STUDENT – PARENT/GUARDIAN SECTION

This **MEDICAL HISTORY FORM** must be completed **annually** by parent/guardian and student in order for the student to participate in activities. These questions are designed to determine if the student has developed any condition which would make it hazardous to participate in an event. If, between this date and the beginning of participation, any illness or injury should occur that may limit this student's participation, I agree to notify the school authorities of such illness or injury.

Explain "Yes" answers on the notes section provided on page 2. Circle questions you don't know the answers to. Any "yes" answer to questions 1, 2, 3, 4, 5, or 6 requires further medical evaluation, which may include a physical examination. Written clearance from a physician, physician assistant, chiropractor, or nurse practitioner is required before any participation in UIL practices, games, or matches.
