn or not, and
- After gloves are removed.

Gloves (stored in a "Body Fluid Kit") should be worn when direct contact may involve blood or body fluids, for contact with urine, feces, and respiratory secretions, and when providing mouth, nose, or tracheal care.

If a bodily fluid spill occurs in the vehicle, clean it up as soon as possible with appropriate materials; gloves are required. Any items used from the Body Fluid Kit or first aid box must be REPLACED IMMEDIATELY — see the Transportation Director.

Student Conduct

Set the ground rules with students the first day and there will be fewer problems throughout the school year. Be firm, but also polite toward students at all times.

If misconduct or an unsafe situation occurs while on the route, stop the vehicle in a safe area before taking appropriate action. Drivers must be firm, clear, and direct with instructions. State as clearly as possible what is expected of the student. Some students with special needs cannot follow multi-step directions but respond well to one direction at a time (e.g., Please sit down. Put on your seat belt. Close the window.). Each directive should be completed before the next is issued.

Never threaten a student with a form of discipline.

Drivers and monitors are not to discuss problems with children with teachers or parents. If a driver or monitor has a problem with a student that has not been resolved one-on-one, the following procedures must be followed:

- Write up the problem on a Conduct/Incident Report form. Do not make judgments about students or give advice to parents or supervisors — simply describe what occurred in detail. Never refer to other students by name; use initials if necessary.
- Submit the report to the Transportation Director as soon as possible that day.
- File reports each time misconduct occurs so the problem can be dealt with swiftly. Administrators can only take action when they know a problem exists.
- Copies of the Conduct Report are sent to the School Principal, or Assistant Principal, who will decide what disciplinary measures will be taken.
- Under no circumstances shall the driver or monitor decide the consequences a child should receive, nor discuss the problem with the child's parent/guardian.
- If the problem continues, inform the Transportation Director each time it occurs.

Student Personal Belongings and Medication

To ensure safety, backpacks should be kept away from students while driving — stored under the seat or at the front of the vehicle (vans) whenever possible.

Drivers are not responsible for transporting students' personal belongings and should consult the Transportation Director for approval.

Drivers MUST NOT transport medications except in an emergency with prior arrangement with the Transportation Director and school nurses. When transporting medicine it must be in a sealed package (if not sealed, don't accept it) and the driver must record the name of the person receiving the package at the school.

Sudden Illness of Students

If an illness occurs while en route, after making sure the student is as comfortable as possible:

- AM Route: Call the Transportation Director immediately and continue to school, unless directed otherwise.
- PM Route: Call the Transportation Director immediately and continue on route, unless directed otherwise.

At all times, the student must be delivered to a family member, guardian, teacher, or school administrator. The Transportation Director will contact all necessary individuals.

Transportation Routes and Route Sheets

Drivers should keep to the schedule of the transportation route as printed on the route sheet. This is the time schedule given to parents, guardians, and teachers to plan for the vehicle's arrival and departure. If the schedule needs to change to make the route more efficient or safe, drivers must notify the Transportation Director, who will generate new route sheets.

It is essential that drivers notify the Transportation Director of all pertinent route changes needed after the first two weeks of the run, and throughout the driving year. At all times the route sheet must be complete and accurate so that anyone could substitute on the run and complete it successfully. An up-to-date route sheet must be available in the vehicle at all times.

When assessing routes or route sheets, consider vehicle turnarounds, construction/traffic/road hazards, routes that eliminate backing up or students crossing streets, fuel requirements for at least one day's operation, and school drop-off/pick-up locations.

Parents and guardians may request or demand route or time changes — do not make any changes yourself; refer them to the Transportation Director, who will notify the driver of any approved changes. If a teacher has changes or concerns, they should address them with their Principal, who will address them with the Transportation Director.

Parents should be directed to call the Transportation Director when a child will not need a ride to/from school on a given day. For any permanent or long-term (more than 5 days) changes, ask the parent to call the school and notify the Transportation Director.

Unattended Vehicles

HPS vehicles must never be left unattended with the engine running or keys in the ignition. State law prohibits leaving keys in an unattended vehicle. Drivers must always set the parking brake, remove the keys, and secure the vehicle (windows closed, doors locked) before stepping away, except where an accessory position must remain on to operate required safety equipment such as red stop lights or a wheelchair lift.

Vehicle Accidents

Vehicle accidents include any collision, regardless of how minor, with another vehicle, object, or person. The driver must report the accident to the Transportation Director by phone IMMEDIATELY, no matter how minor. Follow the procedures below:

- Don't move the vehicle (even if blocking traffic) UNLESS police, fire, or an HPS official tells you to move it; there is a fire on board; or the vehicle is in a dangerous situation.
- Keep students in the vehicle if it is safe. If you take students out, STAY WITH THE STUDENTS AT ALL TIMES.
- Take the walkie-talkie with you out the window.
- Have students stay together (holding hands); designate 2-3 group leaders.
- Move students as far away from the vehicle as possible, to a safe spot away from danger.
- Don't try to fight any fire — stay with the students.
- Call 911 and follow up with a call to the Transportation Director and give location, injuries, and vehicle damage.
- After assistance arrives, exchange papers while staying in the vehicle with students.
- Give the other vehicle a copy of the registration.
- Give students' names to Police/Fire/HPS Personnel and school officials only — no one else should be given the students' names.
- Fill out an Accident Report/Incident Report immediately after returning to the lot, along with a Registry of Motor Vehicle Report and Insurance Report.

If injury to the driver and/or monitor, or disabling of the vehicle, prevents immediate contact with the Transportation Director, ask someone at the scene to call. Keep calm; see to the safety and well-being of passengers. Tell the Transportation Director the names of all persons present and of all injuries. Do not discuss the accident with anyone (including media) except the police or the Transportation Director, except to share basic information (driver's license, registration, insurance company) with parties involved. Drivers are not to make any statement as to fault or contributing cause, except to the investigating officer, and are to provide straightforward, honest answers to the police in charge of the scene.

Insurance investigation will commence after the accident. If any insurance company calls a driver at home or writes requesting a statement, do not respond directly — REFER ALL PHONE CALLS AND BRING ALL PAPERS TO THE Transportation Director.

Wheelchairs

Wheelchairs must be loaded and unloaded at ground level. Ideally, load and unload wheelchairs with the vehicle entirely in the student's driveway.

Parents, nurses, or teachers are to bring the wheelchair to the lift and receive the wheelchair at the lift. If no one is there to receive the child when offloaded, the driver or monitor must remain with the student until someone receives him/her.

After locking the wheelchair's brakes, the chair must be secured to the vehicle in four places by belts (tie-downs), and the child must be secured by a shoulder/lap seat belt. Under no circumstances can belts or tie-downs be tied to the wheels of the chair — they must be attached to loop hooks only.

It is the driver's responsibility to know that the wheelchair is secured before driving away. Drivers must check wheelchair brakes weekly to ensure the wheelchair is secured in place (no movement). If wheelchair brakes are not working properly, do not transport.

Section IV: Daily Expectations — Reporting Requirements

Vehicle Conduct Reports

Must be submitted the day of the misconduct. If it involves physical contact, notify the Transportation Director as soon as the misconduct occurs.

Incident Reports

Must be submitted the day of the incident. An Incident Report is required anytime there is exposure, physical contact, or injury to the driver or a passenger. The driver will need to fill one out for him/herself and for any passenger who received physical contact/injury. In the event of a vehicle accident, he/she must fill an Incident Report out even if only to say “no injuries.”

Section V: School Year

School Calendar

Early dismissals do occur during the school year due to weather, school-related emergencies, Professional Development and Parent-Teacher conferences. Service home will be provided following the school building schedule for that day. NOTE: Occasionally HPS classrooms remain in session when regular education classrooms in the same building are closed for Parent-Teacher conferences.

It is each driver's responsibility to know when students have half-days or no school and respond appropriately. Drivers should verify with the Transportation Director when an early dismissal is known and check the school calendar for the schools to which he/she transports. For HPS program students, follow the HPS program dates for each school. If there is a schedule conflict on early dismissal days, inform the Transportation Director immediately.

Snow Days and Other Weather Emergencies

The school district provides weather-related closing announcements on local radio and television stations and via phone messages. It is the drivers' responsibility to monitor school district and individual school closings by watching the news, listening to the radio, and checking their phone.

If there is no cancellation at that point, he/she must come to work. No matter how long it takes to transport that day, do so safely.

School Closings

In the interest of safety, Hingham Public Schools does not provide any transportation when school is cancelled in Hingham due to inclement weather.

Delayed Openings

Be extra careful regarding delayed openings. DO NOT bring a child to school prior to the delayed opening time. If there is a schedule conflict because of the later opening, call the Transportation Director immediately.

If a student is already on board and their town/school cancels, the driver will need to bring that student home. The Transportation Director will first contact the parents to be sure someone is home to accept the student, and will advise the driver on how to proceed.

Early Dismissals

HPS will provide transportation home from school for early dismissals due to inclement weather. Drivers will be advised by the Transportation Director regarding how to proceed.

Section VI: Hingham Public Schools Emergency Telephone Numbers

- Padraig Cunningham — Transportation Director — Tel: (781) 741-1510
- Maureen Mahoney — Admin Assistant, Transportation — Tel: (781) 741-1510
- Aisha Oppong - Executive Director of Business and Support Services Tel: (781) 741-1500
- Christine Panarese — Executive Director of Student Services — Tel: (781) 741-1500
- Maryann Foley — Human Resources Director — Tel: (781) 741-1500
- Kathryn Roberts — Superintendent — Tel: (781) 741-1500

For all emergencies involving injury or immediate danger, call 911 first, then notify the Transportation Office.

From: Kathryn Roberts, Superintendent
Aisha Oppong, Executive Director of Business and Support Services

Subject: Review of Rates for Substitute - Custodians & Maintenance

Date: August 31, 2026

The following is to request a change in the substitute rate for custodians & maintenance employees.

	Current Rate	Proposed Rate
Short term rates	\$18.50	\$23.00

The purpose of the change is to increase the rate of pay for custodians given the increases in the custodial contract. This rate has also not increased over the past 2 years and we have had some difficulty developing the substitute pool.

Proposed Motion

To approve an increase in the substitute rate for custodians effective from September 6, 2026.

Services

Subject: House Doctor Contract Approval

Date: August 31, 2026

A Request for Proposals (RFP) was prepared and issued in accordance with M.G.L. c. 7C, §§ 44–57. The District received 17 proposals, which were reviewed and evaluated using the established evaluation criteria included in the RFP. The evaluation considered each firm's ability to meet the required services, prior experience with state, municipal, and school repair projects—particularly House Doctor contracts—staff qualifications, the experience and specialties of proposed staff and subconsultants, knowledge of Massachusetts public construction requirements, and overall firm qualifications. These criteria are reflected in the evaluation rubric used during the selection process.

Following the evaluation of all 17 proposals, three firms emerged as the strongest candidates. These firms demonstrated significant experience providing House Doctor architectural services for public school districts and municipalities, as well as extensive experience with school repair and renovation projects. Their proposals and submitted resumes demonstrated strong qualifications in the specialty areas anticipated to be needed for the District's upcoming capital, maintenance, and repair projects. In addition, the proposed project teams demonstrated the depth of professional expertise necessary to respond to the District's varied facility needs.

- Based on the evaluation process, the following three firms were selected:
 - Raymond Design Associates

HINGHAM PUBLIC SCHOOLS

Field Trip Planning Sheet

Teacher(s): Sarah Dewey and Sydney Blasetti Grade/Course and Section: B/G Crew

Destination: Glastonbury, CT

Means of Transportation: School Bus

Date: 9/26/2026 Time Leaving: 6:00 a.m. Time Returning: 9/26/2026 4:00 p.m.
