Building the Future for Student Success

NATIONAL ENGLISH HONOR SOCIETY

Congratulations to the 20 students who were inducted into the National English Honor Society (NEHS) – Coatesville Chapter. The National English Honor Society recognizes high school students for their outstanding achievements in English language arts while encouraging a continued passion for literacy, learning, and service. Through NEHS, students have opportunities to promote literacy, serve their school and community, and celebrate the power of language and literature.

KINGS HIGHWAY SOUND DETECTIVES

Our kindergarten students at King's Highway Elementary recently became sound detectives using technology for an under-the-sea learning experience!

Students carefully observed the sea creatures and objects they spotted, drew pictures of what they saw, and labeled their drawings.

This fun activity gave our young learners a chance to practice nouns and first-sound fluency while bringing together reading, writing, listening, and observation skills.

THE RAINBOW GARDEN CLUB

Students from kindergarten through 5th grade joined Dr. Chrisman for their first Garden Club meeting of the school year with some help from a great group of parent volunteers, students rolled up their sleeves and got to work weeding the Rainbow Elementary garden.

Students also used sticks, twine, colorful leaves, seed pods, and some of the garden's last blooming flowers to create their own fall flags.

THANK YOU

During National School Lunch Week, we took a moment to recognize some of the hardworking individuals who help make every school day a little brighter — our incredible CASD cafeteria staff!

The poster features a collage of photos of cafeteria staff in various kitchen settings. At the top left is the Coatesville Area School District logo, which includes a circular emblem with a tree, a building, and the text 'COATESVILLE AREA SCHOOL DISTRICT - 1877'. The title 'National School Lunch Week' is written in a large, white, curved font across the top, accompanied by a red apple icon. At the bottom, there is a red banner with white text that reads 'THANK YOU FOR MAKING A DIFFERENCE!'. To the right of the banner is a small illustration of a school lunch tray with a sandwich, fruit, and vegetables, and a small photo of students sitting at a table.

National School Lunch Week

DURING NATIONAL SCHOOL LUNCH WEEK, WE CELEBRATE OUR INCEDIBLE CAFETERIA STAFF WHO PREPARES NUTRITIOUS MEALS, CREATE WELCOMING SPACES, AND SHOW CARE FOR OUR STUDENTS EVERY DAY. YOUR HARD WORK HELPS KEEP OUR SCHOOLS RUNNING AND OUR STUDENTS READY TO LEARN, GROW, AND SUCCEED.

THANK YOU FOR MAKING A DIFFERENCE!

BUILDING SUCCESS

Members of the Coatesville Area School District met with board members from the Coatesville Community Education Foundation for a strategic planning meeting in the College & Career Center at Coatesville Area Senior High School.

The meeting provided an opportunity to come together, share ideas, and establish goals for the future as we continue working collaboratively to support our students, schools, and community.

SUPER SCIENCE SATURDAY

AT WEST CHESTER UNIVERSITY

Girls in grades 6–12 had the opportunity to visit West Chester University to take part in hands-on STEM activities, explore areas that interested them, and connect with women working and studying in the fields of science, technology, engineering, and math.

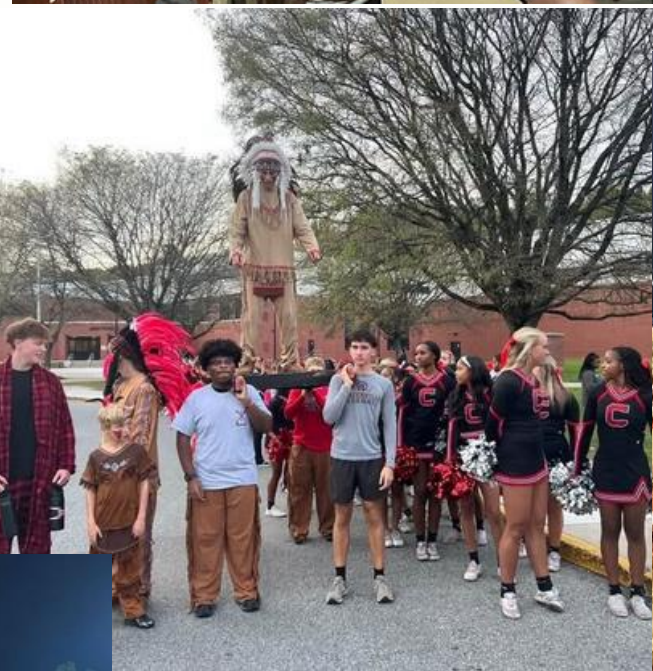

OCEAN ENERGY CONVERTERS (OEC)

Eighth-grade students at North Brandywine Middle School are putting their engineering skills to the test as they learn about designing Ocean Energy Converters (OECs) and exploring how alternative sources of energy can be harnessed. Students designed and built their own water turbines — and turned the challenge into a little friendly classroom competition!

FIRE PREVENTION WEEK

During Fire Prevention week, elementary students had the opportunity to meet firefighters, see what they look like in their full protective gear, learn when to call 9-1-1, and get an up-close look at the company's ambulance and fire trucks!

HISPANIC HERITAGE MONTH

Our Hispanic Heritage Month Community Celebration at CASH was filled with music, dance, and cultural pride as students showcased the rich traditions and heritage of our Hispanic and Latino communities!

The marketplace provided a wonderful opportunity for families and community members to connect, explore, and celebrate. Adding to the festivities, Los Mas Salvajes performed live, bringing music and energy to the event as attendees got up to dance and join in the celebration!

Thank you to all who organized, participated in, and attended this event.

This week, the Coatesville Area School District proudly joins schools and communities across the nation in celebrating Red Ribbon Week, a time dedicated to promoting healthy lifestyles, positive choices, and drug-free futures!

THANK YOU
