# SOLEN PUBLIC SCHOOL DISTRICT #3

Dear Parent/Guardian,

We are writing to emphasize the importance of maintaining open and accessible lines of communication between your family and the school.

In the event of an emergency involving your child, it is critical that we are able to contact you immediately using the phone numbers you have provided. We have been made aware that in some cases, the school's phone number may be blocked or unable to go through to a parent/guardian's phone. When this happens, it prevents us from reaching you promptly during urgent situations.

Please be advised that if our school number is blocked and we are unable to reach you during an emergency, we may be required to contact Child Protective Services or the Bureau of Indian Affairs to ensure your child's safety and supervision. This step would only be taken when we are unable to reach a parent or authorized emergency contact and immediate action is necessary.

To avoid this situation, we respectfully ask that you:

- Ensure the school's phone number is not blocked on your phone.
- Verify that all contact numbers on file are current and working.
- Provide updated emergency contact information if needed.

Your child's safety is our highest priority, and clear communication is essential in helping us protect and support them.

If you have students enrolled in both schools, please contact both front offices to ensure your contact information is accurate and up to date. If you have any questions, please reach out to the appropriate school office for assistance. Please note High School and Elementary numbers are listed below.

Thank you for your prompt attention to this important matter.

Sincerely,

Cari Kramer

Ms. Cari Kramer
Superintendent
Solen Public School District
