Why does the District charge us to use facilities paid for with tax dollars?

By charging rental rates, the District recovers some cost associated with the use of the facilities for purposes other than their intended use. For more information, please see Board Policy GKD.

CISD Parking lots are open and accessible to the general public and are generally not implicated under Board Policy GKG. However, if the parking area is to be used for any of the following, the provisions of Board Policy GKD must be met including utilization of the rental process:

The use requires that the lot or a certain number of spaces be made available/reserved for use at a specific time

- Admission will be charged to enter the lot or a designated area in the lot
- Cash transactions will be conducted on the lot
- The District determines that supervision or monitoring of the activity is required
- The use of the lot requires the use of utility services such as water and/or power
- Use of the lot would require clean-up

The rental rate for parking lots is calculated at $1.25 per parking space per day.
