Welcome to Cumberland County Schools!

A Message from the Superintendent: Dr. Eric Bracy

Dear Parents & Guardians:

Welcome to Cumberland County Schools! We're so glad your family is joining ours.

Kindergarten marks the beginning of an incredible journey filled with discovery, friendships and the joy of learning. Thank you for choosing one of our outstanding elementary schools. We are excited to walk alongside you and your child during this important first step.

As a parent myself, I understand the mix of emotions this moment can bring—pride, excitement and maybe even a little nervousness. That's why we've created this guide to support you with helpful tips and resources as you prepare for the first day of school. From enrollment and health forms to lunch menus and learning expectations, this guide is designed to give you peace of mind.

At CCS, we are committed to creating a safe, welcoming and academically rich environment where every student can thrive. We believe that when families and schools work together, great things happen. Over the years ahead, we look forward to partnering with you to support your child's growth and success both in and out of the classroom.

We're excited about the road ahead and can't wait to see all that your child will accomplish in kindergarten and beyond.

Sincerely,

Dr. Eric Bracy
Superintendent

CUMBERLAND COUNTY SCHOOLS

We provide everything your child needs to become confident, capable, and successful in life.
