Fremont Boys Golf Team Tryouts 2025

We are anxiously awaiting the start of the 2025 boys golf season. Fremont High School has an amazing history of success in boys golf with three state championship titles, several former players who have played at the collegiate level, and two active PGA Tour players. Our goal is to win the state championship, and our mission is to develop the hardest working, most skilled, and best-mannered golfers at the high school level. While we strive to create opportunities for all those who are interested in playing for the Fremont Boys Golf Team, we specifically seek those who love the game, are self-motivated to improve, and play competitively outside of high school.

The criteria for selecting the team will be as follows:

- Performance – Score in relation to par during tryouts.

- Etiquette – Behavior on the golf course and with the other participants.

We anticipate a team of 14 players and believe this is the ideal team size to create the most competitive and manageable team. Eight players will be selected to play varsity in each tournament, with an additional four players selected to play junior varsity. Our goal is to have a team size that allows all players to compete in tournaments at the varsity or junior varsity level frequently. The primary metric used to select players for each tournament will be their performance. However, etiquette will also be an important metric used to select players. Poor etiquette (i.e. cheating, profanity, throwing or slamming clubs, complaining, and disrespecting teammates, playing partners, or coaches) will not be tolerated and will result in the loss of playing privileges and potential removal from the team.

As a coaching staff, we are working to create as many opportunities, advantages, and perks as possible for the team. This includes playing and practicing privileges with local golf courses, uniforms and gear, and establishing donations to help fund the team. We believe it is possible for the Fremont Boys Golf Team to be the best high school golf program in the state.

Below are more details about team tryouts. **Please email Head Coach Shane Hadley shhadley2@wsd.net if you have any questions or need more information.**
