

# Free & Reduced Meals Information

Year 2026-2027

**SCAN ME**

Scan the QR code or visit [www.myschoolapps.com](http://www.myschoolapps.com) to complete an application. Paper applications are available at each school campus or can be picked up at 1900 FM 2854, Conroe 77304. Only original applications will be accepted.

## Students approved for reduced meals will receive free breakfast and lunch

- Complete one application per household. Eligibility is based on income and family size, or whether the family has a SNAP or TANF number. Guidelines are found in the Free and Reduced Application.
- A new application must be submitted each year to determine eligibility, which has additional benefits in addition to healthy meals for school lunch.
- Because federal U.S. Department of Agriculture (USDA) guidelines mandate that eligibility belongs to a specific school district, a previous meal status does not transfer. In order for a student to qualify for free or reduced meals, a family must submit a new application to Conroe ISD to qualify.
- Applications can take up to 10 days to process. The student must be enrolled in order for the application to be processed.
- Parents will be notified if students are eligible for Free or Reduced Meals by email or by regular mail.
- Students who participated in the Free/Reduced program during the previous year in Conroe ISD can continue to eat in the same Free/Reduced status for the first 30 days of school. A new application must be received by **September 23**. When a new application is completed before the 30-day grace period ends, the new status overrides last year's status.
- Foster children are eligible to receive free meals. The student may receive free meals upon receipt of documentation from the registrar or upon request. Please contact our office with student information for faster processing and approval.
- You, your children, or other household members do not have to be U.S. citizens to apply.

All student financial information is kept confidential in the Office of Child Nutrition.
