THE REEL

I just cashed the money from the gift card and I just want to thank you and all the donors who made this possible!! Now my son can have 2 pairs of shoes which he needs so badly!! My daughter can make a cat payment so that it doesn't get repossessed, and I will have money to pay some bills as well!!!

Thanks, thanks, thanks!!!!

I just wanted to take a moment to let you—and everyone who supports and helps you—know how deeply grateful I am for the holiday support and how much it truly means to me. I am very intentional with how I spend my money, and having this support—without having to worry about some of the little and big things—has made such a meaningful difference.

I appreciate everything you have done for me, as well as all that you do for so many other families. Your program gives me hope and reminds me that God will always give us more than we ask for.

Thank you for your support and coordination. I wish you a very Merry Christmas and a Happy New Year.

please tell them thank you they've changed everything for us.

I can't stop crying.

You have truly been a blessing and I am so very greatfull for all the kindness you have given to me and my little family. You have now idea the impact that kindness that JA has shown me. I will forever be grateful. You have all shown me that we are not alone in this hard season in our lives.

_____ has been through so much this last year and I know that she tries really hard to be strong and push through everything with me. So being able to get her some things that we have lost this year will put a smile on her face again and it will also remind her that the power of school and unity and the JA family is truly there for her. Thank you again for also helping with her school fees. Please let every one know that my heart if full of hope and greatfullness for all that you guys have done.

I have rewritten this email so many times and no matter what words I use it just doesn't express the sincere gratitude I felt when I looked at our envelope. To say it was so so much more than I ever could have anticipated is an understatement. If it can be passed along to all those who contributed this year I would love for them to know the extreme gratitude we have for their kindness. I was honestly left in tears and humbled this afternoon. We are usually the ones giving and receiving such a generous gift as we find ourselves in a trying part of lifewell there really are no words.

Thank you

Thank you so much! I was a little overwhelmed this morning and appreciate everyone involved with this process.

I just wanted to say thank you so much for coordinating. Please tell the everyone who donated thank you so much. It really means and helps so much. 😭❤️

Dear Tiffany,
I would like to sincerely thank you and all the donors for the gifts provided to our family. As my husband's health declined, our family has faced difficulties we had never experienced before, and December has been especially challenging in many ways. This holiday gift program has helped our family tremendously, and I truly cannot thank you and the donors enough. Please share our sincere appreciation with everyone involved, from our entire family. We are deeply grateful. I hope you have a wonderful weekend, and happy holidays.

Thank you so much Tiffany,
These gifts are so much more than I hoped for. I told myself on the way, that I might not even get what I hoped for. All my kids only asked for Christmas pajamas this year. I thought if I got 3 \$20 gift cards to buy them, that would be great. But I told myself, people might not want to do that, that I could end up with something different, a board game, a football, a bead set. Remembering to be grateful, for what is, helps me to not be sad or disappointed, whatever happens. But this gift is so great. I can buy other small gifts for the kids, I can buy food for a Christmas dinner. I am so overwhelmed by the gifts we received. It is so beautiful that there are people that have abundance that want to give to others. My heart is so deeply touched, by their generosity. I am so grateful to them, for you and this program and for a Christmas season, when we don't have to worry about the electricity turning off, with gifts for the kids and something leftover for a Christmas dinner too. I will wait to receive word about the egift, maybe it will work in the grocery store?

Oh my gosh, I burst into tears when I got in the car and saw what was in the envelope. I don't know how to express my gratitude to you and everyone who contributed. This is my first time in 25 years being unemployed and our kids have been scared because they've always known me as a worker. (Not for lack of trying, I apply to multiple jobs every day.) They've cried because they're afraid of losing our house. This will give them a Christmas (and more). Thank you so much ❤️

God bless you, thank you so much for the gift cards. I truly wasn't expecting that. My kids will have gifts under the tree this year thanks to you!

This year has been especially tough on our family - to have been given a Break for the holidays has been a blessing & we hope you know that the work you're doing is so impactful & appreciated! Thank you!

2025 STATS AT A GLANCE

64 FAMILIES (28 REPEAT FAMILIES)

122 ADULTS, 161 KIDS
