Team Building at Trinidad Middle School

Trinidad Middle School 6th and 7th grade science students were having a blast today working on team building skills thanks to Project Power, a grant funded activity led by Patrick Walsh from the Trinidad Youth Club. Students from Mrs. Glorioso and Ms. Wilson's classes meet weekly to work on an array of skills!

THS Spooktacular a Huge Success!

On October 24th, THS sponsored a spooktacular event for the Trinidad community, parents, staff, and students. Participants of all ages enjoyed live music, games, pumpkin patch, food, and prizes! Ghosts and goblins walked the halls of THS participating in the amazing haunted house and great company. The rain did not stop everyone from having a specatcular time! A special THANK YOU to Dixie Webster-Davis and son Barron, Hilton Garden Inn, LaQuinta, and everyone who made this night such an amazing event for our families! TSD#1 Miner Pride was flowing throughout the hallways of THS.

Trinidad School District 1

Fisher's Peak Elementary Create a Pumpkin Patch for students.

Fisher's Peak Elementary staff were busy the morning of October 22 creating a beautiful pumpkin patch for their students! Over 400 pumpkins were placed with love for the students to be able to pick their very own pumpkin. Fisher's Peak Elementary School goes above and beyond for their students! Thank you to everyone who made this event special for the students of TSD#1!

Up Coming Events
