This report provides your student's results on the spring 2025 Massachusetts Comprehensive Assessment System (MCAS) tests. For each test your student took in spring 2025, the report shows your student's score and achievement level. For some tests, the report also provides information about your student's academic progress, or growth.

The Test Results tab provides additional details about your student's performance on each test, while the Detailed Results tab provides information about how they performed on individual test questions. The Test Results tab also compares your student's performance to the performance of students in the school, district, and state.

Information about your student's achievement in this report should be used alongside other assessments and information, such as school tests and classroom work, when possible.

English Language Arts - Spring 2025

Below are your child's results from the 2025 MCAS Alternate Assessment (MCAS-Alt). All students are required to participate in federally mandated statewide assessments, either by taking the standard MCAS tests or by participating in the MCAS Alternate Assessment (MCAS-Alt) for students with the most significant disabilities who meet the eligibility requirements. Your child's school submitted their MCAS-Alt last spring, as designated by their IEP.

The MCAS-Alt is a record of your child's level of achievement of alternate academic achievement standards. Before the MCAS-Alt was submitted, your child's school was required to invite you to review your child's MCAS-Alt assessment. If you have questions about the results, please meet with your child's educator(s) to discuss the alternate achievement standards and your child's performance. The Department of Elementary and Secondary Education (DESE) would like to acknowledge the efforts your school put forth to ensure all students have challenging expectations.

 MASSACHUSETTS Department of Elementary and Secondary Education	
☐ How did your student do on the Massachusetts Comprehensive Assessment System - Alternate (MCAS-Alt) English Language Arts assessment?	
Achievement Level	Description
Progressing	A student at this level demonstrated a partial understanding below grade-level expectations of selected learning standards and core knowledge topics contained in the Massachusetts curriculum framework for the subject. Students at this level are steadily learning new knowledge, skills, and concepts. Students require minimal prompting and assistance, and their performance is basically accurate.
Emerging	A student at this level demonstrated a simple understanding below grade-level expectations of a limited number of learning standards and core knowledge topics contained in the Massachusetts curriculum framework for the subject. Students at this level require frequent prompting and assistance, and their performance is limited and inconsistent.
Awareness	A student at this level demonstrated very little understanding of learning standards and core knowledge topics contained in the Massachusetts curriculum framework for the subject. Students at this level require extensive prompting and assistance, and their performance is mostly inaccurate.
Incomplete	Sufficient evidence and information was not included to allow an achievement level to be determined in the subject.

Viewing MCAS-Alt Test Results: Scoring Areas

Your child's MCAS-Alt was scored in the following Scoring Areas

Level of Complexity — How your child addressed the learning standards in each subject (strand)

- 5 - Student addresses a broad range of curriculum framework learning standards (three or more) at grade-level expectations in this strand.
- 4 - Student addresses a narrow sample of curriculum framework learning standards (one or two) at grade-level expectations in this strand.
- 3 - Student addresses curriculum framework learning standards that have been modified below grade-level expectations in this strand.
- 2 - Student primarily addresses social, motor, and communication "access skills" during instruction based on curriculum framework learning standards in this strand.
- 1 - Strand reflects little or no basis in, or is unmatched to, curriculum framework learning standard(s) required for assessment.

Demonstration of Skills and Concepts — The percentage of accurate (correct) responses

- 4 - Student's performance is accurate and is of consistently high quality in this strand (76-100% accurate).
- 3 - Student's performance is mostly accurate and demonstrates some understanding in this strand (51-75% accurate).
- 2 - Student's performance is limited and inconsistent with regard to accuracy and demonstrates limited understanding in this strand (26-50% accurate).
- 1 - Student's performance is primarily inaccurate and demonstrates minimal understanding in this strand (0-25% accurate).
- M - Strand contains insufficient information to determine a score.

View detailed information of the Scoring Areas for the MCAS-Alt assessment.

Independence — The amount of assistance your child received

- 4 - Student requires minimal verbal, visual, and physical assistance to demonstrate skills and concepts in this strand (76-100% independent).
- 3 - Student requires some verbal, visual, and physical assistance to demonstrate skills and concepts in this strand (51-75% independent).
- 2 - Student requires frequent verbal, visual, and physical assistance to demonstrate skills and concepts in this strand (26-50% independent).
- 1 - Student requires extensive verbal, visual, and physical assistance to demonstrate skills and concepts in this strand (0-25% independent).
- M - Strand contains insufficient information to determine a score.

Self-Evaluation — Your child's awareness of his or her performance

- 2 - Student frequently plans, self-corrects, monitors, sets goals, and reflects in this subject; multiple examples of self-evaluation were found in this strand.
- 1 - Student infrequently plans, self-corrects, monitors, sets goals, and reflects in this subject; only one example of self-evaluation was found in this strand.
- M - Evidence of planning, self-correction, task-monitoring, goal-setting, and reflection was not found in this strand.

Generalized Performance — The number of approaches used by your child to demonstrate knowledge and skills

- 2 - Student demonstrates knowledge and skills in multiple contexts, or uses multiple approaches and/or methods of response and participation in this strand.
- 1 - Student demonstrates knowledge and skills in one context, or uses one approach and/or method of response and participation in this strand.
