CAPE FEAR HIGH SCHOOL

Academy of Agriculture and Natural Sciences

Academy Facilitator: Payton Quist
paytonquist@ccs.k12.nc.us

The Academy of Agriculture and Natural Sciences prepares students for careers in agriculture, natural resources, environmental science, animal science, and related industries. Through hands-on learning, students apply classroom knowledge to real-world experiences while developing skills in areas such as animal care, environmental sustainability, conservation, agricultural technology, and natural resource management. Partnerships with local businesses, colleges, universities, and community organizations provide opportunities for internships, job shadowing, industry tours, mentorships, and career exploration.

Courses Offered:

- Foundations of Agriculture
- Animal Science I
- Animal Science II
- Agriculture Mechanics I
- Agriculture Mechanics II
- Horticulture I
- Horticulture II
- Equine Science I
- Equine Science II
