Student Support Services Team

The Student Service Team at Pauline Jones High school address students' cognitive, socio-emotional and career development needs. They are the link between the home, school, and the community and provide direct as well as indirect services to students, families and school personnel. They also provide peer mediation, monitoring of school attendance, promoting dropout prevention, consultation, information and referral, identification of at-potential students, and crisis intervention. Most Importantly they provide the support and encouragement to help each scholar graduate from high school ready to collaborate, compete and succeed.

Academic Services

Pauline Jones offers a rigorous learning environment that meets scholars where they are, as they are. We offer classes in Math, English, Sciences, Social Studies, Art, Physical Education, and a host of Career and Technical Education courses. We provide a variety of synchronous and asynchronous learning opportunities to help our students meet the graduation requirements for North Carolina. Academic resources include but are not limited to CANVAS, Edgenuity, Brain Pop, Google Suite, National Geographic, NCVPS, Kahoot, Quizlet, Khan Academy. We also encourage parents to access Infinite Campus and become CANVAS observers to help support scholar achievement.

PAULINE JONES VISION

Pauline Jones High will be a home that allows young adults to grow academically, creatively, socially, and emotionally to become successful and productive members of society.

VISION

Pauline Jones will be a home that allows each scholar to grow academically, socially, and emotionally to become successful and productive members of society.
