THANK YOU FROM THE ROTARY CLUB OF COATESVILLE

Rotary Club of Coatesville

Dear Dr. Zybarczuk and all of the School District

Thank you for your assistance with our Coats for the Cold Collection. With your help we were able to collect many coats to help keep the Coatesville community warm.

Your Friends in Rotary

THE LINK PROGRAM

LINK= LEADERSHIP INVOLVED NETWORKING KIDS

THE LINK PROGRAM

- LINK stands for Leaders Involved in Networking Kids. Founded in 1995, LINK is a peer-leadership organization dedicated to breaking down social barriers and fostering a culture of respect, tolerance, and empathy. Through our student-led retreats, LINK provides students with the "links" they need to form a massive support system of peers and faculty.

- The students were nominated by staff at both CASH and CAIHS for being kids “who consistently do the right thing”

- LINK incorporates various physical and discussion-based team building activities. The specific activities are not shared because they do not change. The goal is for students to attend without preconceived notions. Another goal is that the students attending "take a chance on themselves." They do not know who is going until they get on the bus either. When the kids return from LINK they do not share the activities because they want their friends, siblings, and teachers to have the same experience they had.

- 43 students and 7 faculty members got on a bus and were given little to no information about the program. LINK attendees are asked to put away their phones and step out of their comfort zone. Our Senior leaders (and for this inaugural trip a few juniors) led with great poise, confidence, and understanding. To say they did an amazing job is an understatement.

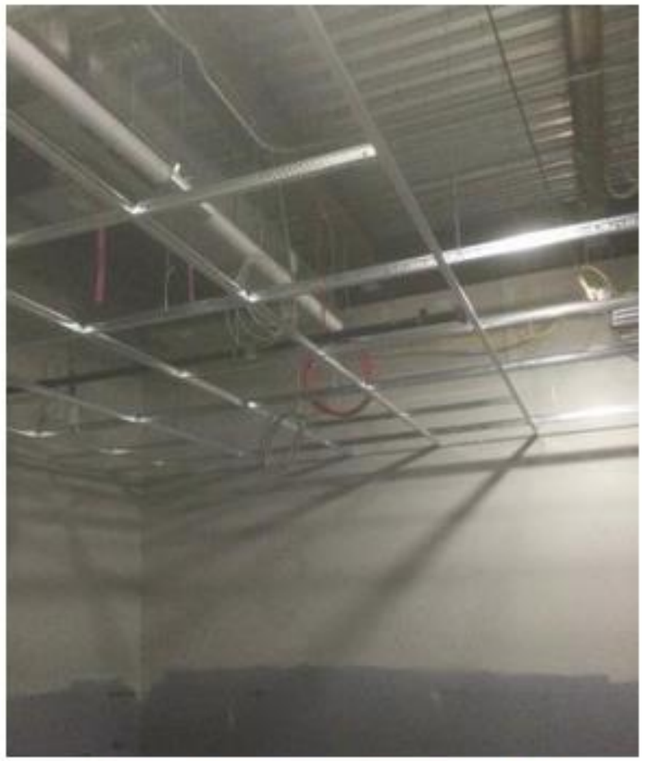

DOE RUN UPDATE

Exterior Stone Veneer Ongoing

Sub Roof Gymnasium Installation

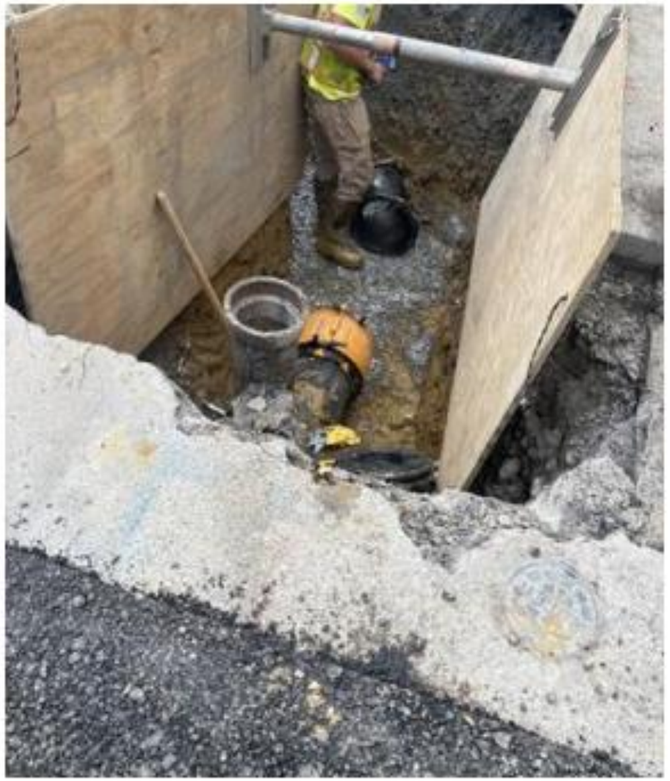

Ceiling Grid Ongoing A and B

DOE RUN UPDATE

Drywall Finishing Area D

Water Main Extension Started

Casework Area A and B

DOE RUN UPDATE

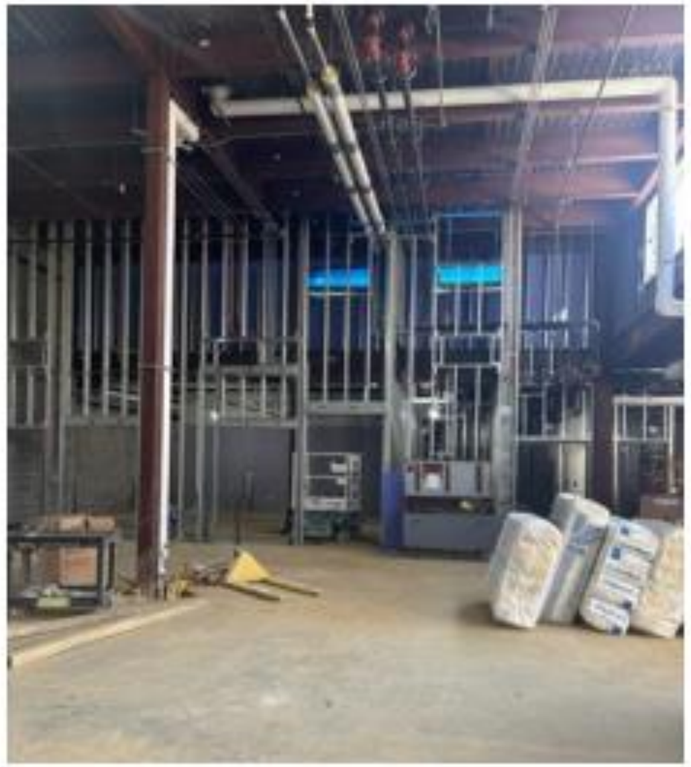

Main Entrance Stairs
